Blackview W50

Blackview W50 Smart Watch User Manual

Model: W50

1. INTRODUCTION

Thank you for choosing the Blackview W50 Military Smart Watch. This manual provides essential information for setting up, operating, and maintaining your device. Please read it thoroughly to ensure optimal performance and longevity of your smartwatch.

2. GETTING STARTED: SETUP

2.1 Package Contents

Ensure all items are present:

- Blackview W50 Smart Watch
- Silicone Strap
- Nylon Strap
- Charging Cable
- User Manual (this document)

2.2 Charging the Smart Watch

Before first use, fully charge your Blackview W50. Connect the charging cable to the watch's charging port and a USB power adapter (not included). A full charge takes approximately 2.5 hours.

Note: The watch features a 370mAh battery, offering up to 20-30 days standby time or 5 days of normal use.

2.3 App Installation and Pairing

To unlock the full features of your smartwatch, download and install the "InfoWear" App on your smartphone. The app is compatible with most Android and iOS smartphones (not suitable for iPads, tablets, or PCs).

1. Scan the QR code in the watch's quick start guide or search for "InfoWear" in your phone's app store.
2. Install and open the "InfoWear" App.
3. Follow the on-screen instructions to register an account and complete your profile.
4. In the app, navigate to the device section and search for your Blackview W50.
5. Select your watch from the list to pair. Ensure Bluetooth is enabled on your phone.

2.4 Adjusting the Wristband

The Blackview W50 comes with two interchangeable wristbands: a silicone strap and a nylon strap. Choose the one that best suits your comfort and activity. Adjust the length to ensure a snug fit for accurate health monitoring.

3. OPERATING YOUR SMART WATCH

3.1 Basic Navigation

- **Touch Screen:** Swipe left/right to navigate between main functions, swipe up/down for quick settings or notifications. Tap to select.
- **Side Buttons:** Typically, one button serves as a power/back button, while others may be customizable shortcuts for sports modes or specific functions. Refer to the watch's on-screen prompts for specific button assignments.

3.2 Bluetooth Calls

Once paired with your phone, the Blackview W50 allows you to make and receive calls directly from your wrist using its built-in high-fidelity speaker and microphone. You can also sync phone contacts and call logs.

Outdoor sports smart watch

A rugged outdoor smartwatch and brings you a different experience.

- ★ 360*360 Resolution
- ★ 370mAH Longer life
- ★ Customize Dials

3.4 Health Monitoring

The Blackview W50 provides comprehensive health tracking features:

- **Heart Rate Monitor:** 24-hour continuous heart rate measurement. View long-term data in the "InfoWear" App.
- **Blood Oxygen (SpO2) Monitor:** Intelligent monitoring of blood oxygen saturation.
- **Sleep Monitor:** Scientific sleep monitoring provides suggestions for improvement and helps adjust work and rest patterns.
- **Stress Test:** Measures your emotional stress level to help you relax properly.

Important Note: Health data from the Blackview W50 is for fitness reference only and cannot be used as medical-grade data.

3.5 Sports Modes

The watch supports over 100 sports modes, including running, cycling, ball sports, martial arts, ice sports, and more. Select the appropriate mode to record your steps, calories burned, and distance. Analyze your fitness data in the "InfoWear" App for better training results.

Sleep Tracker

Scientific sleep monitoring provides suggestions for improvement and adjust work and rest.

Stress Test

To see if your stress is above average and allow your body to relax properly.

3.6 Other Intelligent Functions

The Blackview W50 offers additional practical features:

- **Timer & Stopwatch:** For precise timing during activities or daily tasks.
- **Alarm Clock:** Set multiple alarms to wake you up or remind you of important events.
- **Weather Forecast:** Get real-time weather updates directly on your wrist.
- **Sedentary Reminder:** Prompts you to move after periods of inactivity.
- **Female Health:** Track menstrual cycles and related data.
- **Breathing Training:** Guided breathing exercises for relaxation.
- **Music Player Control:** Control music playback on your connected smartphone.

4. MAINTENANCE

4.1 Cleaning Your Smart Watch

Regularly clean your watch and wristbands to prevent skin irritation and maintain hygiene. Use a soft, damp cloth to wipe the watch body and straps. Avoid harsh chemicals or abrasive materials.

4.2 Water Resistance (IP68)

The Blackview W50 is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. You do not need to remove the watch for rain or hand washing.

Important Warning:

- This product is **not suitable** for sauna, hot water, showering, diving, or swimming.
- Exposure to hot water or steam can damage the watch's seals and compromise its water resistance.
- Do not press any buttons while the watch is submerged in water.

4.3 Battery Care

To prolong battery life, avoid extreme temperatures and fully discharge the battery occasionally before recharging.

Store the watch in a cool, dry place when not in use for extended periods.

5. TROUBLESHOOTING

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect to charger for at least 30 minutes.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone. Restart both the watch and phone. Make sure the "InfoWear" App is open and searching. Check if the watch is already paired with another device.
Notifications not received	Check notification permissions in the "InfoWear" App and your phone's settings. Ensure the watch is connected via Bluetooth.
Inaccurate health data	Ensure the watch is worn snugly on your wrist. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.
Short battery life	Reduce screen brightness, disable unnecessary notifications, limit continuous heart rate monitoring, and close background apps on the watch if applicable.
