## ORIA PS59B

# ORIA 2-in-1 Pet Trimmer User Manual

Model: PS59B

## INTRODUCTION

---

Thank you for choosing the ORIA 2-in-1 Pet Trimmer. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your device. Please read it thoroughly before first use and retain it for future reference.

## SAFETY INSTRUCTIONS

---

- Keep the device away from water and skin during use.
- Ensure the device is fully charged before use to maintain optimal performance.
- Do not attempt to disassemble or repair the device yourself. Contact customer support if issues arise.
- Store the trimmer in a dry place, out of reach of children and pets.
- Always clean the device after each use to prevent cross-contamination and maintain hygiene.
- Use only the provided USB charging cable.

## PACKAGE CONTENTS

---

Verify that all items are present in your package:

- 1 x ORIA Pet Trimmer
- 1 x Narrow Blade (for paw hair)
- 1 x Wide Blade (for general grooming)
- 1 x USB Charging Cable
- 1 x Lubricating Oil
- 1 x User Manual

## PRODUCT OVERVIEW

The ORIA 2-in-1 Pet Trimmer is designed for precise and quiet grooming of small dogs and cats. It features interchangeable blades for versatile use.

Image: The ORIA 2-in-1 Pet Trimmer, showing the main unit, the narrow precision blade, and the USB charging cable.

## Components

- **Trimmer Body:** Main unit containing the motor and battery.
- **Power Button:** Located on the front for operation.
- **Wide Blade:** Suitable for general body grooming.
- **Narrow Blade:** Ideal for precise trimming around paws, ears, and face.

# Different Size Blades

Two different sizes of blades provide more options for trimming different parts of your pet.

