ZINUS 3 Inch Swirl Gel Cooling Memory Foam Mattress Topper Twin - Instruction Manual

INTRODUCTION

Welcome to your ZINUS 3 Inch Swirl Gel Cooling Memory Foam Mattress Topper Twin. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new mattress topper. Designed for enhanced comfort and cooling, this topper features CertiPUR-US certified memory foam with cooling gel and Wave Dynamics technology for optimal airflow.

SETUP INSTRUCTIONS

1. Unboxing and Expansion

Your ZINUS mattress topper arrives conveniently compressed in our innovative WonderBox packaging. This compact design reduces carbon footprint and simplifies transport.

1. Carefully remove the topper from its WonderBox packaging.
2. Unroll the compressed topper onto a clean, flat surface, preferably on your bed frame.
3. Allow the topper to expand to its original shape. This process typically takes up to 72 hours, though it may expand faster. A new foam scent is normal and will dissipate within this period.

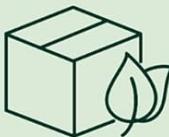

Original vs. New Box

Original big box

Innovative,
smaller box

Conveniently
packed & delivered
to your doorstep

Same quick &
easy delivery with
a smaller carbon
footprint

Incredible comfort,
dependable value

Incredible comfort,
even more
dependable value

2. Placement on Mattress

Once fully expanded, place the topper directly on top of your existing mattress. The wavy, egg-crate side can be placed facing up for enhanced airflow and pressure relief, or you may choose to place the flat side up for a different feel. The topper is designed to fit under any standard or deep pocket fitted sheet.

OPERATING AND FEATURES

The ZINUS Swirl Gel Cooling Memory Foam Mattress Topper is engineered to provide a comfortable and cool sleeping experience.

- **Cooling Gel Infusion:** The memory foam is swirled with specially formulated cooling gel to help regulate your body temperature throughout the night.
- **Wave Dynamics Technology:** The unique wavy surface design promotes airflow, dissipating excess heat and preventing heat buildup often associated with traditional memory foam.
- **Conforming Comfort:** The CertiPUR-US certified Green Tea Memory Foam gently conforms to your body, relieving pressure points and supporting natural spinal alignment for a restful sleep.

Dual Structure

MAINTENANCE

To ensure the longevity and hygiene of your mattress topper, follow these care instructions:

- **Spot Clean Only:** In case of spills or stains, spot clean the affected area using a mild detergent and a damp cloth. Do not machine wash or dry the topper.
- **Air Out:** Periodically remove your bedding and allow the topper to air out to maintain freshness and dissipate any residual odors.
- **Protect:** Use a mattress protector over the topper to shield it from spills, dust, and allergens, extending its lifespan.

TROUBLESHOOTING

Issue	Possible Cause	Solution
New Foam Scent	Common with new foam products.	Allow the topper to air out in a well-ventilated room for up to 72 hours. The scent is harmless and will dissipate.
Topper Not Fully Expanded	Insufficient time for expansion after unboxing.	Ensure the topper is unrolled on a flat surface and given the full 72 hours to expand. Room temperature can affect expansion time.
Feeling Too Warm	Body heat retention (less common with this cooling topper).	Ensure the wavy side is facing up to maximize airflow. Consider using breathable bedding materials.

SPECIFICATIONS

- **Brand:** Zinus
- **Model Name:** Swirl Gel Cooling
- **Model Number:** AZ-SWFT-300TN
- **Size:** Twin
- **Product Dimensions:** 74 x 38 x 3 inches
- **Item Weight:** 3.4 pounds
- **Material:** Memory Foam
- **Fabric Type:** Cooling Gel Swirled Memory Foam
- **Special Feature:** Cooling
- **Item Firmness Description:** Medium
- **Product Care Instructions:** Spot Clean Only
- **Certifications:** CertiPUR-US Certified
- **UPC:** 841550354324

Available in 4 plush profile
