### Demeyere 190008

# Demeyere 190008 Sliding Door Wardrobe with Mirror - Assembly and Care Manual

Model: 190008

## INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Demeyere 190008 Sliding Door Wardrobe. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This wardrobe features a modern design with matte white panels, grey metal finishes, and an integrated mirror, offering practical storage solutions for your home.

## SAFETY INFORMATION

---

- **Caution:** Avoid exceeding the maximum total load capacity of 74 kg for the wardrobe.
- Ensure the wardrobe is properly secured to the wall using appropriate anti-tip hardware to minimize the risk of tipping, especially in households with children or pets.
- Keep all small parts, such as screws and fittings, out of reach of children during assembly.
- Use appropriate tools for assembly as specified in the manufacturer's instructions.
- Two people are recommended for safe and efficient assembly due to the size and weight of the components.
- Handle mirror components with extreme care to prevent breakage and injury.

## PRODUCT FEATURES

---

- **Modern Design:** This wardrobe features a timeless style with matte white paper coating and grey metal door profiles, suitable for various home decors.
- **Ample Storage:** The interior is divided into a 55.3 cm wardrobe section on both the left and right sides, complemented by a 56 x 39.1 cm top compartment. The wardrobe can support a total weight of up to 74 kg.
- **Practical Sliding Doors:** Ergonomic sliding doors save space, allowing full utilization of the surrounding area. The top panel supports up to 24 kg. The robust structure includes two doors, each 15 mm thick.
- **Integrated Mirror:** One of the sliding doors is equipped with a unilateral mirror, adding depth to your room and providing practical functionality without requiring a separate mirror.

## SETUP AND ASSEMBLY

This Demeyere 190008 wardrobe requires assembly. Detailed, step-by-step assembly instructions are provided by the manufacturer within the product packaging. Please refer to those specific instructions for a successful setup.

Before starting, ensure you have:

- All components and hardware unpacked and identified against the parts list.
- The necessary tools as specified in the assembly guide.
- A clean, spacious area for assembly.
- Assistance from a second person for easier and safer handling of large panels.

Follow the manufacturer's instructions carefully for each step, including frame assembly, sliding door mechanism installation, door and mirror attachment, and securing the wardrobe to the wall.

## OPERATING INSTRUCTIONS

---

- **Sliding Doors:** To open or close the wardrobe, gently push or pull the door panel along its designated track. Avoid applying excessive force.
- Ensure the tracks are clear of any obstructions (e.g., clothing, dust) for smooth and effortless operation.
- The integrated mirror is fixed to one of the sliding doors. When moving the mirrored door, do so with care to prevent impacts.

## MAINTENANCE AND CARE

---

- **Cleaning the Wardrobe Surfaces:** Use a soft, slightly damp cloth to wipe down the matte white surfaces. For stubborn marks, a mild soap solution can be applied, followed by drying with a clean, dry cloth. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Cleaning the Mirror:** Use a standard glass cleaner applied to a lint-free cloth. Spray the cleaner onto the cloth first, rather than directly onto the mirror, to prevent liquid from seeping into the mirror edges or frame. Wipe gently until clean and streak-free.
- **Hardware Check:** Periodically inspect all screws, bolts, and fittings to ensure they remain tight. Retighten any loose hardware to maintain the wardrobe's stability and structural integrity.
- **Sliding Mechanism:** Keep the sliding door tracks clean and free of dust and debris. A vacuum cleaner with a brush attachment can be used for this purpose. Lubrication is generally not required for these mechanisms, but if doors become stiff, consult the manufacturer's instructions.

## TROUBLESHOOTING

- **Doors not sliding smoothly:** Check the tracks for any debris, dust, or obstructions. Ensure the rollers are clean and properly seated in the tracks. Verify that the wardrobe is level on the floor.
- **Wobbly Wardrobe:** Ensure all assembly screws and fittings are securely tightened. Confirm that the wardrobe is placed on a flat, stable surface. If stability issues persist, ensure wall-anchoring hardware is correctly installed and tightened.
- **Mirror Damage:** In the event of a cracked or broken mirror, immediately cease use and contact customer support for replacement options. Do not attempt to use a damaged mirror due to safety risks.
- **Missing Parts:** If any parts are missing upon unpacking, refer to the manufacturer's assembly instructions for a parts list and contact the retailer or manufacturer for assistance.

## SPECIFICATIONS

Model Number	190008
Brand	Demeyere
Color	Grey (with Matte White panels and metal accents)
Product Dimensions (W x D x H)	116.5 cm x 59.8 cm x 203 cm
