

EPOS 1061T

EPOS Impact 1061T Headset Instruction Manual

Model: 1061T | Brand: EPOS

1. INTRODUCTION

The EPOS Impact 1061T is a double-sided Active Noise Cancelling (ANC) headset designed for modern open office environments. It integrates EPOS BrainAdapt™ technology to minimize brain fatigue, features industry-leading voice pickup powered by EPOS AI™, and adaptive ANC for clear communication. This headset offers all-day wearing comfort with its lightweight design, soft cushions, headband padding, and Super Wideband for natural listening. Enjoy total ease of use with a contactless charging stand, intuitive on-headset controls, and a suite of smart features.

2. WHAT'S IN THE Box

- IMPACT 1061T Headset
- IMPACT 1000 ear pads
- IMPACT 1000 ANC ear pads
- Battery
- Contactless charging stand (CH 40)
- USB-C cable

3. SETUP

3.1 Initial Charging

Before first use, fully charge your headset using the provided USB-C cable or the contactless charging stand (CH 40). Connect the USB-C cable to the headset and a power source, or place the headset on the charging stand ensuring proper alignment.

3.2 Connecting to Devices

The EPOS Impact 1061T Headset offers versatile connectivity:

- **Wireless Connectivity:** The headset utilizes Bluetooth technology (Bluetooth Version 5.0) for wireless connection. Power on the headset and put it into pairing mode. Search for "EPOS Impact 1061T" on your device's Bluetooth settings and select to pair.
- **PC Connection via Dongle:** For optimal performance with PCs and UC softphones, use the dedicated USB-C dongle. Plug the dongle into an available USB-C port on your computer. The

headset will automatically connect to the dongle. If your PC only has USB-A ports, an adapter may be required (not included unless specified in the box contents).

- **Multi-Device Connectivity:** Stay connected wirelessly with up to three devices simultaneously, allowing seamless switching between your laptop, tablet, and smartphone.

3.3 Hot Desking Environments

This headset is designed to operate without a base station, making it ideal for hot desking. Simply connect your headset to the available device via Bluetooth or the USB dongle for immediate use.

4. OPERATING INSTRUCTIONS

4.1 Basic Controls

The headset features intuitive on-headset controls for managing calls and audio:

- **Answer/End Calls:** Use the dedicated call button on the earcup or simply move the boom arm down to answer and up to end calls.
- **Mute Microphone:** Mute calls by moving the boom arm up or using the mute button.
- **Volume Control:** Adjust audio volume using the dedicated buttons on the earcup.
- **Busylight:** An intuitive busylight clearly signals when you are on a call and not to be disturbed.

4.2 Advanced Features

- **Active Noise Cancellation (ANC):** Activate adaptive ANC to reduce background noise and enhance focus for both sides of the conversation.
- **EPOS AI™ and BrainAdapt™ Technology:** Benefit from industry-leading voice pickup and technology designed to reduce brain fatigue, ensuring clear speech in noisy environments.
- **Talk-Through:** Communicate easily with in-office colleagues without removing the headset, maintaining environmental awareness during calls.
- **Super Wideband Audio:** Enjoy clear speech and natural listening experience with super wideband audio and stereo sound.

Compatible Devices	Laptops, Desktops, Tablets, Smartphones, Smart Speakers, Gaming Consoles, Telephones

7. MAINTENANCE

7.1 Cleaning

Regularly clean your headset to ensure hygiene and longevity. Use a soft, dry cloth to wipe the earcups and headband. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no moisture enters the electronic components. Do not use harsh chemicals or abrasive materials.

7.2 Storage

When not in use, store the headset in its soft carry pouch to protect it from dust and damage. Avoid storing in extreme temperatures or high humidity.

7.3 Earpad Replacement

The IMPACT 1000 ear pads and IMPACT 1000 ANC ear pads are replaceable. Refer to the EPOS support website for instructions on how to replace them if they become worn or damaged.

8. TROUBLESHOOTING

• No Audio/Poor Audio Quality:

- Ensure the headset is fully charged.
- Verify the headset is correctly paired and connected to your device.
- Check the volume levels on both the headset and your connected device.
- If using a dongle, ensure it is securely plugged into the PC.

• Microphone Not Working:

- Ensure the microphone boom arm is lowered and not muted.
- Check microphone settings on your connected device/application.

• Connectivity Issues:

- Move closer to your connected device to ensure you are within range.
- Disconnect and re-pair the headset with your device.
- Restart your connected device.

• ANC Not Functioning:

- Ensure ANC is activated via the headset controls.
- Check for any obstructions around the external microphones.

9. WARRANTY AND SUPPORT

The EPOS Impact 1061T Headset comes with a manufacturer's warranty. For detailed warranty information, product support, or to access additional resources, please visit the official EPOS website or contact their customer service. Keep your proof of purchase for warranty claims.
