

Lamshaw Stretch Elastics Nylon Adjustable Smartwatch Band

Lamshaw Smartwatch Band Instruction Manual

For LIGE BW327, BW00220A, and other compatible models (20mm/22mm)

INTRODUCTION

This manual provides essential information for the proper installation, use, and maintenance of your Lamshaw Stretch Elastics Nylon Adjustable Replacement Smartwatch Band. Please read these instructions carefully to ensure optimal performance and longevity of your product.

PRODUCT OVERVIEW

The Lamshaw smartwatch band is designed for comfort and durability, featuring a single-layer elastic nylon construction. It offers an adjustable fit and is compatible with various LIGE smartwatch models.

Key Features:

- **Single-Layer Elastic Nylon:** Constructed from ultra-supple nylon material, designed for durability and to prevent cracking often seen in double-layer designs.
- **Skin-Friendly Material:** The elastic band is breathable, lightweight, and designed to be comfortable against the skin, fitting snugly without constriction.
- **Adjustable Length:** Features a buckle for easy adjustment, ensuring a perfect fit for various wrist sizes.
- **Easy Installation:** Equipped with watch lugs on both ends for precise and secure attachment to your smartwatch.

COMPATIBILITY AND SIZING

Before purchasing or installing the band, it is crucial to accurately measure the lug width of your smartwatch. This product is available in 20mm and 22mm sizes.

Measuring Lug Width:

1. Locate the space between the lugs (the protrusions on the watch case where the band attaches).
2. Use a ruler or caliper to measure the exact distance in millimeters between these lugs.
3. Select the band size (20mm or 22mm) that matches your measurement.

SHOPPING GUIDELINE

Step 1: Accurately measure the distance between your watch lug and determine which band you'll need to purchase

Step 2: Determine whether our watch bands size fits you

Image: A diagram demonstrating the correct method to measure the lug width of a smartwatch.

Compatible LIGE Smartwatch Models:

This band is compatible with various LIGE smartwatch models. Please ensure your watch's lug width matches the band size.

- **For 22mm Lug Width:** LIGE BW327, LIGE C20 Pro, LIGE ST9, LIGE C21, LIGE ST6, LIGE AS1829, LIGE C22, LIGE ST5, LIGE G89 PRO, LIGE ST17, LIGE ST15, LIGE BW1329.
- **For 20mm Lug Width:** LIGE V30, LIGE ST8, LIGE I76, LIGE I22.

SETUP: INSTALLATION PROCEDURE

Follow these steps to correctly install your Lamshaw smartwatch band onto your LIGE smartwatch.

1. **Insert Pin:** Insert one end of the spring bar (pin) into the groove on one side of the watch lug.
2. **Angle for Insertion:** Ensure the watch and band are held at approximately a 140-degree angle to facilitate easier insertion.
3. **Compress Pin:** While gently pressing the spring bar inward, align the other end of the strap with the opposite lug

hole and release the pin to secure it.

4. **Verify Connection:** Lightly tug on the band to confirm that both ends are firmly connected and securely installed.

INSTALLATION PROCEDURE

1. Insert the pin into the groove on one side of the watch and insert it into the other side

2. Ensure that watches and bands remain at 140° angle

3. While pressing the pins inward, insert the other end of the strap into place

4. Swing two bands to make sure they're firmly connected and the bands are successfully installed

OPERATING: ADJUSTING THE BAND

The Lamshaw elastic band features an adjustable buckle for a customized and comfortable fit.

1. **Loosen Buckle:** Gently slide the buckle to loosen the band.
2. **Adjust Length:** Pull the elastic strap through the buckle to achieve your desired length.
3. **Tighten Buckle:** Slide the buckle back to secure the strap in place. Ensure it is snug but not overly tight to maintain comfort and proper blood circulation.

