DAFDAG The Moon Palace Chinese Architecture Micro Building Blocks Set with LED Lights - Instruction Manual

Model: 8066

INTRODUCTION

This instruction manual provides detailed guidance for assembling and enjoying your DAFDAG The Moon Palace Chinese Architecture Micro Building Blocks Set. This intricate model kit features 4574 micro-sized pieces, allowing you to construct a beautiful Chinese architectural scene with a cherry blossom tree and LED lights. Designed for enthusiasts aged 14 and up, this set offers a challenging yet rewarding building experience, culminating in a visually appealing display piece.

SAFETY INFORMATION

WARNING: Not suitable for children under 3 years of age. This product contains small parts which may present a choking hazard if accidentally ingested. Adult supervision is recommended during assembly, especially for younger builders.

WHAT'S IN THE BOX

- 4574 Micro Building Blocks (sorted into numbered bags)
- Instruction Manual
- LED Light Kit
- Block Separator Tool (may be included as an accessory)

SETUP AND ASSEMBLY

Assembly of The Moon Palace Micro Building Blocks Set requires patience and attention to detail. Follow the step-by-step instructions provided in the included manual. It is recommended to sort pieces by color and shape before beginning each step to streamline the building process.

General Assembly Tips:

- **Organize Pieces:** Before starting, open only the bags corresponding to the current step in the manual. Spread the pieces on a clean, flat surface.
- **Follow Instructions Carefully:** Each step in the manual provides visual guidance. Pay close attention to the orientation and placement of each micro block.
- **Use the Separator Tool:** If a block is placed incorrectly or is difficult to remove, use the provided block separator tool to prevent damage to the pieces or your fingers.
- **Connecting Pieces:** Due to the small size of micro blocks, some connections may require gentle but firm pressure. Ensure pieces are fully seated.
- **Fragile Sections:** Certain elements, such as the cherry blossom tree branches or waterfall structures, may be delicate during assembly. Handle with care.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust from the assembled model. Avoid using water or chemical cleaners, as these may damage the blocks or the LED components.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic blocks. If disassembling for storage, keep all pieces organized to facilitate future reassembly.
- **Handling:** Handle the assembled model with care, especially delicate parts like the tree branches or small decorative elements, to prevent accidental breakage.

TROUBLESHOOTING

- **Missing Pieces:** If you find any missing pieces, please contact DAFDAG customer support with details of the missing parts and your purchase information.
- **Difficulty Connecting Blocks:** Ensure that the blocks are correctly aligned and apply firm, even pressure. If a block is particularly stubborn, try wiggling it gently while applying pressure. The block separator tool can assist with misaligned pieces.
- **Model Instability:** Double-check all connections in the affected area. Ensure that all blocks are fully pressed

together according to the instructions. Pay special attention to base connections and structural supports.

- **LED Lights Not Working:** Verify that the power cord is securely plugged into both the model and a power source. Ensure the switch on the power unit is in the "ON" position. If issues persist, contact customer support.
