VIZONY Q8

VIZONY Q8 Smart Projector User Manual

Model: Q8
Brand: VIZONY

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the VIZONY Q8 Smart Projector. This projector is designed to provide a superior cinematic experience with advanced features such as 4K support, 800ANSI brightness, and a native 1080P resolution. It integrates smart Android TV functionality, offering access to over 8000 applications, including popular streaming services like Netflix and Prime Video.

Key features include innovative auto focus and auto keystone correction for quick setup, WiFi 6 and Bluetooth 5.2 for stable connectivity, and the ability to read Office/PDF files directly via USB. This manual will guide you through the setup, operation, and maintenance of your new projector.

2. WHAT'S IN THE BOX

Upon unboxing your VIZONY Q8 Smart Projector, please ensure all the following items are present:

- 1x VIZONY Q8 FHD 1080P Smart WiFi Bluetooth Projector
- 1x Remote Control (battery not included)
- 1x HDMI Cable
- 1x Power Cable
- 1x AV Signal Cable

If any items are missing or damaged, please contact VIZONY customer support immediately.

3. SETUP GUIDE

3.1 Placement

Place the projector on a stable, flat surface. Ensure there is adequate ventilation around the unit. The projector can display an image size from 40 inches up to 350 inches diagonally, allowing flexibility for various room sizes and viewing distances. For optimal viewing, position the projector directly in front of your screen or wall.

3.2 Power Connection

1. Connect the power cable to the projector's power input port.
2. Plug the other end of the power cable into a standard electrical outlet.

3. Press the power button on the projector or the remote control to turn on the device.

3.3 Initial Image Adjustment (Auto Focus & Keystone)

The VIZONY Q8 features innovative auto focus and auto keystone correction. Upon powering on or moving the projector, it will automatically adjust the image for clarity and a rectangular shape within approximately 3 seconds. This eliminates the need for manual adjustments.

Figure 3: Automatic focus adjustment for a clear image.

For fine-tuning or specific scenarios, manual 4P4D keystone correction is available to adjust the image horizontally and vertically. The projector also supports 50% digital zoom, allowing you to adjust the screen size from 50% to 100% without physically moving the projector.

4. OPERATING INSTRUCTIONS

4.1 Navigating the Android TV Interface

The VIZONY Q8 runs on an Android TV operating system, providing a user-friendly interface. Use the remote control to navigate through menus, select applications, and adjust settings. The home screen provides quick access to installed apps and recommended content.

4.2 Connecting External Devices

The projector offers multiple connectivity options:

- **HDMI (x2):** Connect laptops, gaming consoles (Switch, PS4/5, X-box), TV sticks, or Blu-ray players.
- **USB (x2):** Connect USB flash drives for media playback or direct Office/PDF file presentations.
- **AV:** Connect older devices using the provided AV signal cable.
- **Audio Out:** Connect external speakers or headphones.

Figure 5: Overview of available input and output ports.

4.3 Wireless Connectivity (WiFi 6 & Bluetooth 5.2)

The projector supports the latest WiFi 6 technology for faster and more stable streaming, as well as Bluetooth 5.2 for connecting wireless audio devices.

1. **WiFi:** Go to 'Settings' > 'Network' > 'WiFi' to connect to your wireless network.
2. **Bluetooth:** Go to 'Settings' > 'Bluetooth' to pair with Bluetooth speakers or headphones. The built-in 15W Hi-Fi stereo speakers provide a balanced audio experience.