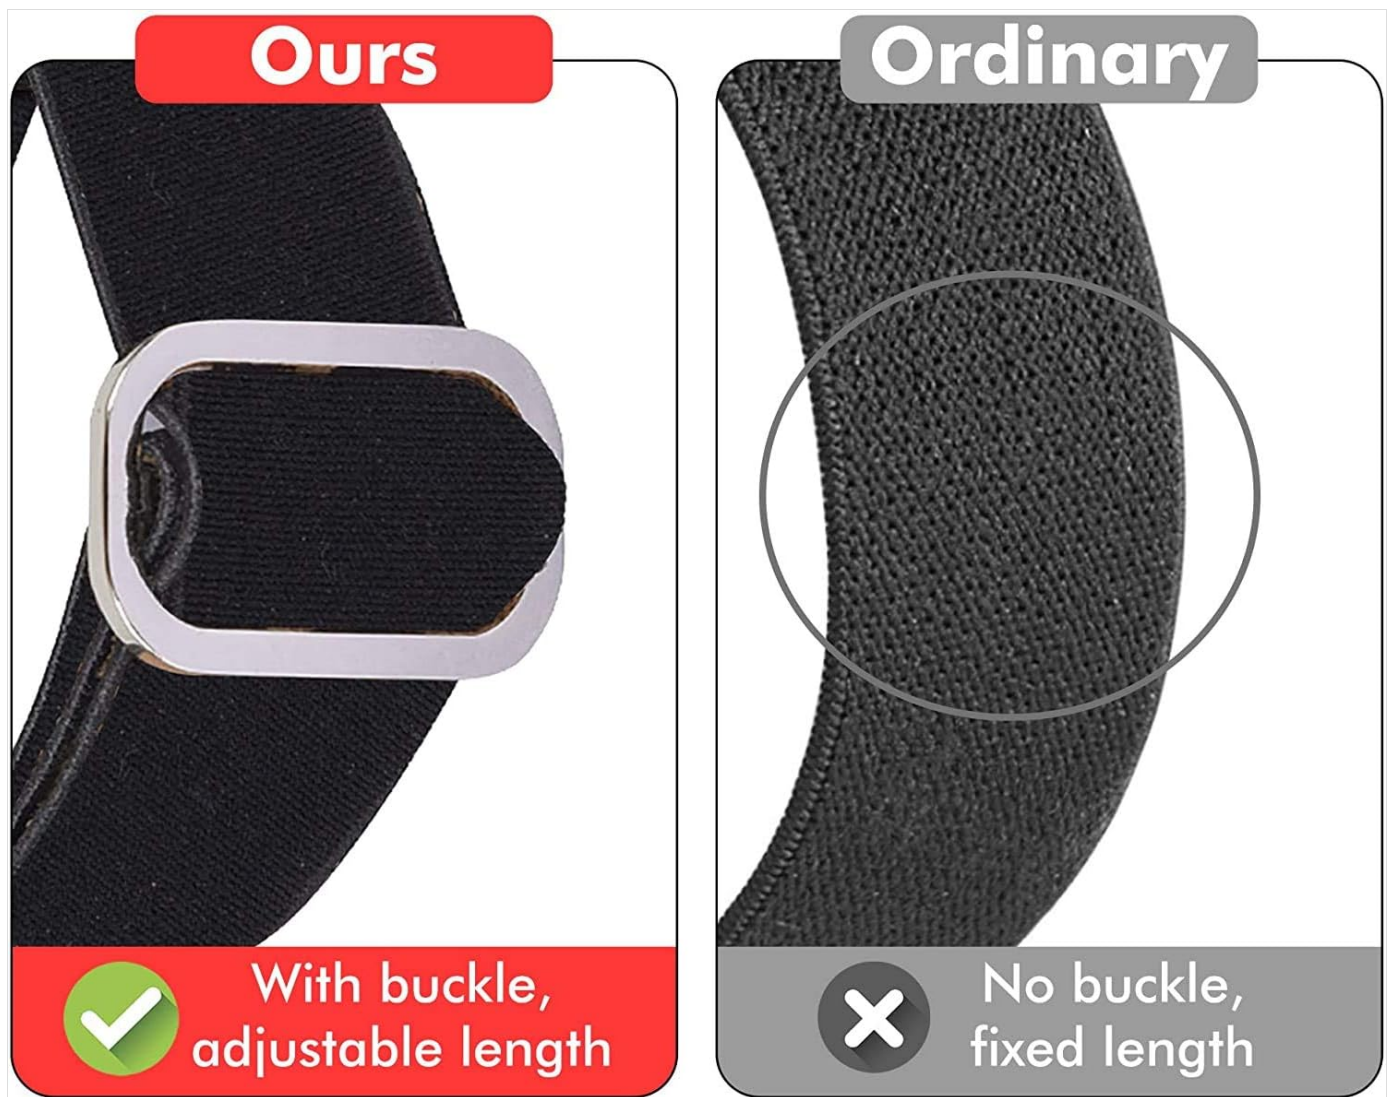

Image: Comparison highlighting the adjustable buckle feature of the Lamshaw band versus a non-adjustable, fixed-length band.

MAINTENANCE

To maintain the quality and appearance of your Lamshaw smartwatch band, follow these care instructions:

- **Cleaning:** Hand wash the band with mild soap and cool water. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Allow the band to air dry completely. Do not use direct heat, such as a hairdryer, as this may damage the elastic material.
- **Storage:** Store the band in a clean, dry place away from direct sunlight when not in use.
- **Avoid Excessive Stretching:** While the band is elastic, avoid overstretching it repeatedly to preserve its elasticity over time.

TROUBLESHOOTING

If you encounter any issues with your smartwatch band, refer to the following common solutions:

- **Difficulty Attaching Band:** Ensure you have the correct lug width (20mm or 22mm) for your smartwatch. Verify that the spring bars are properly compressed and aligned with the lug holes. Refer to the "Setup: Installation Procedure" section.
- **Band Feels Too Loose or Too Tight:** Adjust the buckle to find a comfortable fit. The elastic nature of the band allows for flexibility, but proper adjustment is key.
- **Skin Irritation:** Although made from skin-friendly material, if irritation occurs, ensure the band is clean and dry. If

irritation persists, discontinue use and consult a healthcare professional.

- **Band Damage:** Inspect the band for any signs of wear or damage. If the band is defective upon arrival, please contact customer service immediately.

SPECIFICATIONS

Product Name	Lamshaw Stretch Elastics Nylon Adjustable Replacement Smartwatch Band
Material	Nylon, Elastic
Available Sizes	20mm, 22mm (Lug Width)
Compatibility	LIGE Smartwatches (specific models listed in "Compatibility and Sizing" section)
