Dpofirs Portable Mushroom Speaker User Manual

MODEL: ZUNATEEYQZKFRG8V

Your guide to setting up and using your Dpofirs Portable Mushroom Speaker.

1. Introduction

Thank you for choosing the Dpofirs Portable Mushroom Speaker. This compact and versatile speaker is designed to provide clear audio and convenient hands-free calling. Its unique mushroom design includes a suction cup base for easy placement on various surfaces, including your mobile phone. Please read this manual carefully to ensure proper use and maintenance of your device.

2. Package Contents

Please verify that all items are present in your package:

- 1 x Dpofirs Portable Mushroom Speaker
- 1 x USB Charging Cable
- 1 x Instruction Manual (this document)

Mobile phone holder

The bottom suction cup can be attached to the mobile phone or the desktop, release your hands to watch the mobile phone.

Figure 3.3: The suction cup base allows the speaker to function as a mobile phone holder.

3 hours of continuous music playback and 12 hours of standby.

Figure 3.4: The speaker offers up to 3 hours of continuous music playback.

4. Setup

4.1 Charging the Speaker

1. Connect the provided USB charging cable to the charging port on the speaker.
2. Connect the other end of the USB cable to a standard USB power adapter (5V) or a computer's USB port.
3. The charging indicator light (if present, refer to device for specific indicator behavior) will illuminate during charging and turn off or change color when fully charged.
4. A full charge typically takes approximately 1-2 hours.

4.2 Powering On/Off

- **To Power On:** Press and hold the power button (refer to speaker for button location) for a few seconds until you hear an audible prompt or see an indicator light.
- **To Power Off:** Press and hold the power button again for a few seconds until you hear an audible prompt or the indicator light turns off.

4.3 Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (it may automatically enter pairing mode when first turned on, indicated by a flashing LED).
2. On your mobile device (smartphone, tablet, computer), enable Bluetooth.
3. Search for available Bluetooth devices. The speaker should appear as "Dpofirs Speaker" or a similar name.
4. Select the speaker from the list to initiate pairing.
5. Once paired, you will hear a confirmation tone, and the LED indicator will typically stop flashing and remain solid.
6. The speaker will automatically connect to the last paired device when powered on, if the device's Bluetooth is active and within range.

5. Operating Instructions

5.1 Playing Audio

- After successful Bluetooth pairing, open your preferred music or audio application on your connected device.
- Audio will automatically stream through the Dpofirs Portable Mushroom Speaker.
- Volume control is primarily managed through your connected device. The speaker itself may have basic volume controls (refer to physical buttons on the device).

5.2 Hands-Free Calling

- When a call comes in while connected via Bluetooth, the speaker will typically ring.
- **To Answer a Call:** Press the multi-function button (often the power button, refer to device for specific button functions) once.
- **To End a Call:** Press the multi-function button once again.
- **To Reject a Call:** Press and hold the multi-function button for approximately 2 seconds.
- The built-in microphone allows for clear communication during calls.

Figure 5.1: Utilize the speaker for convenient hands-free calls.

5.3 Using the Suction Cup Base

- The silicone suction cup at the base of the speaker allows it to adhere to smooth, flat surfaces.
- Ensure the surface is clean and dry for optimal suction.
- Press the speaker firmly onto the desired surface (e.g., back of a smartphone, desk, tile wall) until it creates a seal.
- To remove, gently lift the edge of the suction cup to break the seal.

6. Maintenance

- **Cleaning:** Wipe the speaker with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners or solvents.
- **Water Exposure:** This speaker is **NOT waterproof**. Avoid exposing it to water, rain, or excessive moisture.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in use for extended periods.

7. Troubleshooting

Problem	Possible Cause	Solution
Speaker does not power on.	Battery is depleted.	Charge the speaker using the provided USB cable.
Cannot pair with Bluetooth device.	Bluetooth is not enabled on your device; speaker is not in pairing mode; device is out of range.	Ensure Bluetooth is on your device. Power cycle the speaker to enter pairing mode. Move device closer to the speaker (within 30ft/10m).
No sound or low volume.	Volume on speaker or connected device is too low; speaker is not connected.	Increase volume on both the speaker and your connected device. Re-establish Bluetooth connection.
Call quality is poor.	Microphone is obstructed; speaker is too far from user; environmental noise.	Ensure microphone is clear. Speak closer to the speaker. Reduce background noise.
Suction cup does not stick.	Surface is not clean, dry, or smooth; suction cup is dirty.	Clean the surface and the suction cup. Ensure the surface is smooth and dry.
