alltogetho Louvre Micro Mini Building Blocks Set

INSTRUCTION MANUAL

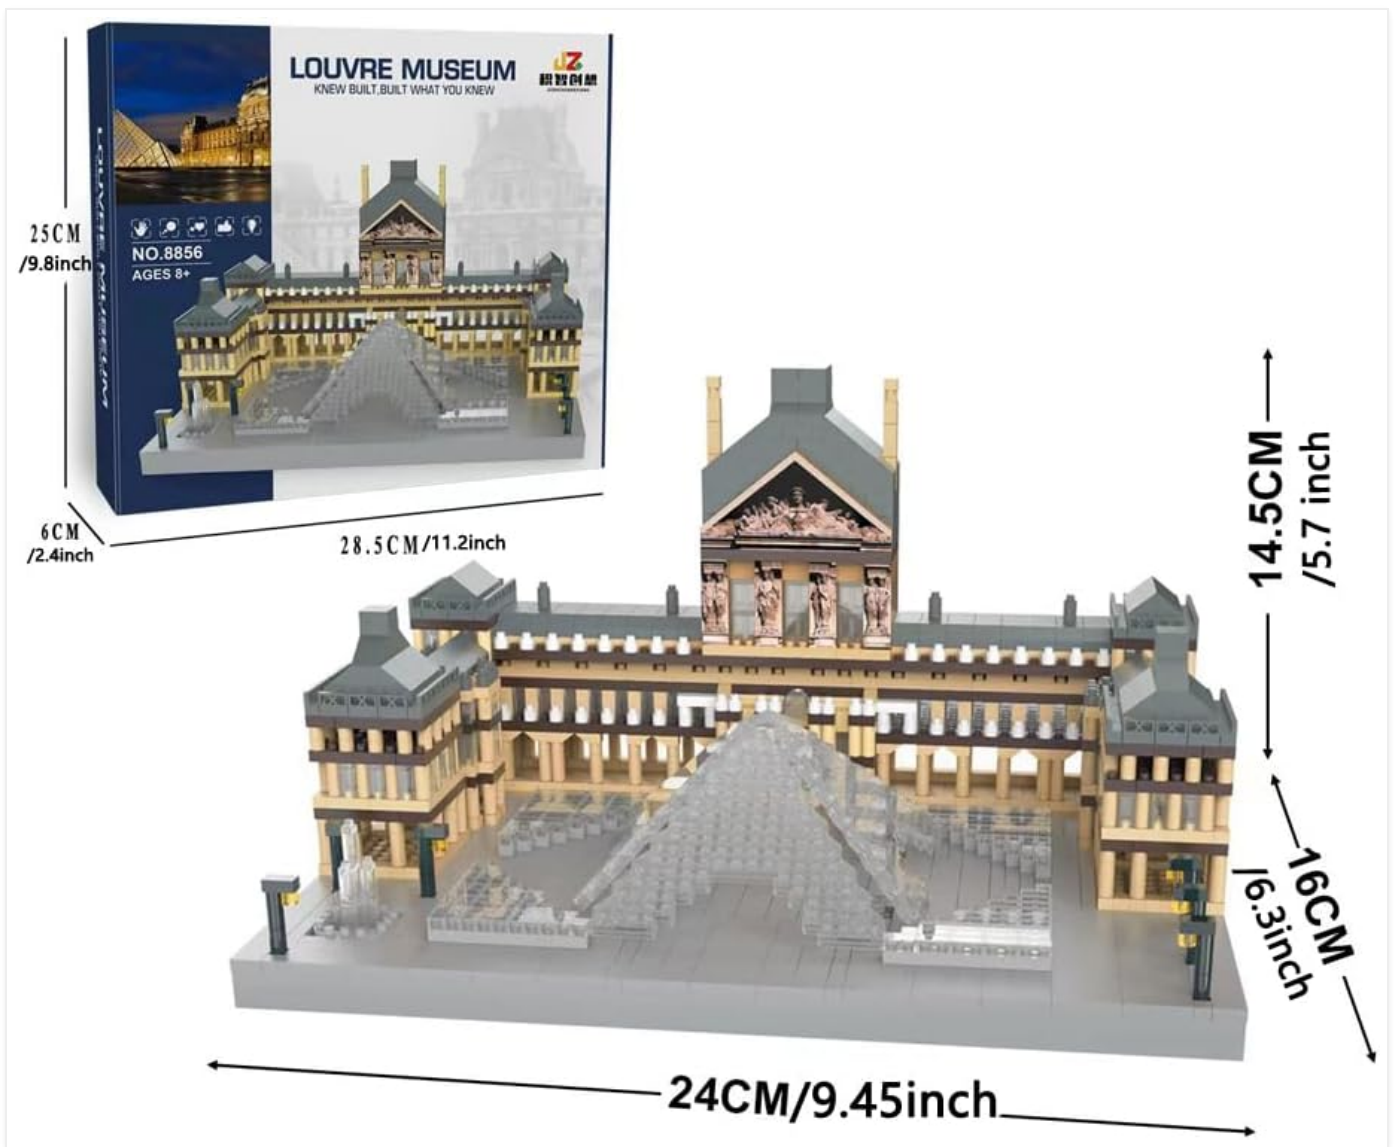

1. Introduction

This manual provides detailed instructions for assembling and maintaining your alltogetho Louvre Micro Mini Building Blocks Set, Model 8856. Designed for adult enthusiasts, this set allows you to construct a miniature replica of the iconic Louvre Museum using 2160 micro-sized building blocks. Please read all instructions carefully before beginning assembly.

2. Setup and Preparation

2.1 Unpacking and Part Identification

Carefully open the product packaging. The set contains numerous micro mini building blocks and a detailed instruction booklet. It is recommended to keep the original packaging for future storage or transport.

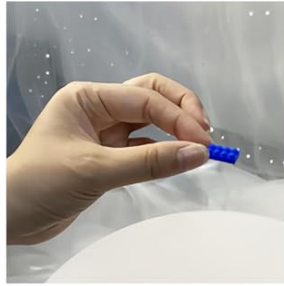

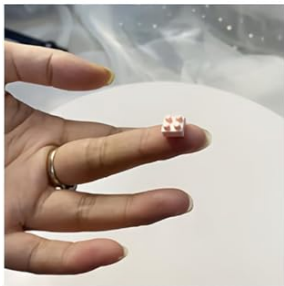

The product packaging, displaying the model number 8856 and overall dimensions of the assembled model.

2.2 Assembly Preparation

Before starting assembly, ensure you have a clean, well-lit, and spacious workspace. Due to the small size of the micro mini blocks, sorting them by color and shape can significantly aid the building process. Consider using small containers or trays to organize the pieces.

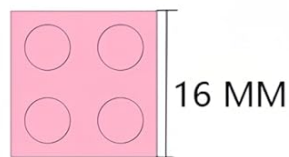

How Big Are You?

The Smaller Blocks

Standard size

Micro Mini size

Micro Mini Blocks is smaller than the standard blocks and more detailed and affordable