5G+2.4G Dual Band WiFi & 15W Dual Stereo HiFi Speaker

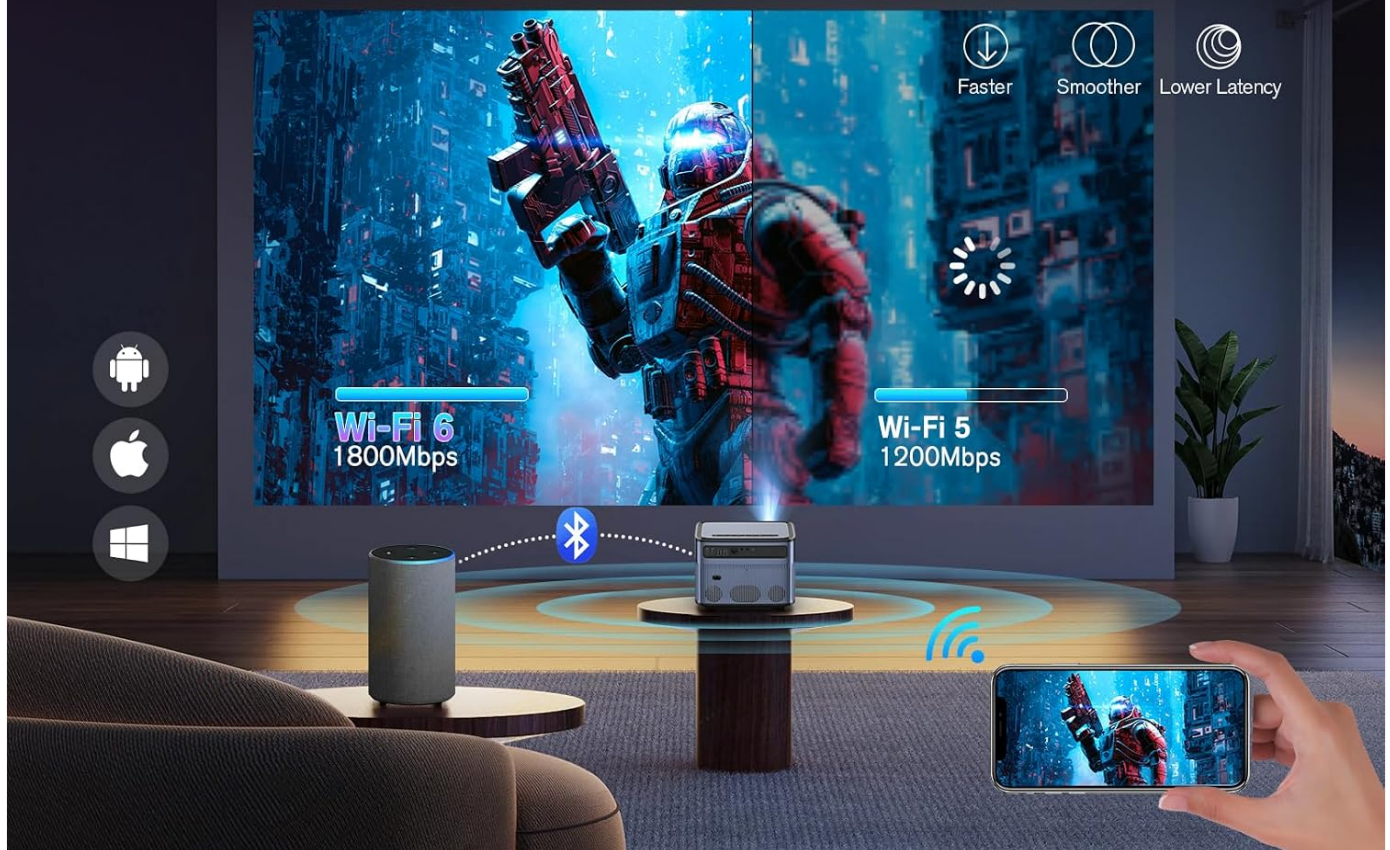

Figure 6: High-speed WiFi 6 and Bluetooth 5.2 for seamless connectivity.

4.4 Direct Office/PDF File Playback

The VIZONY Q8 allows you to directly open and present Excel, Word, PPT, and PDF files from a USB flash drive, eliminating the need for a laptop or PC connection for basic presentations.

Figure 7: Business presentations directly from a USB drive.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your VIZONY Q8 projector.

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the projector. For the lens, use a specialized lens cleaning cloth and solution. Avoid abrasive cleaners.
- **Dust Prevention:** The projector is equipped with a sealed optical engine to effectively reduce dust accumulation and prevent black spots on the image.
- **Ventilation:** Ensure the ventilation vents are clear and not obstructed to prevent overheating. The projector operates with low noise (less than 28dB).
- **Lamp Life:** The LED lamp has an impressive life of 100,000 hours, significantly longer than traditional lamps.

6. TROUBLESHOOTING

If you encounter issues with your VIZONY Q8 projector, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No image displayed	Power not connected, input source incorrect, lens cap on.	Check power cable, select correct input (HDMI/USB/AV), remove lens cap.
Image is blurry	Out of focus, projector moved.	Allow auto focus to engage (approx. 3 seconds), or manually adjust focus if needed.

Problem	Possible Cause	Solution
Image is trapezoidal	Projector not perpendicular to screen.	Allow auto keystone to engage, or use manual 4P4D keystone correction in settings.
No sound	Volume too low, external audio device not connected/paired, audio format not supported.	Increase volume, check Bluetooth connection or audio cable, ensure audio format is compatible.
Cannot connect to WiFi/Bluetooth	Incorrect password, device out of range, interference.	Verify password, move projector closer to router/device, reduce interference.

For further assistance, please refer to the contact information in the Warranty and Support section.
