## Pet Genie Pail

# Pet Genie Pail Dog Waste Disposal System User Manual

**Brand:** Pet Genie

**Model:** Pail

## PRODUCT OVERVIEW

---

The Pet Genie Pail is a versatile dog waste disposal system engineered to provide superior odor control for both indoor and outdoor environments. This system utilizes a proprietary odor lock technology and a multi-layer refill film to effectively contain and neutralize unpleasant smells, ensuring a fresh living space. It is designed to accommodate various types of dog waste, including dog poop, dog poop bags, dog diapers, training pads, and dog litter.

Its robust construction with UV protection makes it suitable for outdoor use, while its compact and lightweight design allows for easy portability. The integrated sliding lever mechanism securely locks waste and odors inside, and the top handle provides a secure grip for carrying and prevents accidental lid opening.

**Locks waste  
and odors away**

**Convenient for  
outdoor or  
indoor use**

**Easy clean-up  
and containment  
of dog messes**

**Multi-layer  
refill film with  
odor-locking  
barrier  
technology**

**Figure 2:** Key features of the Pet Genie Pail, including its odor-locking capability, suitability for both indoor and outdoor use, ease of cleaning, and advanced multi-layer refill film technology.

## 1. SETUP

Before using your Pet Genie Pail, ensure all components are present and properly assembled. The pail comes ready for use with a starter refill.

### 1.1 Unboxing and Initial Refill Installation

1. Carefully remove the Pet Genie Pail and the included starter refill from its packaging.
2. Open the lid of the pail.
3. Place the square refill bag into the top compartment of the pail. Ensure the film is properly seated and ready for use.
4. Close the lid securely.

# What is included with the Pet Genie pail?

Pail

Tail at the back for added stability

Starter refill  
14 ft (lasts up to 2 months)

**Figure 3:** Components included with the Pet Genie Pail: the pail itself, a starter refill (14 ft, lasting up to 2 months), and a tail at the back for added stability.

## 2. OPERATING INSTRUCTIONS

The Pet Genie Pail is designed for simple and hygienic disposal of dog waste.

### 2.1 Disposing of Waste

1. **Scoop or Grab It:** Collect dog waste using a scooper or a dog poop bag. For direct scooping, open the pail's lid.
2. **Drop It:** Place the collected waste into the opening at the top of the pail.
3. **Lock It:** Push the sliding lever forward to drop the waste into the sealed compartment below. This action also twists the film, locking odors inside.

# Sliding lever locks waste and odors in

**Figure 5:** A detailed view of the sliding lever mechanism, which is crucial for locking waste and odors securely within the pail.

## **2.2 Reducing Plastic Bag Use**

The Pet Genie Pail allows for direct scooping of waste into the system, which can help reduce the number of individual plastic poop bags used.

Reduce individual plastic poop bags by scooping directly into the pail

**Figure 6:** Demonstrating how to reduce the use of individual plastic poop bags by scooping waste directly into the Pet Genie Pail.

### 2.3 Portability

The pail features a sturdy handle that allows it to be easily carried, making it convenient for use in various outdoor locations.

Handle allows pail to be carried and secures lid opening

### 3. MAINTENANCE

---

Regular maintenance ensures optimal performance and odor control from your Pet Genie Pail.

#### 3.1 Refill Replacement

The included multi-layer refill film can last up to 2 months for one dog. When the refill is full or depleted, it needs to be replaced.

1. Open the lid of the pail.
2. Carefully remove the used refill bag from the pail. It is recommended to tie a knot at the top of the used bag to further seal odors.
3. Dispose of the used refill bag according to local waste disposal regulations.

4. Insert a new Pet Genie square refill bag into the pail, ensuring it is properly seated.
5. Close the lid securely.

### 3.2 Cleaning the Pail

Periodically clean the interior and exterior of the pail to maintain hygiene.

- Use a mild soap and water solution with a soft cloth or sponge.
- Wipe down all surfaces.
- Rinse thoroughly and allow to air dry completely before re-inserting a refill.
- Avoid using abrasive cleaners or harsh chemicals, as these may damage the plastic.

## 4. TROUBLESHOOTING

This section addresses common issues you might encounter with your Pet Genie Pail.

Problem	Possible Cause	Solution
Odor leakage	Lid not fully closed; refill not properly seated; pail needs cleaning; refill is full.	Ensure lid is securely closed. Check if the refill film is correctly installed. Clean the pail thoroughly. Replace the refill if it is full.
Sliding lever stuck or difficult to operate	Waste accumulation in the mechanism; foreign object obstructing movement.	Open the lid and visually inspect the lever mechanism for any obstructions. Gently clear any waste or debris. Ensure the pail is not overfilled.
Pail unstable	Not placed on a flat, stable surface.	Ensure the pail is placed on a level and firm surface. The pail has a tail at the back for added stability.

## 5. SPECIFICATIONS
