SETUP: UNBOXING AND INITIAL INSPECTION

Follow these steps to safely unbox and prepare your Hot Wheels die-cast vehicles:

1. **Careful Unpacking:** Gently remove the set from its shipping container. Inspect the outer packaging for any signs of damage.
2. **Individual Car Removal:** Carefully detach each car from its blister card packaging. Avoid using sharp objects that could scratch the vehicle's paint or damage the card if you intend to keep it for display.
3. **Initial Inspection:** Examine each die-cast car for any manufacturing defects or shipping damage. Check the wheels, axles, and paint finish.
4. **Display or Play:** Once inspected, the cars are ready for display or play.

OPERATING: USAGE GUIDELINES

Hot Wheels die-cast vehicles are designed for both collecting and play.

- **Track Play:** These 1:64 scale cars are compatible with most Hot Wheels track sets. Ensure tracks are properly assembled before use.
- **Collector Display:** For collectors, these cars can be displayed on shelves, in display cases, or kept in their original packaging.
- **Gentle Handling:** While durable, excessive force or impact can damage the vehicles' paint or components.

MAINTENANCE: CARE AND CLEANING

Proper care will help maintain the condition and appearance of your die-cast vehicles.

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the vehicles. For stubborn dirt, a slightly damp cloth with plain water can be used, followed immediately by drying with a soft cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store vehicles in a cool, dry place away from direct sunlight and extreme temperatures to prevent paint fading or material degradation. Original packaging or dedicated display cases are recommended for long-term storage.
- **Avoid Moisture:** Do not submerge vehicles in water or expose them to high humidity, as this can lead to corrosion of metal parts.

IMPORTANT SAFETY INFORMATION

- **Age Recommendation:** This product is recommended for ages 3 years and up.
- **Small Parts:** Die-cast vehicles may contain small parts that could pose a choking hazard for young children. Adult supervision is recommended for younger users.
- **Not for Consumption:** These are toys and are not intended for consumption.
- **Avoid Misuse:** Do not throw or launch vehicles at people or animals, as this may cause injury.

TROUBLESHOOTING

Most issues with die-cast vehicles are minor. Here are some common concerns and solutions:

- **Damaged Packaging:** If the packaging arrived damaged, but the vehicles are intact, they are still suitable for play or out-of-package display. For significant damage affecting the vehicles, refer to the warranty section.
- **Minor Paint Imperfections:** Small variations in paint finish are common in mass-produced die-cast items. If the imperfection is significant, contact customer support.
- **Wheels Not Rolling Smoothly:** Check for any debris caught in the axles. Gently remove any obstructions. Avoid applying

lubricants, as they can attract more dirt.
