## SAFETY INFORMATION

---

- Always turn off the main power supply at the circuit breaker before installing, cleaning, or replacing light bulbs.
- Consult a qualified electrician if you are not familiar with electrical wiring.
- Ensure all connections are secure and correct to prevent electrical hazards.
- Do not exceed the maximum wattage specified for the bulbs.
- Handle glass components with care to prevent breakage.

## SETUP AND INSTALLATION

---

The KINGTORO Modern Black Crystal Chandelier is designed for hardwired ceiling mount installation. Follow these steps for proper assembly and installation:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to

prevent scratches. Verify all components are present against the parts list in your included instruction manual.

2. **Assemble the Main Frame:** Attach the side support bars to the main rectangular frame using the provided screws.
3. **Attach Hanging Chains:** Securely attach the two hanging chains to the main frame and the ceiling canopy. The length of the chains is adjustable to achieve your desired hanging height (maximum 59 inches).
4. **Mount the Crossbar:** Turn off power at the circuit breaker. Install the mounting crossbar to your ceiling junction box.
5. **Wire the Fixture:** Connect the chandelier's electrical wires to your household wiring according to local electrical codes. Typically, black to black (live), white to white (neutral), and ground to ground. Secure connections with wire nuts.
6. **Secure the Canopy:** Carefully lift the chandelier and secure the ceiling canopy to the mounting crossbar using the provided screws.
7. **Install Light Bulbs:** Screw in six E26 base bulbs (not included) into the sockets. Do not exceed 40W per bulb.
8. **Attach Crystal Panels:** Carefully attach each water ripple glass panel to the frame using the small screws. Ensure they are securely fastened but do not overtighten.

For a visual guide on the assembly process, please refer to the installation video below:

## OPERATING INSTRUCTIONS

Once installed, the chandelier operates via a standard wall switch (not included). The fixture is compatible with dimming and non-dimming E26 LED bulbs, energy-saving bulbs, halogen bulbs, and tungsten bulbs. For dimming functionality, ensure you use dimmable bulbs and a compatible dimmer switch.

## MAINTENANCE

To maintain the appearance and functionality of your chandelier, follow these guidelines:

- **Cleaning:** Before cleaning, always turn off the power supply to the fixture. Use a soft, dry, or slightly damp cloth to wipe down the metal frame and glass panels. Avoid using abrasive cleaners, solvents, or polishes as they may

damage the finish or glass.

- **Bulb Replacement:** Ensure the power is off and the bulbs have cooled before attempting to replace them. Use only E26 base bulbs with a maximum wattage of 40W.
- **Inspection:** Periodically check all connections and components for any signs of wear or damage. If any issues are found, discontinue use and consult a qualified electrician.

## TROUBLESHOOTING

If you encounter any issues with your chandelier, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Loose wiring; Faulty bulb	Check circuit breaker; Verify wiring connections; Replace bulb.
Lights flicker	Loose bulb; Incorrect dimmer switch/bulb type; Voltage fluctuations	Tighten bulbs; Ensure dimmable bulbs are used with compatible dimmer; Consult electrician for voltage issues.
Glass panels are loose	Screws are not tightened sufficiently	Gently tighten the small screws holding the glass panels. Do not overtighten.

If the problem persists after attempting these solutions, please contact customer support or a qualified electrician.

## SPECIFICATIONS

Feature	Detail
Brand	KINGTORO
Model Number	A304BK-50IN
Dimensions (L x W x H)	50"L x 12.7"W x 78.7"H (Max. hanging height)
Adjustable Chain Length	Max 59 inches
Color	Black
Material	Glass, Metal
Light Fixture Form	Chandelier
Number of Light Sources	6
Bulb Base	E26
Max Wattage per Bulb	40 watts
