OKP Life K-5.0

OKP Life Robot Vacuum K5 User Manual

Model: K-5.0 | Brand: OKP Life

Introduction

The OKP Life Robot Vacuum K5 is an intelligent cleaning device designed to simplify floor maintenance. It features powerful 2500PA suction, smart navigation, and app/voice control for a convenient cleaning experience. Ideal for various floor types, including carpets and hard floors, it efficiently handles dust, pet hair, and debris. Its compact design allows it to clean under furniture, and it boasts a long 120-minute runtime with automatic self-charging.

What's in the Box

Verify that all components are present in the package:

- 1x OKP K5 Robot Vacuum Cleaner
- 1x Charging Dock
- 1x Power Adapter
- 1x User Manual
- 1x Cleaning Tool
- 2x Side Brushes

Setup Guide

1. Unboxing and Initial Setup

Carefully remove all components from the packaging. Retain the packaging for future storage or transport.

2. Attaching Side Brushes

Attach the two side brushes to the corresponding posts on the bottom of the vacuum. They should click securely into place. Ensure they are firmly attached before operation.

Figure 2: View of the robot's underside, highlighting the side brush attachment points.

3. Charging the Robot Vacuum

Place the charging dock against a wall in an open area. Ensure there are no obstacles within 1 meter (3 feet) to the front and 0.5 meters (1.5 feet) to the sides. Connect the power adapter to the charging dock and plug it into a wall outlet. Place the robot vacuum on the charging dock, ensuring the charging contacts align. The indicator light will show charging status. Fully charge before first use (approx. 4-5 hours).

Operating Instructions

1. Power On/Off

To power on or off the robot, press and hold the power button located on the top of the device for approximately 3 seconds until you hear an audible cue.

2. Cleaning Modes

The OKP Life K5 offers several cleaning modes to suit different needs:

- **Auto Cleaning:** The robot intelligently navigates and cleans the entire accessible area.
- **Spot Cleaning:** For concentrated dirt, the robot will clean a specific area in a spiral pattern.
- **Edge Cleaning:** The robot follows walls and furniture edges to ensure thorough cleaning of boundaries.
- **Zigzag Cleaning:** The robot cleans in a systematic Z-shaped path, covering the maximum area and reducing missed spots.
