KEY FEATURES

- ACG Aesthetics & Customizable RGB Lighting:** Unique cat ear design with millions of customizable RGB colors and lighting effects via the YOWU APP.
- Triple Connectivity:** Supports 2.4G USB/Type-C dongle for ultra-low latency, Bluetooth, and 3.5mm audio cable for multi-platform compatibility (PC, PS4, PS5, Switch, Xbox via 3.5mm).
- Superior Sound:** Equipped with 50mm drivers for rich, immersive audio.
- Flexible Microphone:** Detachable, 360-degree rotating microphone for crystal-clear communication.
- Ultra-Low Latency:** 2.4G connectivity ensures minimal delay for seamless gaming.

YOWU Cat Ear Headphones 4GS

Unleash your inner gamer girl.

Figure 2: YOWU Cat Ear Headphones 4GS in use, showcasing the unique design and RGB lighting.

Triple Connectivity

**2.4G USB/Type C, Bluetooth 3.5mm audio cable,
multi-platform compatibility.**

*Notice: Xbox only can be connected via 3.5mm audio cable.

Figure 3: Visual representation of the headset's versatile connectivity options.

SETUP

1. Initial Charging

Before first use, fully charge your headphones using the provided charging cable. The carrying case battery charging time is approximately 3 hours.

2. Microphone Attachment

Attach the detachable microphone to the designated port on the left earcup. Ensure it clicks securely into place for clear communication.

3. Connectivity Options

- **2.4G Wireless (PC/PS4/PS5/Switch):** Insert the 2.4G USB/Type-C dongle into your device's USB port. The headphones will automatically connect, indicated by a stable light.

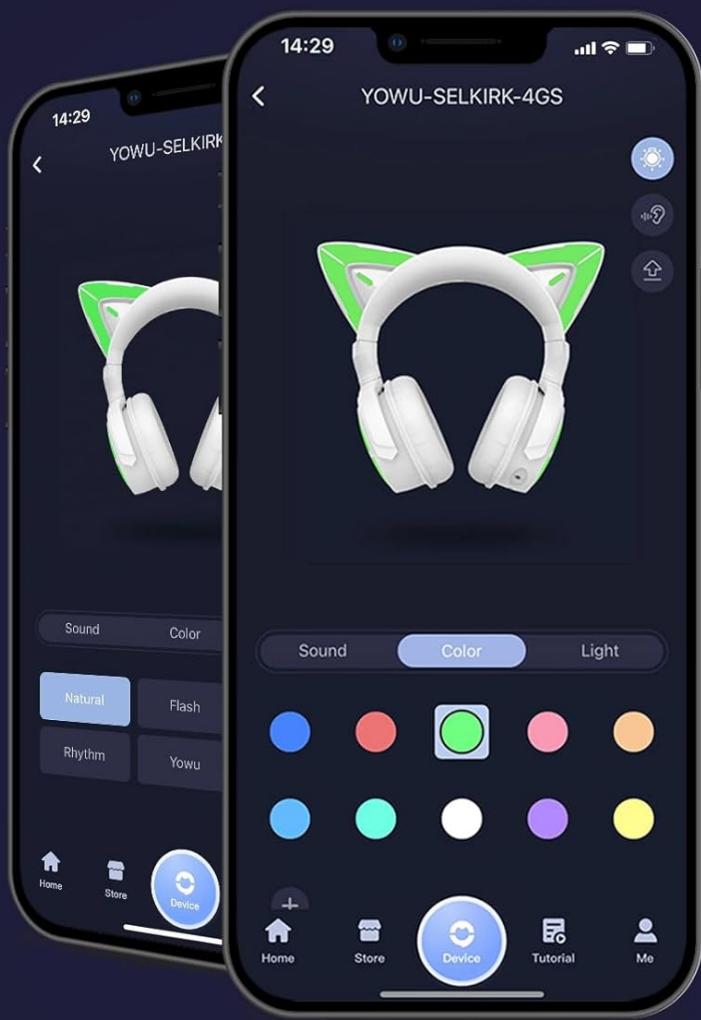

- **Bluetooth:** Power on the headphones. Open your device's Bluetooth settings and select "YOWU-SELKIRK-4GS" to pair.
- **3.5mm Audio Cable:** Connect the 3.5mm audio cable from your headphones to your device's audio jack. This is the only connection method for Xbox.

Ultra fast connection

Latest 2.4G solution, latency as low as 0.028s.

Figure 4: The versatile 2.4G USB/Type-C dongle for low-latency wireless connection.

Magical Yowu APP

Millions of light colors and effects.

Figure 5: The YOWU APP allows for extensive customization of lighting and sound.

OPERATING INSTRUCTIONS

1. Power On/Off

Press and hold the power button on the headphones for 2 seconds to turn them on. Repeat to turn them off.

2. Music Control

Use the volume control buttons (+/-) to adjust volume. Press the power button to play/pause music or answer/hang up a phone call.

3. Light Control

Press the light button to change the RGB lights of the headphones. Press twice to turn off the lights. Use the YOWU APP for advanced customization.

4. Bluetooth Pairing

To re-enter pairing mode, press and hold the Bluetooth button for 5 seconds until the indicator light flashes between red and blue. Select "YOWU-SELKIRK-4GS" on your device.

MAINTENANCE

1. Cleaning

Wipe the headphones with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. Ensure the microphone port is free of debris.

2. Storage

Store the headphones in their customized carrying case when not in use to protect them from dust and damage.

3. Battery Care

To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No audio/connectivity	Not paired, low battery, incorrect connection mode.	Ensure headphones are charged. Re-pair Bluetooth or re-insert 2.4G dongle. Check 3.5mm cable connection.
Microphone not working	Microphone not attached correctly, muted, or device settings.	Ensure microphone is fully inserted. Check mic mute button. Verify audio input settings on your device.
RGB lights not working/changing	Low battery, app issue, or incorrect button press.	Charge headphones. Use the YOWU APP to customize lights. Press the light button multiple times to cycle through modes.
Audio stuttering/lag	Interference, distance from dongle/device, or device issues.	Move closer to your device. Reduce interference from other wireless devices. Ensure device drivers are updated.
