

ZEBRONICS MTS150

ZEBRONICS MTS150 Foldable Mobile Holder User Manual

Model: MTS150

INTRODUCTION

Thank you for choosing the ZEBRONICS MTS150 Foldable Mobile Holder. This device is designed to provide a stable and adjustable platform for your mobile phone or tablet, enhancing your viewing and interaction experience. Please read this manual carefully to ensure proper use and maintenance of your product.

PRODUCT FEATURES

- Lightweight and Handy:** Designed for portability and ease of use.
- Universal Compatibility:** Suitable for various mobile phones and tablets.
- Damping Shaft:** Provides smooth and stable angle adjustments.
- Cable Management:** Integrated design for convenient charging while in use.
- Rust-Free Aluminum Alloy:** Durable construction for long-lasting performance.
- Anti-Skid Base:** Ensures stability on various surfaces.
- Anti-Skid Resting Pad:** Protects your device from scratches and prevents slipping.
- Ultra-Thin Design:** Compact and sleek profile.
- 360° Rotation:** Allows for flexible viewing angles.
- 180° Stepless Tilt Adjustments:** Offers a wide range of tilt options for optimal viewing.

PACKAGE CONTENTS

- ZEBRONICS MTS150 Mobile Stand - 1 unit

SETUP INSTRUCTIONS

- 1. Unfold the Stand:** Gently unfold the stand from its compact position. The hinges are designed for smooth movement.
- 2. Adjust the Base:** Place the stand on a flat, stable surface. Ensure the anti-skid base is fully in contact with the surface.
- 3. Adjust the Viewing Angle:** Use the damping shaft to adjust the main arm to your desired height and tilt. The stand supports 180° stepless tilt adjustments.
- 4. Rotate the Device Holder:** The device holder features 360° rotation. Adjust it to achieve either portrait or landscape orientation for your device.
- 5. Place Your Device:** Carefully place your mobile phone or tablet onto the anti-skid resting pad. Ensure it is securely seated.

OPERATING INSTRUCTIONS

- 1. Angle Adjustment:** The stand allows for multi-angle adjustments. Gently push or pull the upper arm to achieve the desired viewing angle. The damping shaft ensures the angle remains stable.
- 2. 360° Rotation:** The circular base allows for 360° rotation. Simply turn the base to change the orientation of your device without moving the entire stand.
- 3. Cable Management:** Utilize the designated cut-out at the bottom of the device resting area for charging cables. This keeps your workspace tidy while your device charges.
- 4. Folding for Storage:** To store or transport the stand, fold it back into its compact, ultra-thin design.

MAINTENANCE

- **Cleaning:** Wipe the stand with a soft, dry cloth to remove dust. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the finish and materials.
- **Storage:** When not in use, fold the stand to its compact form and store it in a clean, dry place.

Foldable Design

TROUBLESHOOTING

The ZEBRONICS MTS150 is a mechanical device designed for simplicity and durability. Most issues can be resolved with basic checks.

- **Stand feels unstable:** Ensure the stand is placed on a flat, level surface and the anti-skid base is clean and free of debris.
- **Device slipping:** Verify that your device is properly seated on the anti-skid resting pads. Clean the pads if they appear dusty or oily.
- **Difficulty adjusting angle:** The damping shaft is designed to hold angles firmly. Apply gentle, consistent pressure when adjusting. Do not force the mechanism.
