

Sunjoy Churchill w/Power Port

Sunjoy Churchill 8x12 ft. Grill Gazebo with Power Port Instruction Manual

Model: Churchill w/Power Port | Brand: Sunjoy

1. INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Sunjoy Churchill 8x12 ft. Grill Gazebo. Please read this manual thoroughly before beginning assembly or use to ensure safe and correct installation and to maximize the lifespan of your product. Keep this manual for future reference.

2. SAFETY INFORMATION

Adherence to the following safety guidelines is crucial for preventing injury and damage to the product:

- Always assemble the gazebo on a stable, level surface.
- Secure the gazebo to the ground using the provided hardware to prevent it from tipping over in windy conditions.
- Exercise caution when using the ceiling hook. Do not hang heavy objects or allow children to play on the hook to avoid injury.
- Ensure all electrical connections to the power port are dry and protected from moisture.
- Keep flammable materials away from grilling equipment and the gazebo structure.

3. PRODUCT FEATURES

The Sunjoy Churchill Grill Gazebo is designed with several features to enhance your outdoor cooking experience:

- **Ideal Outdoor Cooking Space:** This gazebo provides an expanded area capable of accommodating two standard grills. Integrated shelves and hooks keep cooking essentials within easy reach.

- **Power Port Integration:** An exclusive power port includes two USB ports and two standard outlets, suitable for electric smokers, charging devices, or lighting. A built-in cord organizer helps maintain a tidy setup.

Figure 3.1: Detail of the power port, providing convenient electrical access for various devices.

- **Durable Construction:** The frame is crafted from premium cedar wood, treated with a protective finish for extended outdoor use. The black powder-coated steel roof offers robust protection against weather elements.

UNPARALLELED DURABILITY

Experience the epitome of durability with our premium cedar wood frame, meticulously coated with a protective finish for long-lasting usage that surpasses expectations.

Figure 3.2: Structural detail showing the cedar wood frame and steel components, designed for longevity.

- **Ample Shade and Weather Resistance:** The two-tier steel roof provides extensive coverage, shielding from sun and adverse weather. Its angled design facilitates efficient drainage of melted snow, and the structure is built to withstand strong winds and heavy snow.

AMPLE SHADE & STRENGTH

The black powder-coated 2-tier steel roof stands strong against the elements. Shield yourself from the scorching sun or unpredictable weather conditions with the generous roof coverage.

Figure 3.3: The two-tier roof design ensures ventilation and protection from UV rays and precipitation.

- **High-Efficiency Sun Protection:** The gazebo's roof is equipped with 99.9% UV protection, offering comprehensive safeguarding during outdoor activities.
- **Convenient Storage:** Integrated shelves and hooks provide practical storage for utensils, sauces, and grilling tools, streamlining your cooking process.

CONVENIENT STORAGE

With integrated shelves and hooks, you'll have everything you need within arm's reach. Store utensils, sauces, and grilling tools effortlessly, making your cooking process seamless and efficient.

Figure 3.4: Side shelves offer accessible storage for grilling accessories and beverages.

- **Ceiling Hook:** A built-in, sturdy ceiling hook is provided for suspending decorative items or lighting fixtures.

CEILING HOOK PROVIDED

Built-in high-quality and sturdy ceiling hook for easily suspending a favorite chandelier or other bits of décor.

5. SETUP AND ASSEMBLY

Assembly of the Sunjoy Churchill Grill Gazebo requires careful attention to detail and typically involves two to three people for efficient and safe construction. Please ensure you have all parts and tools before beginning.

5.1 Pre-Assembly Checklist

- Verify all components are present and undamaged by comparing them against the parts list in your separate assembly guide.
- Ensure you have the necessary tools, which typically include a ladder, wrench, and screwdriver.
- Select a stable, level surface for assembly and final placement.

5.2 Assembly Tips

- Follow the step-by-step instructions provided in the dedicated assembly manual.
- Do not fully tighten all bolts until the entire structure is loosely assembled, allowing for minor adjustments.
- For roof panel installation, having multiple people will significantly ease the process.
- Once assembled, securely anchor the gazebo to the ground using the provided hardware to prevent

movement due to wind.

6. OPERATION

6.1 Using the Power Port

The integrated power port provides convenient access to electricity for your outdoor cooking and entertainment needs. It features two standard electrical outlets and two USB ports.

- Ensure the power port is connected to a suitable outdoor-rated extension cord and power source.
- Always keep the power port cover closed when not in use and ensure connections are dry to prevent electrical hazards.
- Utilize the built-in cord organizer to manage cables neatly and prevent tripping hazards.

6.2 Utilizing Shelves and Hooks

The gazebo includes integrated shelves and hooks for practical storage.

- Place cooking utensils, spices, and other small items on the shelves for easy access during grilling.
- Use the hooks to hang grilling tools, towels, or other lightweight accessories.

6.3 Ceiling Hook Usage

A sturdy ceiling hook is provided for hanging decorative elements.

- The hook is designed for lightweight items such as outdoor chandeliers or hanging plants.
- Do not exceed the weight limit specified in the assembly guide (if provided) and avoid hanging heavy objects that could compromise the gazebo's structure or cause injury.

7. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your gazebo.

- **Cleaning:** Clean the steel roof and cedar wood frame periodically with mild soap and water. Rinse thoroughly and allow to air dry. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Fastener Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **Wood Care:** The cedar wood frame is treated, but occasional re-sealing or re-staining may be beneficial to protect against weathering and maintain its appearance, depending on your local climate.
- **Winter Preparation:** While the gazebo is designed to withstand snow, heavy accumulation should be cleared from the roof to prevent excessive stress on the structure.

8. TROUBLESHOOTING

If you encounter issues during assembly or use, consider the following:

- **Missing or Damaged Parts:** If you find any parts missing or damaged upon unboxing, refer to the contact information in the 'Warranty and Support' section to request replacements. Provide specific part numbers from your assembly guide.
- **Assembly Difficulties:** Review the assembly manual carefully. Ensure all steps are followed in sequence and that parts are oriented correctly. Sometimes, loosening previously tightened bolts can help align components.
- **Stability Issues:** Confirm the gazebo is on a level surface and all anchoring hardware is properly installed and secured to the ground.

9. WARRANTY AND SUPPORT

For warranty information, replacement parts, or customer support, please contact Sunjoy directly. Details regarding your product's warranty period and terms can typically be found on the product packaging or the official Sunjoy website. When contacting support, please have your model number (Churchill w/Power Port) and proof of purchase readily available.

Visit the official Sunjoy website for the most current support information: [Sunjoy Store](#)
