PETLIBRO PLAF108

PETLIBRO Automatic Cat Feeder (Model PLAF108) User Manual

Wi-Fi Rechargeable Pet Food Dispenser

Image: PETLIBRO Automatic Cat Feeder (Model PLAF108) in white, shown with a smartphone displaying the control app.

1. INTRODUCTION

The PETLIBRO Automatic Cat Feeder (Model PLAF108) is designed to provide convenient and reliable feeding for your pets. This Wi-Fi enabled dispenser features a built-in rechargeable battery, allowing for flexible placement and uninterrupted operation. Control feeding schedules and monitor your pet's meals remotely via the dedicated mobile application.

- **Intelligent Feeding:** Connects to 2.4GHz Wi-Fi networks for remote scheduling and portion control via the PETLIBRO mobile app.
- **Rechargeable Battery:** Built-in lithium battery provides up to 30 days of operation on a full charge, offering placement flexibility.
- **24/7 Wireless Connectivity:** Ensures stable connection and emergency feeding even during power outages.
- **Overeating Prevention:** Secure lid mechanism prevents pets from accessing food outside scheduled times.
- **Easy Maintenance:** Designed for simple disassembly and cleaning of components.

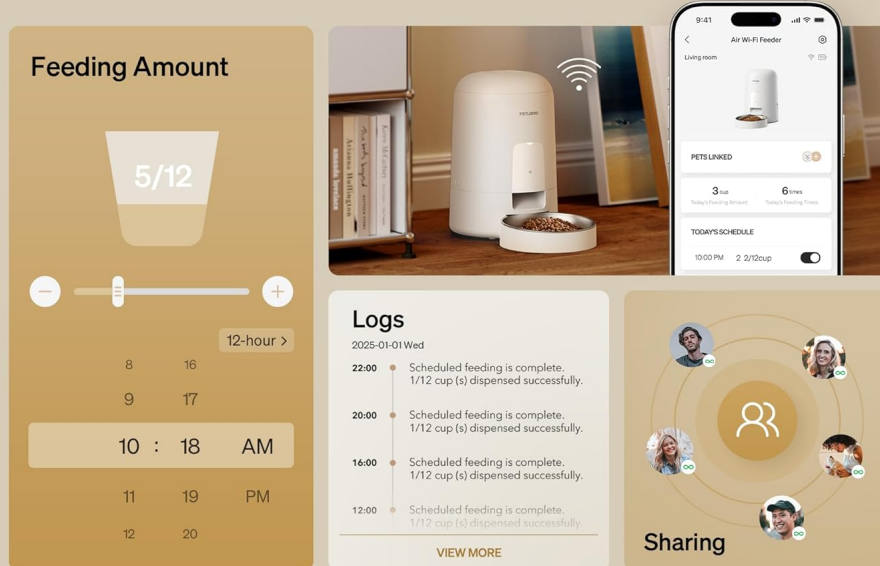

2. PRODUCT COMPONENTS

Familiarize yourself with the main parts of your PETLIBRO Automatic Cat Feeder:

1. **Food Hopper:** Stores dry pet food.
2. **Lid:** Secures the food hopper, features a press-to-lock mechanism.
3. **Base Unit:** Contains the electronic components, battery, and dispensing mechanism.
4. **Stainless Steel Bowl:** Food-grade bowl for pet feeding.
5. **Dispenser Outlet:** Where food is dispensed into the bowl.
6. **Power Port:** For connecting the charger.
7. **Wi-Fi Indicator Light:** Shows connection status.
8. **Manual Feed Button:** Allows for immediate, unscheduled feeding.

Automatic feeding made easy

Convenient in-app meal scheduling and portion control

Note: 2.4 GHz networks supported.

3. SETUP GUIDE

3.1 Unpacking and Initial Charge

1. Carefully remove all components from the packaging.
2. Connect the charger to the feeder's power port and plug it into a wall outlet. Allow the feeder to fully charge for approximately 8 hours before first use. The battery indicator will show charging status.

30-day battery life

Rechargeable lithium battery lasts up to 30 days on a single charge

30 days

Image: The feeder in use with a cat, illustrating its 30-day battery life and rechargeable nature.

3.2 App Installation and Wi-Fi Connection

1. Download the "PETLIBRO" mobile app from your device's app store.
2. Open the app and follow the on-screen instructions to create an account and add your new feeder.
3. Ensure your Wi-Fi network is **2.4GHz**. The feeder does not support 5GHz networks.
4. Follow the app's prompts to connect the feeder to your home Wi-Fi network. The Wi-Fi indicator light on the feeder will confirm successful connection.

