SETUP & ASSEMBLY

Follow these steps for proper assembly. It is recommended to assemble the furniture on a soft, clean surface to prevent scratches.

1. Unpack all components and lay them out. Identify each part according to the parts list.
2. Begin assembling each furniture piece (sofa, chairs, ottomans, table) by loosely attaching all screws. Do not fully tighten any screws until all holes are aligned and all components are in place.
3. Once all parts are aligned and screws are inserted, gradually tighten all screws evenly. Avoid overtightening.
4. Place the tempered glass top onto the coffee table.
5. For cushions, tap them gently and allow 48 to 72 hours for them to fully rebound to their intended thickness.

MAINTENANCE & CARE

Proper care will extend the life and appearance of your patio furniture set.

- **Wicker Rattan:** Wipe the wicker frames with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Cushions:** The cushions are made with water-resistant fabric. For spills, wipe immediately with a damp cloth. The covers are removable for easier cleaning. Air dry cushions completely before storing or replacing.
- **Glass Table Top:** Clean the tempered glass with a standard glass cleaner and a soft cloth.
- **General:** Store cushions indoors during heavy rain or off-season to prolong their lifespan. Consider using a furniture cover for the entire set when not in use for extended periods.

TROUBLESHOOTING

If you encounter any issues with your ovios patio furniture set, please refer to the following common solutions:

- **Wobbly Furniture:** Check all bolts and screws to ensure they are fully tightened. If the issue persists, loosen all screws slightly, adjust the furniture on a level surface, and then re-tighten.
- **Cushions Not Fully Expanded:** Allow up to 72 hours for cushions to fully expand after unpacking. Gently tap and fluff them to aid in expansion.
- **Scratches on Glass Table:** Minor scratches can sometimes be buffed out with specialized glass polishing compounds. For deeper scratches, consider replacing the glass top.
- **Fading Wicker/Cushions:** While designed for all-weather use, prolonged exposure to direct sunlight can still cause

some fading over many years. Using a furniture cover when not in use can help minimize this.
