MaxxPet Aluminum Foldable Car Dog Carrier Instruction Manual

Model: 88167

INTRODUCTION

Thank you for choosing the MaxxPet Aluminum Foldable Car Dog Carrier. This product is designed to provide a safe and comfortable travel environment for your pet in your vehicle. Its foldable design ensures easy storage, and the aluminum construction offers durability. Please read this manual carefully before assembly and use to ensure proper function and the safety of your pet.

SAFETY INSTRUCTIONS

Always prioritize your pet's safety. Adhere to the following guidelines:

- Ensure the carrier is correctly assembled and all locking mechanisms are secured before placing your pet inside.
- Place the carrier in a stable position within your vehicle, preferably in the trunk or cargo area, ensuring it does not shift during transit.
- Do not leave your pet unattended in the carrier for extended periods, especially in extreme temperatures.
- Regularly inspect the carrier for any damage or wear that could compromise its integrity or your pet's safety.
- Ensure adequate ventilation for your pet during travel.
- The carrier is designed for pet transport; do not use it for other purposes.

PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged:

- Aluminum frame panels (various sizes)
- Base plate
- Door panel with latch mechanism
- Connecting hardware (screws, bolts, nuts)
- Assembly instructions (separate document)

SETUP AND ASSEMBLY

The MaxxPet dog carrier features an innovative folding mechanism for quick setup. Follow these general steps for assembly. For detailed visual guidance, refer to the separate assembly instructions included with your product.

1. **Unfold the Base:** Lay the main base frame flat on a stable surface.
2. **Attach Side Panels:** Connect the side panels to the base, ensuring they are securely fastened with the provided hardware.
3. **Install Rear Panel:** Secure the rear panel, noting its trapezoidal shape designed to fit car trunks.
4. **Mount Top Panel:** Attach the top panel, ensuring all connections are tight.
5. **Attach Door:** Install the door panel, verifying that the latch mechanism operates smoothly and securely.
6. **Final Check:** Confirm all screws and connections are tightened. The carrier should be stable and rigid.

OPERATING INSTRUCTIONS

Using your MaxxPet dog carrier effectively for pet transport:

1. **Placement in Vehicle:** Position the carrier in the trunk or cargo area of your car. The trapezoidal shape is designed to fit most vehicle interiors, maximizing space.
2. **Securing the Carrier:** Ensure the carrier is stable and cannot slide or tip over during braking or turns. Use cargo straps if available in your vehicle.
3. **Pet Entry and Exit:** Open the door using the secure latch. Guide your pet gently into the carrier. Once inside, close and secure the door firmly.
4. **Comfort:** You may place a comfortable blanket or bed inside the carrier to make the journey more pleasant for your pet.
5. **Ventilation:** The carrier features ventilated sides to ensure adequate airflow for your pet during travel.

MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your dog carrier:

- **Cleaning:** The carrier's interior is designed to be easy to clean. Use a damp cloth and mild, pet-safe detergent to wipe down surfaces. Avoid abrasive cleaners.
- **Drying:** Ensure the carrier is completely dry before folding and storing it to prevent mold or mildew.
- **Inspection:** Periodically check all joints, latches, and panels for any signs of wear, damage, or loose components. Tighten any loose screws.
- **Storage:** When not in use, fold the carrier and store it in a dry, cool place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Carrier feels unstable after assembly.	Loose connections or incorrect panel alignment.	Review assembly steps. Ensure all screws and bolts are fully tightened. Check that panels are correctly seated.
Door latch is difficult to operate or does not secure.	Misalignment of the door or latch mechanism.	Check for any obstructions. Ensure the door is properly aligned within its frame. If bent, gently adjust or contact support.
Pet shows discomfort or anxiety in the carrier.	Lack of familiarity with the carrier or travel.	Introduce the carrier gradually. Place familiar items (toys, blankets) inside. Use positive reinforcement. Ensure the carrier size is appropriate for your pet.
