DICTAC BIB-01L

DICTAC King Size Bed Frame Instruction Manual

Model: BIB-01L | Brand: DICTAC

This manual provides detailed instructions for the assembly, operation, and maintenance of your DICTAC King Size Bed Frame with Storage Headboard and Charging Station.

Important Safety Information

Please read and understand all instructions before beginning assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always use caution when assembling and disassembling the bed frame.
- Do not exceed the maximum weight limit of **1,100 lbs**.
- Be careful around sharp edges and metal slats to prevent injury during handling and assembly.
- Ensure all connections are securely fastened before use. Periodically check and re-tighten fasteners as needed.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Do not use abrasive cleaners or harsh chemicals on the bed frame surfaces.

Product Overview

The DICTAC King Size Bed Frame is designed for comfort, style, and functionality. It features a robust metal frame, a versatile storage headboard, and integrated charging capabilities. The headboard includes RGB LED lights for customizable ambiance.

Parts List

Before assembly, verify that all parts listed below are present and undamaged. Refer to the assembly video for visual identification of components.

Your browser does not support the video tag.

Video 1: Assembly video for the bed frame, showing all parts and step-by-step instructions. The initial seconds of the video display the parts list.

A comprehensive list of parts and hardware is typically included in the packaging. Please cross-reference with the provided assembly video (Video 1) for visual confirmation of each component.

Setup and Assembly

Assembly is designed to be straightforward. It is recommended to have two people for easier and safer assembly. Follow the numbered steps below, referring to the assembly video (Video 1) for visual guidance.

1. **Prepare the Headboard Structure:** Assemble the wooden components of the headboard, including the shelves and side panels. Ensure all screws are tightened securely. This forms the main storage unit.

2. **Attach Headboard Frame:** Connect the metal frame components to the assembled wooden headboard. Use the provided bolts and tools to secure these connections.
3. **Assemble Bed Frame Sides:** Connect the side rails and footboard to the headboard structure. Ensure the footboard's heightened design is facing upwards to prevent mattress sliding.
4. **Install Center Support Bars:** Place and secure the central support bars and legs within the bed frame. These provide crucial stability for the mattress.
5. **Lay Metal Slats:** Distribute the metal slats evenly across the bed frame. Secure them to the side rails using the designated fasteners. Apply the EVA foam sound-proof strip to the metal slats to reduce noise.
6. **Install Headboard Storage Doors:** Attach the glass-door cabinets to the headboard's designated slots. Ensure hinges are properly aligned and secured.
7. **Connect Charging Station:** Integrate the built-in charging station into the headboard. Route the power cord as instructed and ensure it is accessible for connection to a power outlet.
8. **Install LED Lights:** Affix the RGB LED light strips to the designated areas within the headboard. Connect them to the control unit and power source.
9. **Final Checks:** Double-check all screws and connections for tightness. Ensure the bed frame is stable and level.

Operating Instructions

RGB LED Lights

The integrated RGB LED lights offer multiple colors and modes to enhance your bedroom atmosphere. Control is available via a dedicated app or a key control unit.

- **App Control:** Download the specified mobile application (refer to packaging or included instructions for QR code/app name). Connect your device via Bluetooth to the bed frame's LED controller. The app allows you to:
  - Select from over 60,000 colors.
  - Adjust brightness levels.
  - Choose various lighting modes (e.g., static, fade, jump).
  - Activate Music Sync Mode, where lights change with music rhythm.
  - Utilize Mic Mode for lights to react to sound.
  - Set timing functions for automatic on/off.
  - Create custom lighting styles.

- **Key Control:** Use the inline controller to cycle through basic colors and modes, and adjust brightness.

Figure 4: Overview of RGB LED light features, including app control, various modes, and color options.

Figure 5: Illustration of the Music Sync Mode, where the LED light colors change in response to music.

Charging Station

The headboard features a built-in charging station for convenient power access.

- **Power Outlets:** Includes 2 standard 125V/12A AC outlets.
- **USB Ports:** Features 1 Type-C and 1 USB port (5V/2.1A total output).
- **Usage:** Plug the bed frame's power cord into a wall outlet. You can then charge mobile phones, tablets, and other electronic devices directly from the headboard.

Figure 6: Close-up view of the integrated charging station with AC outlets and USB ports.

Storage Headboard

The multi-functional headboard provides ample storage solutions.

- **2-Layer Storage Shelves:** Open shelves for easy access to books, decor, or personal items.
- **Private Storage Cabinets:** Two cabinets with glass doors, ideal for displaying collectibles or keeping items dust-free. These can be illuminated by the LED lights.
- **Large Hidden Storage Space:** A discreet compartment behind the headboard's upholstered section, perfect for storing larger items or valuables.

Figure 7: Detailed view of the headboard's storage options, including open shelves, glass-door cabinets, and hidden storage.

Maintenance

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:**
  - For metal and wooden surfaces, wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
  - For the upholstered headboard, spot clean with a mild fabric cleaner if necessary. Test on an inconspicuous area first.
  - Clean glass doors with a standard glass cleaner.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability and prevent noise.
- **Noise Reduction:** The bed frame includes an EVA foam sound-proof strip. If noise occurs, inspect the metal slats and ensure the strip is properly in place.
- **Mattress Placement:** The heightened footboard design helps prevent mattress sliding. Ensure your mattress is properly

seated within the frame.

Figure 8: Visual representation of the heightened footboard preventing mattress sliding and the noise-free mute bar design for quiet operation.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is creaking/noisy.	Loose bolts or screws; metal-on-metal friction.	Tighten all bolts and screws. Ensure EVA foam sound-proof strips are correctly installed on metal slats.
Mattress slides on the frame.	Improper mattress placement; mattress size mismatch.	Ensure the mattress is fully seated against the heightened footboard. Verify mattress size matches the King size frame.

Problem	Possible Cause	Solution
LED lights are not working.	Power connection issue; loose wiring; controller malfunction.	Check if the LED light power cable is securely connected. Ensure the bed frame's main power cord is plugged into a working outlet. Verify controller connections.
Charging station not providing power.	Bed frame not plugged in; power outlet issue; device cable fault.	Ensure the bed frame's main power cord is securely plugged into a functional wall outlet. Test the wall outlet with another device. Try a different charging cable for your device.

Specifications

- **Size:** King
- **Product Dimensions:** 89.2"L x 76.2"W x 47.2"H
- **Color:** Black
- **Finish Type:** Lacquered
- **Material:** Metal frame, upholstered headboard (faux leather fabric), wooden headboard components.
- **Special Features:** Headboard with hidden storage space, lighted (RGB LED), squeak resistant, upholstered headboard with charging station, with bookcase storage headboard.
- **Included Components:** Built-in Charging Station, Hidden Storage, RGB Led Lights, Slat, Upholstered Headboard and Footboard.
- **Compatible Mattress Size:** King
- **Recommended Mattress Thickness:** 8-14 inches (approximate, based on product images).
- **Item Weight:** 104.5 pounds
- **Maximum Weight Capacity:** 1,100 lbs

Warranty and Support

For warranty information or technical support, please contact DICTAC customer service. Details for contacting support are typically provided on the product packaging or through the retailer where the product was purchased.
DICTAC is committed to providing excellent service and assistance with any questions or concerns regarding your bed frame.
