FRTEC BATHEAD

FRTEC Batman Gaming Headset BATHEAD User Manual

INTRODUCTION

This manual provides essential instructions for the setup, operation, and maintenance of your FRTEC Batman Gaming Headset (Model BATHEAD). Please read this guide thoroughly to ensure optimal performance and longevity of your device.

PACKAGE CONTENTS

Verify that all items are present in your package:

- FRTEC Batman Gaming Headset
- Ear Cushions (pre-installed or included as spare)
- User Manual (this document)

SETUP AND CONNECTIVITY

The FRTEC Batman Gaming Headset is designed for broad compatibility across multiple platforms. Follow these steps to connect your headset.

Connecting to Gaming Consoles (PS5, PS4, Xbox Series X/S, Xbox One, Nintendo Switch)

1. Locate the 3.5mm audio jack on your gaming controller or console.
2. Insert the 3.5mm jack from the headset into the audio port.
3. For LED lighting, connect the USB 2.0 cable to an available USB port on your console.
4. Adjust audio settings on your console as needed to select the headset for input and output.

Connecting to PC/Mac

1. Insert the 3.5mm jack from the headset into the audio output/headphone port on your computer. If your computer has separate microphone and headphone jacks, you may need a Y-splitter (not included).
2. For LED lighting, connect the USB 2.0 cable to an available USB port on your computer.
3. Access your computer's sound settings to select the headset as the default audio input and output device.

Adjusting the Headset

- **Adjustable Headband:** Extend or retract the headband to fit comfortably over your head.
- **Removable Batman Ears:** The bat-shaped ears on the headband are detachable. Gently pull them off to remove or push them firmly into place to attach.
- **Flexible Microphone:** Position the microphone closer or further from your mouth for optimal voice clarity.

OPERATING INSTRUCTIONS

Familiarize yourself with the headset's controls for an enhanced gaming experience.

In-line Controls

The headset features an in-line control unit on the cable for convenient adjustments.

Image: The in-line control unit on the headset cable, featuring a volume roller and a microphone mute switch for easy access during gameplay.

- **Volume Control:** Use the scroll wheel on the in-line control unit to increase or decrease the audio volume.
- **Microphone Mute:** Flip the switch on the in-line control unit to mute or unmute the microphone.

LED Lighting

The headset features a yellow LED Batman logo on the earcups, powered via the USB connection.

FR·TEC

Image: A side view of the FRTEC Batman Gaming Headset, prominently displaying the glowing yellow Batman logo on the earcup, indicating the LED lighting feature.

- The LED lights activate automatically when the USB cable is connected to a powered USB port.
- There is no separate switch for the LED lighting; it is controlled by the USB power connection.

MAINTENANCE AND CARE

Proper care will extend the life of your headset.

- **Cleaning:** Use a soft, dry cloth to clean the headset. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cables to prevent damage.
- **Ear Cushions:** If removable, gently clean or replace ear cushions as needed.

TROUBLESHOOTING

If you encounter issues with your headset, refer to the following common solutions.

- **No Sound:**

- Ensure the 3.5mm jack is fully inserted into the audio port.
- Check the in-line volume control and increase the volume.
- Verify that the headset is selected as the default audio output device in your device's sound settings.
- Test the headset on another device to rule out a device-specific issue.

- **Microphone Not Working:**

- Ensure the microphone mute switch on the in-line control is in the 'unmute' position.
- Verify that the headset microphone is selected as the default input device in your device's sound settings.
- Check application-specific microphone settings (e.g., in-game voice chat, communication software).
- Ensure the microphone is positioned correctly.

- **LED Lights Not Working:**

- Ensure the USB 2.0 cable is securely connected to a powered USB port.
- Try connecting the USB cable to a different USB port.

SPECIFICATIONS

Feature	Detail
Model Number	BATHEAD
Connectivity Technology	Wired (3.5mm Jack, USB 2.0 for LED)