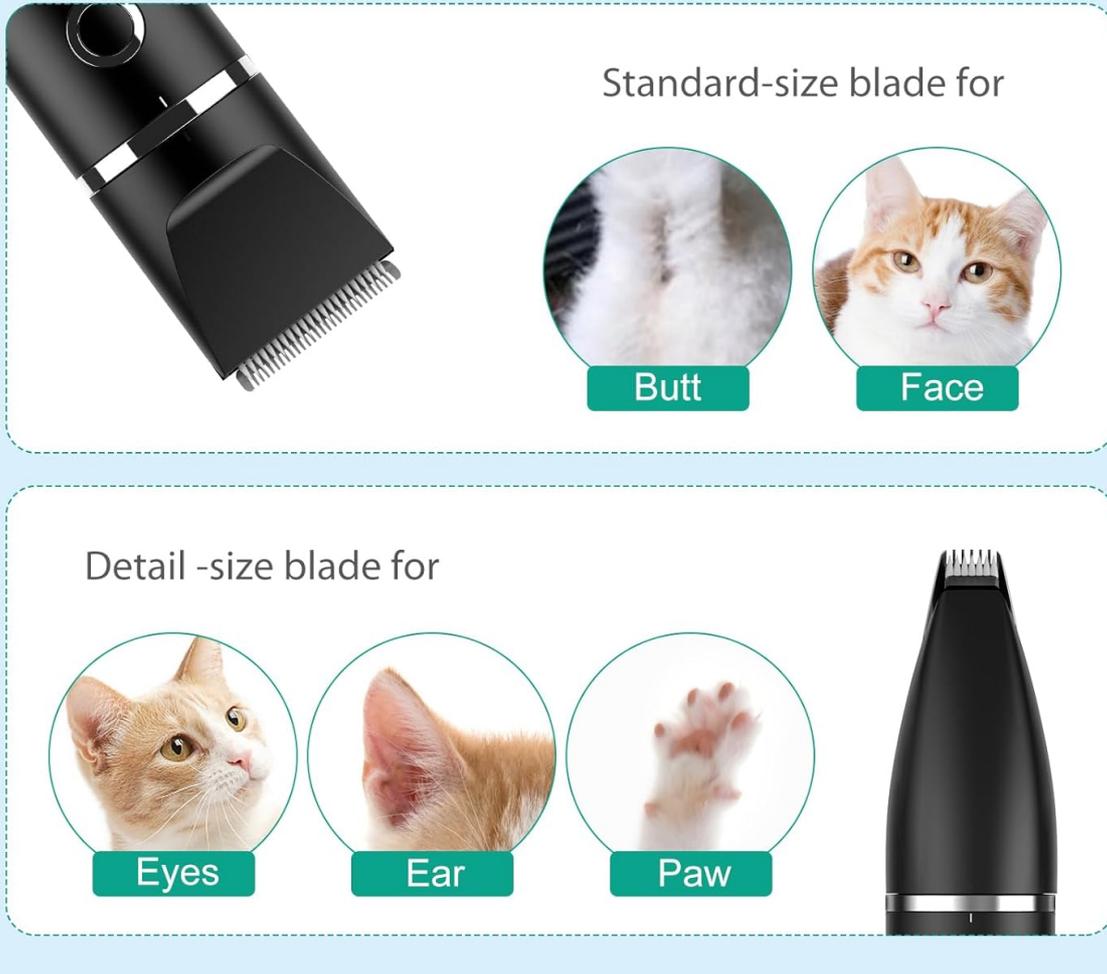

Image: Illustration of the two different blade sizes. The standard-size blade is for areas like the butt and face, while the detail-size blade is for eyes, ears, and paws.

## SETUP

1. **Initial Charge:** Before first use, fully charge the trimmer. Refer to the "Charging" section for details.
2. **Attach Blade:** Select the appropriate blade (wide or narrow) for your grooming needs. Align the blade with the trimmer head and press firmly until it clicks into place.
3. **Lubricate Blades:** Apply a small drop of the provided lubricating oil to the blades before each use to ensure smooth operation and prolong blade life.

## CHARGING

The ORIA Pet Trimmer is USB rechargeable for convenience.

- Connect the USB charging cable to the trimmer's charging port and to a compatible USB power source (e.g., power bank, computer, car charger, or power adapter).
- The charging indicator light will illuminate during charging.

- A full charge typically takes approximately [Insert Charging Time if available, otherwise omit].
- Once fully charged, disconnect the cable.

## OPERATING INSTRUCTIONS

### Power On/Off and Speed Adjustment

- To turn on the trimmer, press and hold the power button for 1.5 seconds.
- The trimmer operates at two speeds: 4500 RPM and 5000 RPM. Press the power button briefly to switch between speeds.
- To turn off the trimmer, press and hold the power button for 1.5 seconds.

# One-Key Simple Operation

It's suitable for your different needs.

2 Speeds design

 4500 RPM

 5000 RPM

Image: The pet trimmer highlighting its one-key simple operation and two speed settings: 4500 RPM and 5000 RPM.

## Grooming Tips

- **Preparation:** Ensure your pet's fur is clean and dry. Brush out any tangles before trimming.
- **Quiet Operation:** The trimmer features a low-vibration design (less than 50dB) to minimize pet anxiety. Introduce the trimmer gradually to your pet.
- **Paws and Ears:** Use the narrow blade for delicate areas like paw pads and around the ears. Trim carefully, pulling the skin taut to avoid nicks.
- **Face and Body:** The wide blade is suitable for larger areas such as the face and general body grooming.
- **Trimming Direction:** Always trim in the direction of hair growth for a smoother finish and to prevent irritation.

## Quiet and Low Vibration Design

Low vibration design ensures ultra-quiet operation, effectively avoids your pet fear.

### BLADE REPLACEMENT

1. Ensure the trimmer is turned off.
2. Grip the blade firmly and gently push it upwards to detach it from the trimmer body.
3. Select the desired blade (wide or narrow).
4. Align the new blade with the trimmer head and press down until it securely clicks into place.

### MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene.

- **IPX7 Waterproof:** The trimmer is IPX7 waterproof, allowing for easy cleaning under running water.
- **After Each Use:** Remove the blade and rinse it under running water to remove hair and debris.
- **Clean Trimmer Body:** Wipe the trimmer body with a damp cloth. Do not submerge the entire unit in water unless specifically instructed for cleaning.

- **Lubricate Blades:** After cleaning and drying, apply a small drop of lubricating oil to the blades to maintain their sharpness and prevent rust.
- **Storage:** Store the clean and dry trimmer in a safe place.

## IPX7 Waterproof Design

The blade can be cleaned under running water, which makes cleaning more convenient.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Trimmer does not turn on.	Low battery; Power button not pressed correctly.	Charge the trimmer fully; Press and hold the power button for 1.5 seconds.
Poor cutting performance.	Blades are dull, dirty, or not lubricated; Hair is tangled.	Clean and lubricate blades; Replace blades if dull; Brush pet's hair before trimming.
Excessive noise or vibration.	Blades are not properly attached; Debris caught in blades.	Reattach blades securely; Clean blades thoroughly.

## SPECIFICATIONS
