

GYI 801 series

GYI Big and Tall Office Chair Instruction Manual

Model: 801 Series

Brand: GYI

INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, operation, and maintenance of your GYI Big and Tall Office Chair. Designed for maximum comfort and durability, this chair features a 160-degree reclining function with a footrest, a wide seat suitable for up to 400 lbs, and ergonomic support for prolonged use. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

PRODUCT FEATURES

- **160 Degree Reclining with Footrest:** Our reclining office chair is designed for maximum comfort during those long workdays. Whether you're catching a quick break or need a power nap, this chair's adjustable recline feature has got you covered.
- **Big & Tall Design (400 LBS Capacity):** With a remarkable 400 lb weight capacity and a wide, plus-size seat and arms, this chair ensures that everyone feels secure and comfortable.
- **Comfortable for All-Day Sitting:** Transform your home office into a haven of comfort. It's the ideal blend of style and function, promising a comfortable seat for sitting all day.
- **High Back Ergonomic Support:** The high back office desk chair is tailored to meet the specific needs of office workers requiring extra support. It's not just a desk chair; it's an investment in your well-being.

OPERATING INSTRUCTIONS

Adjusting Chair Height:

Locate the lever on the right side, beneath the seat. Pull the lever upwards while applying or releasing weight to adjust the chair to your desired height. Release the lever to lock the height.

Reclining Function:

To recline the backrest, pull the lever on the left side, beneath the seat, upwards. Lean back to the desired angle (up to 160 degrees). Release the lever to lock the backrest in place. To return to an upright position, pull the lever again and lean forward.

Using the Retractable Footrest:

The footrest is stored beneath the seat. Pull it outwards until fully extended. Flip the padded section upwards to create a

comfortable footrest. To retract, flip the padded section down and push the footrest back under the seat.

MAINTENANCE

Cleaning:

Wipe the chair's surface with a soft, damp cloth. For tougher stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners, as they may damage the material.

General Care:

Regularly check all screws and bolts to ensure they are tight. Re-tighten if necessary. Avoid exposing the chair to direct sunlight or extreme temperatures for prolonged periods, as this may cause the material to fade or crack.

TROUBLESHOOTING

Chair Sinks or Does Not Adjust Height:

Check the gas lift cylinder. Ensure it is properly seated in the base and the mechanism is not obstructed. If the issue persists, the gas lift may need replacement.

Chair Wobbles:

Ensure all assembly screws are securely tightened, especially those connecting the seat to the base and the armrests. Verify that the caster wheels are fully inserted into the base.

Footrest Does Not Extend/Retract Smoothly:

Check for any obstructions in the footrest's sliding mechanism. Ensure the tracks are clean and free of debris. A small amount of silicone lubricant can be applied if needed.

SPECIFICATIONS

Feature	Detail
Brand	GYI
Model Name	801 series
Color	Grey-1unit
Product Dimensions	25.6"D x 31.5"W x 45.6"H
Maximum Weight Recommendation	400 Pounds
Reclining Position Count	3 (up to 160 degrees)
Special Features	Adjustable Height, Ergonomic, Arm, Retractable Footrest
Item Weight	56.5 pounds
