KEiiD KD-C02

KEiiD KD-C02 Bluetooth Computer Speakers User Manual

Model: KD-C02 | Brand: KEiiD

1. INTRODUCTION

The KEiiD KD-C02 Computer Speaker is a stylish and technologically advanced audio solution designed to deliver high-end sound quality for desktops and laptops. Featuring a sleek design with a steel mesh cover and walnut finish, these speakers offer exceptional audio performance with separate dome-silk tweeters and a powerful 12W bass woofer. The unique wireless touch control pod provides convenient operation, and four distinct EQ modes cater to various audio preferences, including a 3D surround sound for gaming. With versatile connectivity options, the KD-C02 is compatible with a wide range of devices.

4. SETUP

Follow these steps to set up your KEiiD KD-C02 speakers:

1. **Connect Speakers:** Use the provided DC-to-DC L-R speaker cable to connect the left and right speakers.
2. **Connect Power:** Plug the 12V2A DC power adapter into the designated port on one of the speakers, then plug the adapter into a wall outlet.
3. **Wired Connection (Optional):** For a wired connection to your computer or other audio source, use the 3.5mm audio cable to connect the speaker to the audio output port of your device.

5. OPERATING INSTRUCTIONS

The wireless touch control pod provides intuitive control over your speakers:

- **Power On/Off:** Touch the power icon on the control pod to turn the speakers on or off.
- **Play/Pause/Mute:** Touch the play/pause icon to control media playback or mute/unmute audio.
- **Volume Control:** Use the '+' and '-' icons to adjust the volume up or down.
- **Next/Previous Track:** Use the forward and backward arrow icons to skip tracks.
- **Change Mode/EQ:** Touch the 'M' icon to cycle through different input modes (Bluetooth/Aux) and EQ modes.

6. EQ MODES

The KD-C02 speakers offer four distinct EQ modes to optimize your listening experience for different content types:

- **News Mode:** Enhances vocal clarity, ideal for podcasts, audiobooks, and news broadcasts.
- **Music Mode:** Provides a balanced sound profile, suitable for general music listening across various genres.
- **Movie Mode:** Optimizes audio for cinematic experiences, enhancing dialogue and sound effects.
- **Game Mode:** Features 3D surround sound to immerse you in your gaming experience, providing spatial audio cues.

7. CONNECTIVITY

The KD-C02 speakers offer flexible connectivity options:

7.1 Bluetooth Wireless Connection

To connect via Bluetooth:

1. Ensure the speakers are powered on.
2. On your device (phone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "KEiiD KD-C02" from the list to pair. A confirmation sound will indicate successful pairing.

7.2 Wired Audio Connection (AUX)

For devices without Bluetooth or for a stable wired connection, use the included 3.5mm audio cable. Simply connect one end to the AUX input on the speaker and the other end to the audio output of your device (e.g., computer, TV, MP3 player).

Figure 7.1: Wireless and Wired Connectivity

It is not limited to be a computer speaker

Via Bluetooth or 3.5mm audio cable, you can also connect it to your phone, iPod, tablet, echo dot, smart TV etc. and turn them to be stereo.

8. MAINTENANCE

To ensure the longevity and optimal performance of your KEiiD KD-C02 speakers, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the speaker surfaces. Avoid using abrasive cleaners or

solvents, which can damage the finish.

- **Placement:** Place speakers on a stable, flat surface to prevent accidental falls. Avoid placing them in direct sunlight, near heat sources, or in excessively humid environments.
- **Cable Management:** Ensure cables are not tangled or pinched, which can lead to damage over time.
- **Storage:** If storing the speakers for an extended period, disconnect them from power and store them in a cool, dry place.

9. TROUBLESHOOTING

If you encounter issues with your KEiiD KD-C02 speakers, refer to the following common troubleshooting tips:

- **No Sound:**

  - Check if the speakers are powered on and the power adapter is securely connected.
  - Ensure the volume is not muted or set too low on both the speakers and your connected device.
  - Verify that the audio cables (if using wired connection) are properly connected to both the speakers and the audio source.
  - If using Bluetooth, ensure the speakers are paired correctly and selected as the audio output device on your source. Try unpairing and re-pairing.

- **Bluetooth Disconnection:**

  - Ensure your device is within the Bluetooth range (up to 20 meters).
  - Check for interference from other wireless devices.
  - Restart both the speakers and your Bluetooth device.

- **Control Pod Not Responding:**

  - Check the LED indicator on the control pod. If it's red, the battery is low; charge it using a Type-C cable.
  - Ensure there are no obstructions between the control pod and the speakers.

- **Distorted Sound:**

  - Reduce the volume on both the speakers and the audio source.
  - Check the audio source for any issues. Try playing audio from a different source.
  - Ensure the audio cables are not damaged or loosely connected.

10. SPECIFICATIONS

Feature	Specification
Model Name	KD-C02
Speaker Type	Stereo, Surround Sound, Computer Speakers
Mounting Type	Desktop, Tabletop, Bookshelf
Material	Metal, Plastic
