SAFETY INFORMATION

Please read all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Maximum Weight Recommendation:** Do not exceed a weight of 300 pounds (136 kg) on this chair.
- Ensure all screws and bolts are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep hands and fingers clear of moving parts during adjustment.
- Use the chair on a flat, stable surface.

SETUP AND ASSEMBLY

Your PayLessHere Home Office Chair comes with all necessary components for assembly. Please ensure all parts are present before beginning. Assembly typically takes 15-30 minutes.

Included Components:

- Office Chair (Backrest, Seat Cushion, Armrests, Gas Lift Cylinder, Base, Casters)
- Assembly Hardware (Screws, Allen Wrench)

Assembly Steps:

1. **Attach Casters to Base:** Insert each caster wheel into the holes at the end of each leg of the five-star base until they click securely into place.
2. **Insert Gas Lift Cylinder:** Place the larger end of the gas lift cylinder into the center hole of the five-star base.
3. **Attach Armrests to Seat Cushion:** Align the armrests with the pre-drilled holes on the underside of the seat cushion. Secure them using the provided screws and Allen wrench. Ensure the armrests are oriented correctly.
4. **Attach Backrest to Seat Cushion:** Align the backrest with the mounting plate on the rear of the seat cushion. Secure it using the provided screws.
5. **Place Assembled Top onto Gas Lift:** Carefully place the assembled seat and backrest onto the top of the gas lift cylinder, ensuring it is centered and stable. Apply gentle downward pressure to secure it.

Office Chair

For study, office and conference room

Cylinder Connector

Attaches to the base and cushion to control height changes

360 rotating wheels

360 degree rotation, flexible operation, quiet rolling

OPERATING INSTRUCTIONS

Your PayLessHere Home Office Chair offers several adjustable features to customize your seating experience for maximum comfort and ergonomic support.

1. Height Adjustment:

To adjust the seat height, locate the lever on the right side, beneath the seat. While seated, pull the lever up to lower the chair. To raise the chair, stand up and pull the lever up. Release the lever at your desired height.

2. 360-Degree Swivel:

The chair is designed with a 360-degree swivel function, allowing for easy rotation and movement around your workspace without needing to reposition the entire chair.

3. Lumbar Support:

The chair features built-in lumbar support designed to conform to the natural curvature of your spine, promoting proper posture and reducing back strain. While not explicitly adjustable in this model, its ergonomic design provides consistent support.

4. Reclining/Tension Control:

The chair offers a reclining function. Use the tension control knob located beneath the seat to adjust the resistance of the recline. Turn clockwise to increase tension (make it harder to recline) and counter-clockwise to decrease tension (make it easier to recline).

◆ Rotation Function

The entire chair can be rotated 360 , you can rotate the chair to relax when you are free .

◆ Height Adjustment

Adjusting the height controller to adjust the height to the height you need, convenient and practical

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your office chair.

Cleaning Instructions:

- **General Cleaning:** Wipe clean with a damp cloth. For stubborn spots, use a mild soap solution and then wipe with a clean, damp cloth.
- **Mesh Backrest:** Use a soft brush or vacuum cleaner with a brush attachment to remove dust and debris from the mesh.
- **Casters:** Periodically clean hair and debris from the caster wheels to ensure smooth rolling.

General Care:

- Avoid exposing the chair to direct sunlight or extreme temperatures, which can cause material degradation.
- Do not use abrasive cleaners or harsh chemicals, as these can damage the chair's finish and materials.
- Periodically check all screws and bolts and re-tighten them to ensure stability and safety.

TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift cylinder malfunction or lever not engaged.	Ensure the height adjustment lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement.
Chair squeaks when moving	Loose connections or friction between parts.	Tighten all assembly screws. Apply a small amount of silicone lubricant to moving parts or joints if necessary.
Casters do not roll smoothly	Debris caught in wheels or damaged casters.	Remove any hair or debris from the caster wheels. If damaged, casters can be replaced.
Chair feels wobbly	Loose assembly screws or uneven floor.	Ensure all screws are securely tightened. Move the chair to a level surface.
