Letaya Metal Garage Storage Cabinet with Drawer, 4 Door Tool Cabinet with Lock - L1 User Manual

Model: L1 | Brand: Letaya

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Letaya Metal Garage Storage Cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

For your safety and to prevent damage to the product, please observe the following:

- Always follow assembly instructions carefully.
- Do not exceed the maximum weight capacity of 180 lbs per shelf.
- Ensure the cabinet is level and stable before use.
- Use appropriate safety gear when assembling.
- Keep small parts away from children during assembly.
- Avoid placing heavy items on the top of the cabinet without proper securing.

PARTS LIST

Before assembly, verify all components are present. Refer to the assembly video for visual identification of parts.

- Side Panels (A, B, C, D)
- Doors (E, F, G, H)
- Back Panels (I, J)
- Drawer Components (K, L, M, N, O, P, Q, R, S, T, W, X)
- Adjustable Shelves (2 included)
- Locking Mechanism & Keys (Multiple sets)
- Adjustable Feet (4 included)
- Fasteners (Screws, nuts, etc.)
- Assembly Tool (Screwdriver)

Step-by-Step Assembly Guide

- Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list to ensure everything is present and undamaged.
- Assemble Base Frame:** Connect the bottom panels (C and D) using the provided fasteners (Yx4, Zx4). Ensure they are securely joined.
- Attach Side Panels:** Securely attach the side panels (A and B) to the assembled base using fasteners (AAx4).
- Install Horizontal Supports:** Insert the horizontal support bars (Mx1, Nx1, Ox1) into their designated slots and secure them with fasteners (AAx8).
- Install Back Panels:** Slide the back panels (Ix1, Jx1) into the grooves on the side panels and secure them.
- Assemble Drawer Slides:** Attach the drawer slides (Wx1, Xx1) to the interior of the cabinet frame using the appropriate fasteners. Ensure they are level and move smoothly.
- Assemble Drawer:** Construct the drawer (Kx1, Lx2) by attaching the front, back, and side panels. Insert the assembled drawer into the slides.
- Install Adjustable Shelves:** Place the adjustable shelves (Lx2) onto the desired height using the shelf pins (ACx4). The shelves can be repositioned as needed.
- Attach Doors:** Mount the doors (Ex1, Fx1, Gx1, Hx1) to the cabinet frame using the hinges. Ensure they open and close smoothly.
- Install Magnetic Catches and Locks:** Attach the magnetic door catches (ADx8) and ensure the locking mechanisms are functional.
- Attach Adjustable Feet:** Screw the adjustable feet (AGx4) into the bottom corners of the cabinet. Adjust them to level the cabinet on uneven surfaces.

OPERATING INSTRUCTIONS

Doors and Locks

The cabinet features four doors, each equipped with a magnetic catch for secure closure and an independent lock for added security. Use the provided keys to lock and unlock each door. The central drawer also has a lock.

Image: Detailed view of the cabinet's magnetic door closure, smooth ball-bearing drawer slides, full extension drawer, and independent locking mechanisms.

Adjustable Shelves

The cabinet includes two adjustable shelves. To adjust a shelf, remove all items from the shelf, lift the shelf, and reposition the shelf pins to the desired height. Ensure all four pins are securely inserted before placing items back on the shelf.

Image: Illustration demonstrating the adjustable and removable shelves, highlighting their 180 lbs load capacity.

Drawer Operation

The central drawer features full extension quiet slides for smooth operation. Pull the drawer gently to open and push to close. Ensure the drawer is fully closed before locking.

Image: A detailed view of the cabinet's small tool storage drawer, emphasizing its full extension and quiet slide mechanism.

MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a damp cloth. Avoid abrasive cleaners that may damage the powder-coated finish.
- **Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Tighten any loose screws as needed.
- **Lubrication:** If drawer slides become stiff, apply a small amount of silicone lubricant to the tracks.
- **Rust Prevention:** The cabinet is moisture-proof and corrosion-resistant, but avoid prolonged exposure to excessive moisture to maintain its finish.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Doors do not close properly.	Cabinet is not level; hinges are loose; magnetic catches are misaligned.	Adjust the leveling feet to ensure the cabinet is stable. Tighten hinge screws. Realign magnetic catches.
Drawer is difficult to open or close.	Drawer slides are dirty or dry; drawer is overloaded; items are obstructing the slide.	Clean and lubricate drawer slides. Reduce drawer load. Remove any obstructions.
Cabinet feels unstable.	Adjustable feet are not properly set; fasteners are loose.	Adjust the feet to ensure all four corners are firmly on the ground and the cabinet is level. Tighten all assembly screws.

SPECIFICATIONS

Brand	Letaya
