## ZDCZ 008-KL1W

# ZDCZ Dinosaur Remote Control Car User Manual

Model: 008-KL1W | Brand: ZDCZ

## 1. INTRODUCTION

---

This manual provides essential information for the safe and effective operation of your ZDCZ Dinosaur Remote Control Car. Please read it thoroughly before use and retain it for future reference.

The ZDCZ Dinosaur Remote Control Car is a 2.4GHz RC monster truck toy designed for toddlers and children. It features a realistic Tyrannosaurus rex design with light, sound, and spray functions, offering an engaging play experience across various terrains.

## 2. SAFETY INFORMATION

---

**Important:** Not suitable for children under 3 years old. Dinosaur sounds may be startling to very young children. Always supervise children during play. Keep away from water and extreme temperatures. Do not attempt to modify the product.

## 3. WHAT'S IN THE BOX

---

- Remote control dinosaur car
- Remote
- Remote control batteries
- 2 Remote control dinosaur car batteries
- Screwdriver

## BEST PERFECT GIFT FOR KIDS

## 4. SETUP

### 4.1 Battery Installation (Remote Control)

1. Locate the battery compartment on the back of the remote control.
2. Use the provided screwdriver to open the battery cover.
3. Insert the required batteries (typically 2x AA or AAA, not specified in product data).
4. Close the battery cover and secure with the screwdriver.

Figure 4.1: Remote control layout and power indicator.

#### 4.2 Battery Installation & Charging (Dinosaur Car)

1. Locate the battery compartment on the underside of the dinosaur car.
2. Use the provided screwdriver to open the battery cover.
3. Connect one of the rechargeable Lithium Ion batteries to the car's power connector.
4. Carefully place the battery inside the compartment.
5. Close the battery cover and secure with the screwdriver.
6. To charge the batteries, connect them to the provided USB charging cable. The cable supports various charging options like computers, power banks, and wall adapters.
7. Each battery provides approximately 50 minutes of playtime, for a total of 100 minutes with both included batteries.

### 4.3 Water Filling for Spray Effect

1. Locate the water filling port on the top of the dinosaur's head.
2. Open the cap of the water filling port.
3. Use the provided water bottle to carefully add a few drops of clean water into the port. Do not overfill.
4. Close the cap securely.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Powering On/Off

1. Ensure batteries are correctly installed in both the car and the remote control.
2. Turn on the remote control using its power switch. An indicator light will illuminate.
3. Turn on the dinosaur car using its power switch (usually located on the underside).
4. The car and remote will automatically pair using 2.4GHz anti-interference technology.

### 5.2 Basic Controls

The remote control features two joysticks and additional buttons:

- **Left Joystick:** Controls forward and backward movement.
- **Right Joystick:** Controls left and right turning.
- **Spray Button:** Activates the water spray effect from the dinosaur's mouth.
- **Sound Button:** Activates realistic dinosaur roaring sounds.

Figure 5.1: Remote control layout with labeled functions.

### 5.3 Special Features

- **Light & Sound:** The dinosaur's mouth emits LED light and realistic roaring sounds during operation.
- **Water Spray:** Press the spray button on the remote to activate a cool mist spray from the dinosaur's mouth.
- **All-Terrain Capability:** The large rubber tires and powerful motor allow the car to operate on various surfaces including sand, gravel, carpet, grass, and tile.
- **Multi-Player Support:** The 2.4GHz frequency allows multiple cars to be operated simultaneously without interference.

## 6. MAINTENANCE

- Clean the car with a dry cloth after use. Avoid using water directly on electronic components.
- Ensure the water tank for the spray function is emptied after each play session to prevent mold or residue buildup.
- Store the car and remote in a cool, dry place away from direct sunlight.
- Remove batteries from the remote control and car if storing for extended periods to prevent leakage.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Car does not respond to remote.	Low batteries in car or remote; not paired; interference.	Charge/replace batteries. Ensure both are powered on and within range. Move away from other 2.4GHz devices.
Spray function not working.	Water tank empty; nozzle clogged.	Refill water tank. Gently clear any blockage in the nozzle.
Car moves slowly or inconsistently.	Low car battery; debris in wheels.	Recharge car battery. Check wheels for hair or debris and remove.

## 8. SPECIFICATIONS

Feature	Detail
Product Dimensions	9.92 x 6.46 x 6.06 inches
Item Weight	13.3 ounces
Country of Origin	China
Model Number	008-KL1W
Recommended Age	3 years and up
Batteries	2 Lithium Ion batteries (included)
Manufacturer	ZHAN DA TOYS FACTORY
