

Mecity CM5200US-Tank

Mecity Water Reservoir for Espresso Machine CM5203AY-UL Instruction Manual

Model: CM5200US-Tank

INTRODUCTION

This manual provides essential instructions for the proper installation, operation, and maintenance of your Mecity Water Reservoir, model CM5200US-Tank. This reservoir is designed as a replacement part specifically for Mecity Espresso Machine model CM5203AY-UL. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

PRODUCT FEATURES

- **Compatibility:** Specifically designed to fit Mecity Espresso Machine model CM5203AY-UL.
- **Removable Design:** Features a removable tank for easy refilling and cleaning.
- **Durable Construction:** Made with clear, durable materials for visibility of water levels.
- **Color:** Black lid with clear tank.
- **Dimensions:** Approximately 6.6D x 12.2W x 25.9H Centimeters.

SETUP AND INSTALLATION

1. **Unpack:** Carefully remove the new water reservoir from its packaging. Inspect for any signs of damage.
2. **Prepare Espresso Machine:** Ensure your Mecity Espresso Machine (CM5203AY-UL) is turned off and unplugged from the power outlet.
3. **Remove Old Reservoir (if applicable):** If replacing an existing reservoir, gently lift it out of its designated slot on the espresso machine. Dispose of any remaining water.
4. **Install New Reservoir:** Align the new Mecity Water Reservoir with the reservoir slot on your espresso machine. Gently push it down until it is securely seated. Ensure there are no gaps and the reservoir feels stable.
5. **Initial Rinse:** Before first use, it is recommended to rinse the new reservoir with clean water. Fill it with water, then empty it.

OPERATING INSTRUCTIONS (FILLING)

1. **Remove Reservoir:** Gently lift the water reservoir from the espresso machine.
2. **Fill with Water:** Open the lid and fill the reservoir with fresh, cold, filtered water. Do not exceed the maximum fill line, if indicated.
3. **Replace Lid:** Securely close the lid on the reservoir.
4. **Reinstall Reservoir:** Carefully place the filled reservoir back into its slot on the espresso machine, ensuring it is properly seated.
5. **Check for Leaks:** After reinstallation, visually inspect around the base of the reservoir for any signs of water leakage.

MAINTENANCE AND CLEANING

Regular cleaning of the water reservoir is crucial for maintaining the quality of your espresso and the longevity of your machine.

- 1. Empty and Rinse Daily:** After each day of use, empty any remaining water from the reservoir and rinse it thoroughly with fresh water.
- 2. Weekly Cleaning:** At least once a week, wash the reservoir with warm, soapy water. Use a soft brush or sponge to clean the interior and exterior surfaces.
- 3. Rinse Thoroughly:** Rinse the reservoir multiple times with clean water to remove all soap residue.
- 4. Air Dry:** Allow the reservoir to air dry completely before reattaching it to the espresso machine or storing it.
- 5. Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the plastic and affect water quality.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Water Leakage	Reservoir not seated correctly. Damage to the reservoir or seals.	Remove and re-seat the reservoir firmly. Inspect the reservoir for cracks or damage. If damaged, replacement may be necessary.
Reservoir does not fit	Incorrect model. Obstruction in the machine's slot.	Verify that the reservoir model (CM5200US-Tank) is compatible with your espresso machine (CM5203AY-UL). Check the machine's slot for any debris or obstructions.

SPECIFICATIONS

Brand	Mecity
