### SAFETY INFORMATION

---

Please read and understand all safety instructions before using the device.

- This product has a corded electric power source and should be kept out of reach of children.
- Excessive use of this product may expose you to noise levels that may be harmful to your hearing.

### SETUP

---

Follow these steps to set up your ANJANK Sound Machine Alarm Clock:

1. Connect the device to a power source using the provided cord.
2. Set up the alarm clock with your desired time and wake-up sound. Refer to the "Alarm Clock" section for detailed instructions.
3. Choose from 21 white noise, fan, or nature sounds and adjust the volume to your preference. See the "Sound

Machine" section for more details.

4. Connect your mobile device to the sound machine via Bluetooth to play your favorite relaxing music. Instructions are in the "Bluetooth Speaker" section.
5. Adjust the night light's brightness and color to create a soothing ambiance. Refer to the "Night Light" section.

## MAINTENANCE

To ensure the longevity and proper functioning of your ANJANK Sound Machine Alarm Clock, follow these maintenance guidelines:

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use liquid cleaners or aerosol sprays.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the device or subjecting it to strong impacts.
- **Power Cord:** Regularly inspect the power cord for any damage. If damaged, discontinue use and contact customer support.

## TROUBLESHOOTING

If you encounter issues with your device, refer to the following common problems and solutions:

| Problem                   | Possible Cause / Solution   |
|---------------------------|---|
| Device does not power on. | Ensure the power cord is securely plugged into both the device and a working electrical outlet. Check if the outlet is functional.                                |
| No sound from speaker.    | Check the volume level. Ensure Bluetooth is properly connected if playing from an external device. If using built-in sounds, verify a sound is selected.          |
| Bluetooth pairing fails.  | Ensure the device is in pairing mode. Turn off and on Bluetooth on your mobile device. Move closer to the sound machine. Disconnect from other Bluetooth devices. |

| Problem                    | Possible Cause / Solution  |
|----------------------------|--|
| Alarm does not sound.      | Verify the alarm time is set correctly and the alarm is activated. Check the alarm volume level. |
| Display is too dim or off. | Adjust the display dimmer control. Ensure it's not set to 0%.                                    |

If the problem persists after trying these solutions, please contact ANJANK customer support.
