1Zpresso X-Ultra-Space Gray

1Zpresso X-Ultra Manual Coffee Grinder User Manual

Model: X-Ultra-Space Gray | Brand: 1Zpresso

Introduction

The 1Zpresso X-Ultra Manual Coffee Grinder is designed for precision and efficiency, offering a superior grinding experience for various brewing methods. Its robust construction and innovative external adjustment mechanism ensure consistent results and ease of use. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your grinder to help you achieve the best possible coffee experience.

Figure 1: 1Zpresso X-Ultra Manual Coffee Grinder and included accessories (carrying case, cleaning brush, air blower, anti-slip rubber band).

Setup

Upon unboxing your 1Zpresso X-Ultra grinder, ensure all components are present: the grinder body, handle, magnetic catch cup, cleaning brush, and air blower. The grinder comes pre-assembled, but understanding its parts is crucial for operation and maintenance.

Component Overview

- **Grinder Body:** Contains the burr set and adjustment mechanism.
- **Handle:** Attaches to the top shaft for manual grinding.
- **Magnetic Catch Cup:** Attaches to the bottom of the grinder body to collect ground coffee.
- **Cleaning Brush & Air Blower:** Tools for routine maintenance.

Figure 3: The magnetic catch cup easily detaches for quick access to ground coffee.

Operating Instructions

1. Adjusting Grind Size

The X-Ultra features an innovative external adjustment design with 60 steps per rotation, allowing for precise control over your grind size. To adjust, simply rotate the numerical dial located at the top of the grinder. Finer settings are achieved by rotating clockwise, and coarser settings by rotating counter-clockwise.

Figure 4: Adjusting the external grind setting for desired fineness.

Figure 5: Recommended grind settings for various brewing methods, with 12.5 microns per click and up to 200 clicks available.

2. Loading Coffee Beans

Remove the handle and the top cap. Pour your desired amount of whole coffee beans into the hopper. The magnetic catch cup has a capacity of 25-30g. Replace the top cap and handle securely.

3. Grinding

Hold the grinder firmly with one hand and rotate the handle clockwise with the other. The heptagonal burr design ensures smooth and efficient grinding. Continue grinding until all beans have passed through the burrs and collected in the magnetic catch cup.

Figure 6: The foldable handle offers a compact design and an ergonomically designed knob for easy grip.

Maintenance

Regular cleaning is essential to maintain the performance and longevity of your 1Zpresso X-Ultra grinder. The grinder is designed for easy disassembly without tools.

Cleaning Procedure

1. **Disassembly:** Gently twist and pull the magnetic catch cup to remove it. The burr assembly can be easily removed by hand for thorough cleaning.
2. **Brush Cleaning:** Use the included cleaning brush to remove any residual coffee grounds from the burrs, shaft, and internal components.

3. **Air Blower:** Use the air blower to clear out fine particles from the hopper chamber and other hard-to-reach areas.
4. **Reassembly:** Reassemble the grinder by aligning the burr assembly and securing the magnetic catch cup. Ensure all parts are dry before reassembly.

Note: Do not wash the grinder with water, as this can damage the burrs and internal mechanisms. Use only the provided brush and air blower for cleaning.

Troubleshooting

Problem	Possible Cause	Solution
Inconsistent Grind	Incorrect grind setting; burrs need cleaning.	Adjust grind setting to a finer or coarser level. Clean the burrs thoroughly.
Difficulty Grinding	Grind setting too fine; burrs clogged.	Adjust to a coarser grind setting. Disassemble and clean the burrs.
Excessive Static	Dry environment; certain coffee types.	Lightly mist beans with water before grinding (Ross Droplet Technique). Use the anti-slip rubber band if provided.

Specifications

Brand: 1Zpresso

Model: X-Ultra-Space Gray

Color: Space Gray

Material: Stainless Steel

Item Weight: 1.32 Pounds (approximately 600g)

Product Dimensions: 6.7"L x 2"W x 7.2"H (173mm H x 52mm D)

Catch Cup Capacity: 25-30g

Grind Adjustment: External, 60 steps per rotation, 12.5 microns per click

Burr Type: Heptagonal Stainless Steel Burr