Important: Keep the feeder indoors. Only supports 2.4GHz networks.

3.3 Filling the Food Hopper

1. Open the lid of the food hopper.
2. Pour dry kibble into the hopper. Ensure the kibble diameter is between 2-15mm to prevent jamming.
3. Securely close the lid using the press-to-lock mechanism to prevent pets from accessing food and maintain freshness.

Fresh food delivered on-time

Scheduled feeding for a happy pet

*Maximum of 2/3 cups per meal, 0-10 meals/day

4. OPERATING INSTRUCTIONS

4.1 Setting Feeding Schedules (App Control)

The PETLIBRO app allows you to customize your pet's feeding schedule:

1. Open the PETLIBRO app on your smartphone.
2. Navigate to the feeder's control interface.
3. Select "Schedule" or "Feeding Plan" to set meal times and portion sizes. You can typically set 0-10 meals per day, with a maximum of 2/3 cups per meal.
4. Save your settings. The feeder will automatically dispense food according to your programmed schedule.

4.2 Manual Feeding

To dispense food immediately outside of the scheduled times:

- **Via App:** On the app's main screen for the feeder, locate the "Feed Now" or "Manual Feed" option. You can usually select the portion size before dispensing.
- **On Feeder:** Press the manual feed button located on the feeder's base unit. This will dispense a single portion of food.

4.3 Monitoring and Notifications

- The app provides real-time feeding logs, allowing you to track when and how much food was dispensed.
- Receive instant notifications for important events, such as low food levels or low battery power.

5. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene for your pet.

5.1 Disassembly for Cleaning

The PETLIBRO feeder is designed for easy disassembly:

1. Ensure the feeder is unplugged and powered off.
2. Remove the food hopper from the base unit. The easy-lock design allows for quick removal.
3. Separate the stainless steel bowl from the base.
4. Disassemble any other detachable components as per the quick guide.

Cleaning made simple

Easy maintenance with detachable components

Image: Detachable components of the feeder being cleaned under running water in a sink.

5.2 Cleaning Instructions

- Wash the food hopper, lid, and stainless steel bowl with mild soap and water. Rinse thoroughly.
- **DO NOT wash the main base unit with water.** Wipe the base unit with a damp cloth only.
- Ensure all washed components are completely dry before reassembling and refilling with food.

5.3 Kibble Recommendations

- Use dry kibble with a diameter between 2-15mm.
- Do not use wet pet food or kibble larger than 15mm, as this can cause jamming.

Easy-lock design

Remove the food tank in seconds with the feeder's easy-lock, designed for convenience and security.

Image: Visual guide for recommended kibble sizes (2-15mm) and compatible food types (dry, freeze-dried, air-dried, mixed food).

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Feeder not dispensing food.	Food hopper empty; kibble jammed; power issue; incorrect schedule.	Refill hopper; check kibble size (2-15mm); ensure feeder is charged/plugged in; verify app schedule.
Wi-Fi disconnection.	Router issue; feeder out of range; 5GHz network used.	Restart router; move feeder closer to router; ensure 2.4GHz network is used. The built-in battery ensures emergency feeding even if Wi-Fi temporarily disconnects.
Pet knocks over feeder/bowl.	Feeder not stable; bowl not securely attached.	Place feeder in a stable location or against a wall; ensure bowl is properly seated. The spill-proof design minimizes mess if tipped.
App not connecting to feeder.	Incorrect Wi-Fi password; feeder not in pairing mode; app issue.	Re-enter Wi-Fi password; follow app instructions to re-pair; restart app and feeder.

If you encounter issues not listed here, please refer to the [Warranty & Support](#) section for contact information.

7. PRODUCT SPECIFICATIONS

Feature	Detail
Model Name	air automatic cat feeder (PLAF108)
Brand	PETLIBRO
Capacity	2 Liters
Color	White
Material	Acrylonitrile Butadiene Styrene, Stainless Steel
Dimensions (LxWxH)	7.68 x 7.68 x 11.42 inches
Item Weight	3.66 Pounds (1.66 Kilograms)
Power Source	Rechargeable Lithium Battery (30-day life), Charger
Connectivity	Wi-Fi (2.4GHz only)
