Bivvclaz 3 Liter 101 oz Glass Pitcher User Manual

Model: BVH0005P3

INTRODUCTION

This manual provides essential information for the safe and effective use of your Bivvclaz 3 Liter 101 oz Glass Pitcher. Designed for versatility and durability, this pitcher is suitable for a wide range of beverages, both hot and cold.

Figure 1: Bivvclaz Glass Pitcher with fruit-infused water, showcasing its clear design and capacity.

SETUP AND FIRST USE

1. **Unpacking:** Carefully remove the pitcher and its lid from the packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the pitcher and lid thoroughly with warm soapy water. Rinse completely. The pitcher is dishwasher safe.
3. **Lid Assembly:** Ensure the silicone ring is properly seated around the stainless steel lid for a secure fit.

Figure 2: Preparing the pitcher for use, demonstrating the wide opening for adding ingredients.

OPERATING INSTRUCTIONS

Filling the Pitcher

The Bivvclaz pitcher is made from high borosilicate glass, allowing it to safely withstand temperatures from -4°F to 302°F (-20°C to 150°C). You can fill it with hot or cold liquids directly.

Figure 3: Demonstrating the pitcher's high and low temperature resistance for various beverages.

Using the Lid and Pour Spout

The premium 304 stainless steel lid features two distinct pour functions:

- **Strainer Function:** Align the lid's small perforated holes with the spout to strain out ice, fruit, or other solids while pouring.
- **Wide Mouth Pour:** Rotate the lid 180 degrees to align the larger opening with the spout for a wider, faster pour.
- **Sealing:** When not pouring, rotate the lid to close both openings for a secure seal.

User-friendly Design

Easy to hold and pour

- 1 Big Comfortable Handle
- 2 Thick Borosilicate Glass
- 3 Tight Lid That Doesn't Fall Off
- 4 Anti-drip Spout

MAINTENANCE AND CLEANING

Regular cleaning will ensure the longevity and hygiene of your Bivvclaz pitcher.

- **Dishwasher Safe:** Both the pitcher and the lid are safe for cleaning in a dishwasher.
- **Hand Washing:** The wide mouth opening allows for easy hand cleaning. Use a soft sponge or cloth with warm soapy water.
- **Lid Cleaning:** The silicone ring on the lid can be removed for thorough cleaning. **Caution:** The metal edges beneath the rubber seal can be sharp. Exercise extreme care when removing or reattaching the silicone ring.
- **Drying:** Allow all components to air dry completely before reassembling or storing to prevent water spots.

Wide Mouth

The wide mouth allows your hand to reach the bottom to clean easily

Figure 5: The wide mouth design facilitates easy hand cleaning of the pitcher's interior.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid leaks or does not seal properly.	Silicone ring is not properly seated or is damaged. Lid is not rotated to the closed position.	Ensure the silicone ring is firmly and evenly seated around the lid. Rotate the lid fully to the closed position when not pouring. If the ring is damaged, contact customer support for a replacement.
Difficulty cleaning the pitcher.	Residue buildup from certain beverages.	For stubborn stains, use a bottle brush or a mixture of warm water and baking soda. The wide mouth allows for hand access.

Problem	Possible Cause	Solution
Glass appears cloudy after washing.	Hard water deposits.	Rinse with a solution of water and white vinegar. Ensure thorough drying after washing.

SPECIFICATIONS
