Instruction Manual

PERFASCIN DG11J1-32 Replacement Remote Control

INTRODUCTION

This manual provides essential information for the setup, operation, and maintenance of your PERFASCIN DG11J1-32 replacement remote control. This remote is designed to function as a direct replacement for specific Whirlpool Air Conditioner models, including DG11J1-35, DG11J1-41, G11J1-31, and DG11J1-32.

It is important to note that this is a replacement infrared remote control and may not support all advanced functions present on the original equipment manufacturer's remote. No programming or pairing is required for its operation.

PRODUCT OVERVIEW

Key Features

- No programming or pairing required.
- Direct replacement for specified Whirlpool Air Conditioner remote models.
- Utilizes infrared technology for strong signal transmission.
- Buttons constructed from silicone for tactile feedback and dust resistance.
- Fast response time, typically under 0.2 seconds.

Compatible Models

This remote control is compatible with the following Whirlpool Air Conditioner remote models:

- DG11J1-35
- DG11J1-41
- G11J1-31
- DG11J1-32

Note: This list is not exhaustive. If your model is not listed, please refer to the product description or contact support for compatibility verification.

Battery Installation

The remote control requires two (2) AAA alkaline batteries (not included). Follow these steps to install the batteries:

1. Locate the battery compartment cover on the back of the remote control.
2. Slide the cover downwards to open the compartment.
3. Insert two new AAA alkaline batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Slide the battery compartment cover back into place until it clicks securely.

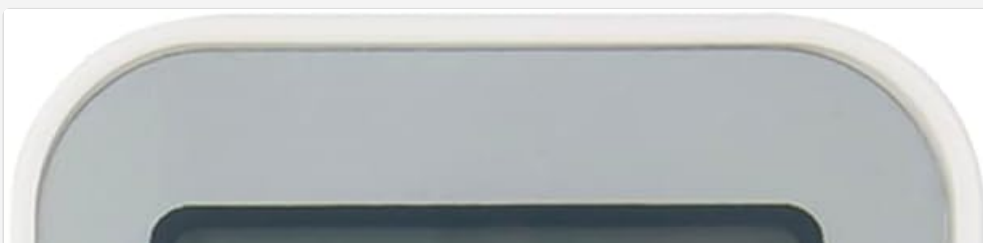

Important: Use only new alkaline batteries. Rechargeable batteries may not provide sufficient power for optimal operation.

MAINTENANCE

Cleaning the Remote Control

To maintain the remote control's appearance and functionality:

- Wipe the surface with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or alcohol, as these can damage the surface or internal components.

Battery Replacement

Replace batteries when the remote's response becomes sluggish or the air conditioner unit does not respond to commands. Always replace both batteries simultaneously with new alkaline batteries.

Caution: Do not mix old and new batteries, or different types of batteries. Remove batteries if the remote will not be used for an extended period to prevent leakage.
