SHA CERLIN AK-YCSGQTY001-2

SHA CERLIN 14" Full Size Metal Platform Bed Frame User Manual

Model: AK-YCSGQTY001-2

1. PRODUCT OVERVIEW

The SHA CERLIN 14" Full Size Metal Platform Bed Frame combines elegant Victorian design with robust construction, offering a stylish and practical solution for your bedroom. This bed frame features a tall headboard, durable steel slats, and generous under-bed storage space, eliminating the need for a box spring.

2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Do not exceed the maximum weight capacity of 800 lbs.
- Be cautious of sharp edges and metal components during assembly and use.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not allow children to climb or play on the bed frame.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Headboard
- Footboard
- Bed Frame Side Rails
- Steel Slats
- Hardware Pack (bolts, washers, nuts, Allen wrench)
- Assembly Instructions

4. SETUP AND ASSEMBLY

Assembly is designed to be straightforward. All necessary tools and instructions are included in the package. It is recommended to assemble the bed frame with two people.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are finger-tight initially.
3. Insert the steel slats into the designated slots on the side rails. The slats are designed for a secure, noise-free fit.
4. Once all components are in place, fully tighten all bolts with the included Allen wrench. Do not overtighten.
5. Place your mattress directly onto the assembled slat system. No box spring is required.

5. OPERATING INSTRUCTIONS

The SHA CERLIN platform bed frame is designed for optimal comfort and stability.

- **Mattress Compatibility:** This frame is compatible with full-size mattresses ranging from 8 to 12 inches in height. The embedded design prevents mattress sliding.
- **Noise-Free Design:** EVA foam padding on the slats and U-shaped grooves absorb movement noise, ensuring a quiet sleep experience.
- **Under-Bed Storage:** With 12.4 inches of clearance from the ground, the frame offers ample space for storage bins and boxes, helping to maximize bedroom space.
- **Stability:** The H-shaped headboard and footboard, along with reinforced steel crossbars and sturdy legs, provide firm support and minimize shifting.

NOISE-FREE FOAM

...

Reduces friction and eliminates noise from the bed slats

U-SHAPED GROOVE

6. MAINTENANCE

To ensure the longevity and appearance of your bed frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry, soft cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which can damage the powder-coated finish.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten any loose hardware to maintain stability and prevent noise.
- **Relocation:** If moving the bed frame, disassemble it carefully to prevent damage to the structure or components.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven floor.	Ensure all bolts are securely tightened. Adjust the bed's position on the floor or use shims if the floor is uneven.
Squeaking noises from the bed frame.	Loose connections or friction between metal parts.	Check and tighten all bolts. Ensure the noise-reducing foam is correctly placed on the slats.
Mattress slides on the frame.	Incorrect mattress size or improper placement.	Verify that the mattress is a full size and fits snugly within the embedded frame design.

8. SPECIFICATIONS

Feature	Detail
Size	Full
Material	Metal (Alloy Steel, Powder Coated Finish)
Product Dimensions (L x W x H)	80"L x 57"W x 51"H
