ABUS SH 6000 Bordo

ABUS SH 6000 Bordo Bike Lock Holder Instruction Manual

Model: SH 6000 Bordo (Part No. 72900)

1. INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your ABUS SH 6000 Bordo Bike Lock Holder. Please read this manual carefully before use to ensure safe and efficient handling of the product.

The ABUS SH 6000 Bordo holder is designed for convenient transport of ABUS Bordo folding locks, specifically models 6000K, 6000KA, 6000C, 6000, 6000A, and 6100 with a length of 90 cm. Its tool-free installation and compact design allow for easy attachment to your bicycle frame and quick access to your lock.

2. PACKAGE CONTENTS

Verify that all components are present in the package:

- 1x ABUS SH 6000 Bordo Bike Lock Holder
- Mounting straps (pre-attached or separate, depending on packaging)

If any parts are missing or damaged, please contact ABUS customer support.

3. SETUP AND INSTALLATION

The ABUS SH 6000 Bordo holder features tool-free installation using practical tension straps. Follow these steps to securely attach the holder to your bicycle frame.

3.1 Choosing an Installation Location

Select a suitable location on your bicycle frame. The holder is designed to minimize space requirements and allows the lock to be removed from the front, offering flexibility in placement.

Image: The ABUS SH 6000 Bordo Bike Lock Holder mounted on a bicycle frame, demonstrating its compact design and how it holds a folding lock.

3.2 Attaching the Holder to the Frame

1. Position the holder on your bicycle frame at the desired location.
2. Wrap the tension straps around the frame tubing.
3. Thread the straps through the buckles on the holder and pull them tight to secure the holder firmly against the frame. Ensure there is no movement or slippage.
4. Double-check the stability of the holder before inserting the lock.

4. OPERATING INSTRUCTIONS

Once the holder is securely installed, you can easily transport and access your ABUS Bordo folding lock.

4.1 Inserting the Folding Lock

1. Open the two side clips of the holder.
2. Slide your compatible ABUS Bordo folding lock (e.g., 6000K, 6000) into the holder from the front.
3. Ensure the lock is fully seated within the holder.
4. Close the two side clips firmly until they click into place, securing the lock.

4.2 Removing the Folding Lock

1. Press the release buttons or open the side clips on the holder.
2. Slide the folding lock out of the holder from the front.

5. MAINTENANCE

The ABUS SH 6000 Bordo Bike Lock Holder requires minimal maintenance to ensure its longevity and proper function.

- **Cleaning:** Wipe the holder with a damp cloth to remove dirt and dust. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic material.
- **Inspection:** Periodically check the mounting straps for wear and tear. Ensure they are still securely fastened and not frayed. Inspect the side clips for proper operation.
- **Storage:** If removing the holder from your bike for an extended period, store it in a clean, dry place away from direct sunlight.

6. TROUBLESHOOTING

If you encounter any issues with your ABUS SH 6000 Bordo Bike Lock Holder, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Holder is loose on the frame.	Mounting straps are not tight enough.	Re-tighten the tension straps firmly around the bicycle frame. Ensure they are properly threaded through the buckles.
Lock does not fit or is difficult to insert/remove.	Incorrect lock model or size. Side clips not fully open.	Ensure your lock is a compatible ABUS Bordo model (e.g., 6000K, 6000A, 6100) with a 90 cm length. Make sure the side clips are fully open before inserting or removing the lock.
Side clips do not close securely.	Obstruction or damage to the clips.	Check for any debris or foreign objects preventing the clips from closing. Inspect the clips for damage. If damaged, contact ABUS customer support.
