LOVAPPY Double_Roses_Red

Eternal Flower in a Glass Dome: Preserved Rose Instruction Manual

Brand: LOVAPPY | **Model:** Double_Roses_Red

INTRODUCTION

This manual provides essential information for the care and display of your LOVAPPY Eternal Flower in a Glass Dome. This product features a real preserved rose, designed to maintain its beauty for an extended period without the need for water or sunlight. Please read these instructions carefully to ensure the longevity and pristine condition of your preserved rose.

The LOVAPPY Eternal Flower in a Glass Dome, showcasing a vibrant red preserved rose, presented alongside its elegant gift box. This item is designed for lasting beauty and requires minimal care.

PRODUCT FEATURES

The LOVAPPY Eternal Flower in a Glass Dome offers several unique characteristics:

- **Timeless Beauty:** Our Eternal Roses, known as "Preserved Roses," are a unique addition to your decor, preserved in a charming glass dome.
- **Iconic Design:** Each Eternal Rose is encased in a glass dome, reminiscent of the iconic "Beauty and the Beast Rose in Glass Dome."
- **Enduring Memories:** Create memories that will last a lifetime with this enduring symbol of love.
- **Symbol of Affection:** Express your everlasting affection with long-lasting roses, perfect for any occasion.
- **Unique Gift:** Explore the enchanting realm of Preserved Roses in a Glass Dome, a truly unique gift.

PRESERVED, ETERNAL BLOOMS:

Nature's Beauty That Lasts Over 3 Years

quality

Beautiful
gift box

This image highlights the key features of the preserved rose, including its authenticity as a real flower, the unique preservation technology, its longevity of over 3 years, premium quality, and presentation in a beautiful gift box.

SETUP AND DISPLAY

Your LOVAPPY Eternal Flower is ready for display directly out of its packaging. No assembly is required.

1. **Unboxing:** Carefully remove the glass dome and preserved rose from its protective packaging.
2. **Placement:** Choose a stable, flat surface for display. Ideal locations are away from direct sunlight, extreme temperatures, and high humidity.
3. **Environment:** Ensure the display area is free from dust and vibrations to maintain the rose's condition.

PERFECT GIFT for any occasion

Birthday

Wedding day

Anniversary

The preserved rose in its glass dome is suitable for display in various indoor environments, enhancing the aesthetic of any room. It is a versatile decorative item.

CARE AND MAINTENANCE

Preserved roses require minimal maintenance, but following these guidelines will ensure their beauty lasts for years:

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the rose's color to fade. Place it in a shaded or indirectly lit area.
- **Avoid Water:** Do not water the preserved rose. It does not require water and moisture can damage it.
- **Avoid High Humidity:** Keep the rose in a dry environment. High humidity can affect its texture and appearance.
- **Dusting:** Gently dust the glass dome with a soft, dry cloth. For the rose itself, use a soft brush or a gentle puff of air to remove any dust. Do not touch the petals directly.
- **Handle with Care:** The glass dome is fragile. Handle the product with care to prevent breakage.
- **Temperature:** Maintain a stable room temperature. Avoid extreme heat or cold.

MADE OF REAL FLOWERS

With unique preservation techniques that can last at least 1-3 years

not
a fake

non-
wilting

Real
flowers

Environmental
Friendly Chemicals

non
Toxic

Allergen-
free

This image illustrates that the preserved rose is a real flower treated with special techniques, making it non-wilting, non-toxic, and allergen-free, emphasizing its low maintenance nature.

TROUBLESHOOTING

If you encounter any issues with your preserved rose, refer to the following table:

Issue	Possible Cause	Solution
Rose color fading	Exposure to direct sunlight or strong artificial light.	Move the product to an area with indirect light or shade.
Petals appear damp or sticky	High humidity or exposure to moisture.	Move the product to a drier environment. Do not attempt to dry with heat.
Dust accumulation inside dome	Static electricity or environmental dust.	Gently wipe the exterior of the dome with a soft, dry cloth. For interior dust, carefully remove the dome (if designed to be removable) and use a soft brush or air blower, then replace.

Issue	Possible Cause	Solution
Glass dome appears cloudy	Fingerprints or residue.	Clean the glass dome with a soft, lint-free cloth. Avoid abrasive cleaners.
