# Delta Children Disney Minnie Mouse Bassinet Instruction Manual

Model: 25413-2344

[Setup](#)   [Operating Instructions](#)   [Maintenance](#)   [Troubleshooting](#)   [Specifications](#)   [Safety Information](#)

## INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, and maintenance of your Delta Children Disney Minnie Mouse Bassinet. Please read all instructions carefully before use and retain this manual for future reference.

This bassinet is designed for infants from 0-5 months or until the infant begins to push up on their hands and knees, whichever comes first. The maximum weight capacity is 30 lbs.

## IMPORTANT SAFETY INFORMATION

**WARNING:** Failure to follow these warnings and instructions could result in serious injury or death.

- Always provide the supervision necessary for the continued safety of your child.
- Never leave child unattended.
- Discontinue use of the bassinet when the infant begins to push up on hands and knees or has reached 5 months of age, whichever comes first.
- The bassinet is intended for use with infants from birth up to 5 months of age.
- Never use this product if there are any loose or missing fasteners, loose joints, or broken parts. Check before assembly and periodically during use.
- Do not substitute parts. Contact Delta Children for replacement parts.
- Ensure the bassinet is placed on a firm, horizontal surface.
- Keep small parts away from children during assembly.
- Do not place the bassinet near windows where cords from blinds or drapes could strangle a child.
- Do not place the bassinet near heaters, open flames, or other heat sources.
- Only use the mattress pad provided by the manufacturer. Do not add a second mattress, pillow,

comforter, or other padding.

- The mobile arm should be removed when the infant begins to push up on hands and knees to prevent possible entanglement injury.

## SETUP INSTRUCTIONS

Follow these steps for proper assembly of your bassinet.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify all components are present and undamaged according to the parts list (not provided in this manual, refer to original packaging).
2. **Assemble Frame:** Connect the frame pieces as instructed in your product's specific assembly guide. Ensure all connections are secure and locked into place.
3. **Attach Bassinet Basket:** Secure the bassinet basket to the assembled frame. Ensure the mesh sides are properly aligned and attached to allow for open airflow.
4. **Insert Mattress Pad:** Place the provided waterproof mattress pad and fitted sheet into the bassinet. Do not use additional padding.
5. **Install Mobile Arm:** Attach the rotating Minnie Mouse mobile arm to the designated slot on the bassinet frame. Ensure it is securely fastened. The mobile arm features spinning stars.
6. **Install Batteries:** The control panel for vibration, nightlight, and music requires 4 AA batteries (not included). Insert batteries into the designated compartment on the mobile arm.
7. **Verify Stability:** Before placing your infant in the bassinet, ensure all parts are correctly assembled and the bassinet is stable on a flat surface.

## OPERATING INSTRUCTIONS

This bassinet includes several features to comfort your infant.

- **Vibration Feature:** The control panel on the mobile arm allows you to activate a gentle vibration. Press the vibration button to cycle through intensity levels or turn off.
- **Music and Sounds:** Select from various calming music and sounds using the dedicated button on the control panel. Adjust volume as needed.
- **Nightlight:** Activate the soft glow nightlight from the control panel. This provides gentle illumination without disturbing your infant's sleep.
- **Rotating Mobile Arm:** The Minnie Mouse mobile arm with spinning stars can be activated to provide visual stimulation for your infant.
- **Storage Basket:** Utilize the large storage basket located under the bassinet for convenient access to baby essentials such as diapers, wipes, and blankets.

## MAINTENANCE

- **Cleaning the Fitted Sheet:** The fitted sheet is machine washable. Follow the care instructions on the label for best results.
- **Cleaning the Bassinet:** Wipe down the frame and mesh sides with a damp cloth and mild soap. Rinse thoroughly and allow to air dry completely before use. Do not use abrasive cleaners.
- **Battery Replacement:** Replace 4 AA batteries in the mobile arm's control panel as needed. Ensure correct polarity.
- **Regular Inspection:** Periodically check all fasteners, joints, and parts to ensure they are secure and in good working condition. Tighten any loose fasteners.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Mobile arm features (vibration, music, nightlight) not working.	Batteries are dead or incorrectly installed.	Replace 4 AA batteries, ensuring correct polarity.
Bassinet feels unstable.	Frame connections are not fully secured.	Re-check all frame connections and ensure they are locked into place. Ensure bassinet is on a flat, level surface.
Mobile arm not rotating.	Mechanism obstructed or batteries low.	Check for any obstructions. Replace batteries if other mobile features are also weak.

## SPECIFICATIONS