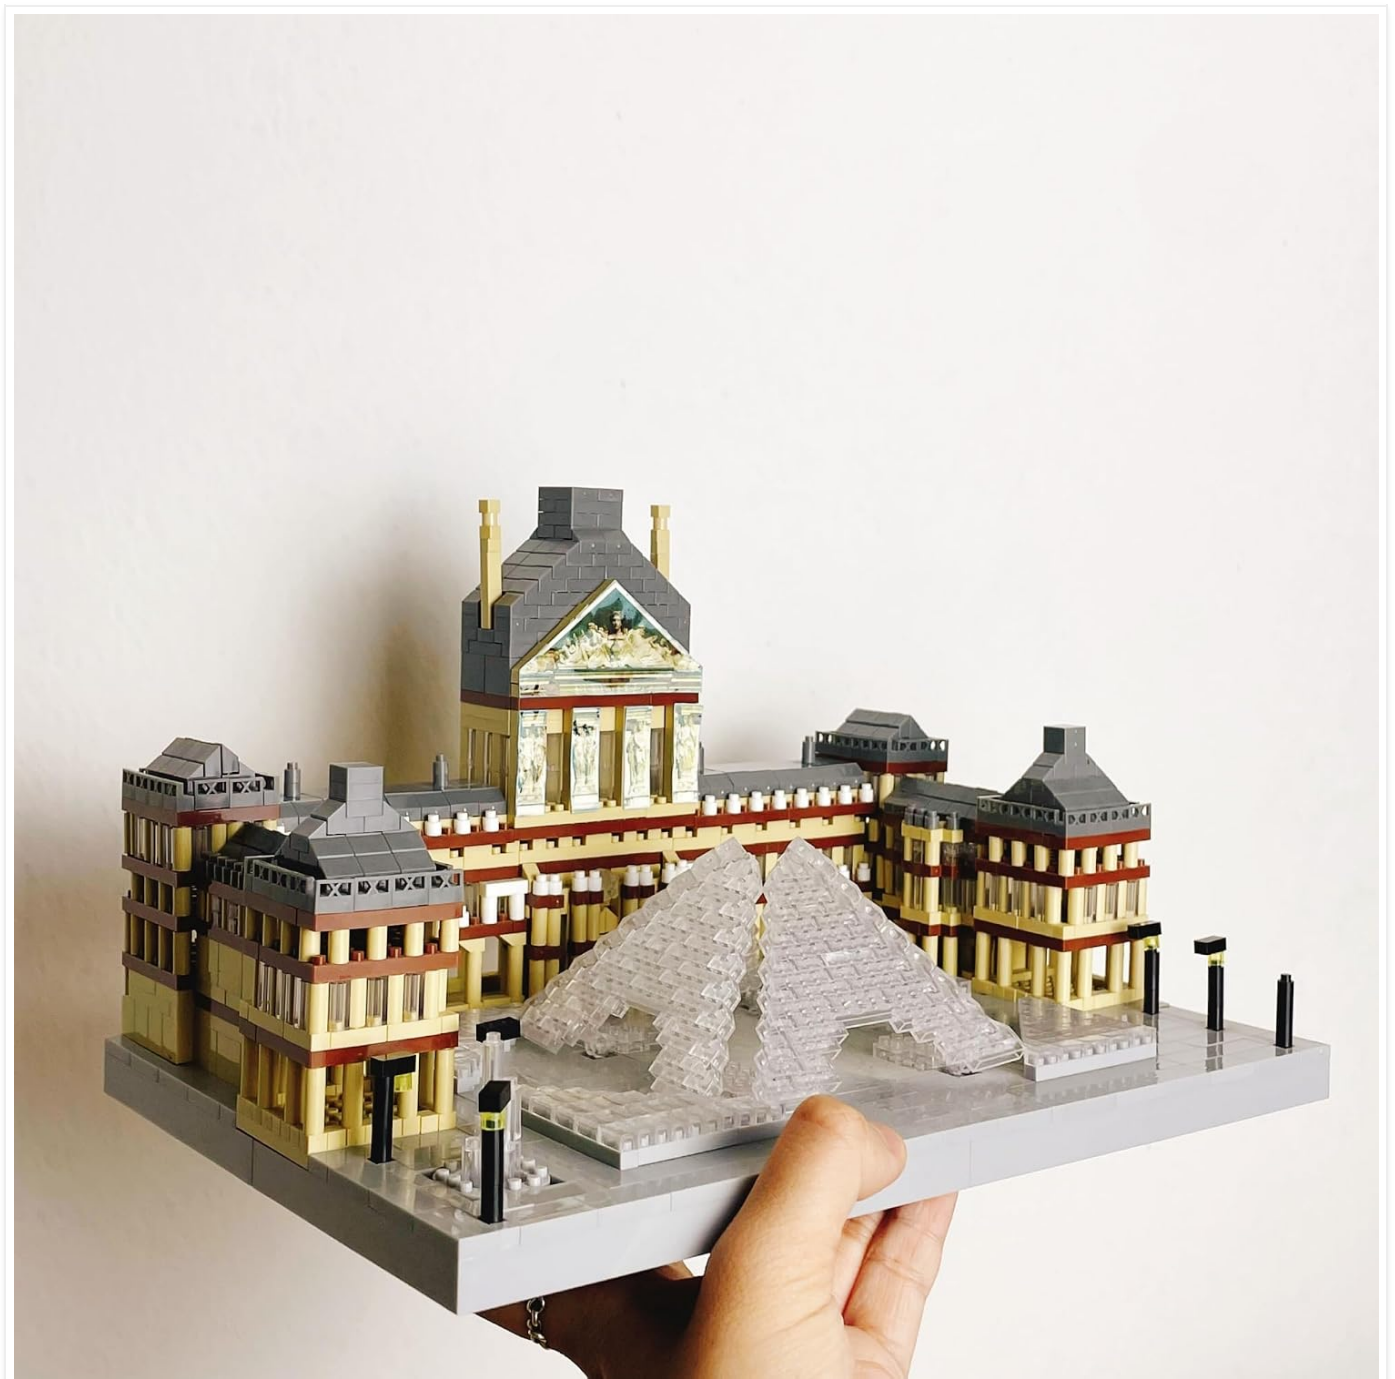

An image illustrating the small size of the micro mini building blocks compared to a human hand, emphasizing the precision required for assembly.

3. Operating (Assembly Instructions)

3.1 Step-by-Step Assembly

Follow the included instruction booklet page by page. Each step illustrates the placement of specific blocks. Pay close attention to the orientation and connection points of each piece. Due to the micro size of the blocks, precision is key. Applying gentle, even pressure will help secure the connections.

- **Start with the Base:** Begin by constructing the base plate as indicated in the instructions.
- **Layer by Layer:** Build the structure layer by layer, ensuring each block is firmly seated before proceeding.
- **Architectural Details:** The set features intricate details. Take your time to accurately place smaller decorative elements.
- **Pyramid Construction:** The transparent pyramid sections require careful alignment to achieve the desired aesthetic.

4. Maintenance

4.1 Cleaning Your Model

To maintain the appearance of your assembled Louvre model, regularly dust it with a soft, dry brush or a microfiber cloth. For more thorough cleaning, gently wipe with a slightly damp cloth and allow to air dry completely. Avoid using harsh chemicals or abrasive materials.

4.2 Storage

Store the assembled model in a stable location away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or damage to the plastic blocks. If disassembling for storage, keep all pieces organized to facilitate future reassembly.

5. Troubleshooting

5.1 Common Issues and Solutions

- **Missing Pieces:**

If you believe pieces are missing, thoroughly check all packaging materials and the surrounding workspace. Micro mini blocks are very small and can be easily overlooked. If pieces are genuinely missing after a thorough search, please contact customer support for assistance.

- **Blocks Not Staying Together:**

Ensure that blocks are correctly aligned and fully pressed into place. Sometimes, a slight misalignment can prevent a secure connection. Apply firm, even pressure. If a specific connection remains loose, try swapping the block with an identical spare piece if available.

- **Difficulty with Small Pieces:**

Working with micro mini blocks requires fine motor skills. Using a pair of fine-tipped tweezers can greatly assist in picking up and placing small pieces accurately. Take frequent breaks to avoid eye strain and fatigue.

6. Specifications

Brand	alltogetho
Model Number	8856
Number of Pieces	2160
Material Type	Plastic
Assembled Dimensions (L x W x H)	9.45 x 6.3 x 5.7 inches (24 x 16 x 14.5 cm)
