

Herture PG06YGZ

Herture 5-10 Gallon Fish Tank Stand Instruction Manual

Model: PG06YGZ

PRODUCT OVERVIEW

The Herture 5-10 Gallon Fish Tank Stand (Model PG06YGZ) is a robust and stylish solution for displaying your aquariums and storing related accessories. Designed with a modern aesthetic, this stand features a durable metal frame and sturdy particleboard shelves, capable of supporting significant weight. Its two-in-one space design allows for a primary aquarium on the top surface and a smaller tank or additional storage on the lower shelf, optimizing your living space.

SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the fish tank stand. Failure to follow these instructions may result in injury or damage to the product or property.

- **Weight Capacity:** Do not exceed the maximum static load capacity. The top desktop can withstand up to 500 lbs (226 kg), and the bottom shelf can hold up to 300 lbs (136 kg). Overloading can cause the stand to collapse.
- **Level Surface:** Always place the stand on a flat, level, and stable surface to prevent tipping. Use the adjustable feet to ensure stability.
- **Proper Assembly:** Ensure all components are correctly assembled and all screws are securely tightened before placing any weight on the stand. Refer to the assembly instructions provided in the accessory kit.
- **Water Spills:** While the stand is designed with moisture-resistant materials, prolonged exposure to water can cause damage. Promptly wipe up any water spills.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow children to climb or play on the stand.
- **Tank Placement:** Ensure the aquarium is centered and balanced on the tabletop to distribute weight evenly.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact Herture customer support.

- 1 x Fish Tank Stand (disassembled components)
- 1 x Accessory Kit (includes hardware and tools)
- 1 x Instructions Manual (detailed assembly guide)

SETUP AND ASSEMBLY

Assembly of the Herture Fish Tank Stand is designed to be straightforward. Please follow the step-by-step instructions provided in the dedicated instruction manual included in your accessory kit. It is recommended to assemble the stand on a soft, clean surface to prevent scratches.

Key Assembly Features:

- Adjustable Feet:** The stand is equipped with adjustable feet to ensure stability on uneven floors. Adjust them by rotating until the stand is perfectly level and does not wobble.

- **Cable Management:** A pre-drilled hole is located at the back of the cabinet for convenient routing of power cords and tubing, helping to keep your setup neat and organized.
- **Soft-Close Hinges:** The cabinet doors feature soft-close hinges for quiet and smooth operation, preventing sudden slams that could disturb your aquatic pets.

USAGE GUIDELINES

This fish tank stand is designed for optimal functionality and aesthetic appeal. Follow these guidelines for best use:

- **Top Surface:** The top surface is suitable for 5-10 gallon aquariums of various shapes (round, square, rectangular). Ensure the tank's footprint fits within the 20.5" L x 11.02" W tabletop dimensions.

- **Lower Shelf:** The lower shelf can accommodate an additional aquarium up to 5 gallons, or it can be used for decorative items, books, or other household goods.
- **Storage Cabinet:** Utilize the central cabinet for storing aquarium supplies such as fish food, water conditioners, nets, and gravel cleaners. The cable management hole allows for discreet routing of equipment cords.
- **Weight Distribution:** Always distribute weight evenly across the surfaces to maintain stability and prevent stress on the stand's structure.

MAINTENANCE

Regular maintenance will help preserve the appearance and longevity of your Herture Fish Tank Stand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the finish.
- **Spills:** Immediately clean up any water spills or condensation to prevent moisture damage to the particleboard.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary. Verify that the adjustable feet are still properly leveled.
- **Environmental Conditions:** Place the stand in a stable indoor environment, away from direct sunlight, extreme temperatures, and high humidity, which can affect the material integrity.

COMMON ISSUES & SOLUTIONS

While the Herture Fish Tank Stand is designed for durability, minor issues may arise. Here are some common concerns and their solutions:

- **Stand Wobbles:**
 - Ensure the stand is placed on a completely flat surface.
 - Adjust the leveling feet at the bottom of the stand until it is stable.
 - Check all assembly screws and re-tighten any that are loose.
- **Cabinet Doors Misaligned or Not Closing Smoothly:**
 - The soft-close hinges are adjustable. Refer to the detailed assembly instructions for guidance on how to adjust the hinges to align the doors properly.
 - Ensure the hinges are securely fastened to both the door and the cabinet frame.
- **Cords Difficult to Route Through Hole:**
 - The cable management hole is designed for standard cords. For larger plugs or multiple cords, carefully route them one by one.
 - Consider using slim-profile power strips or extension cords if space is limited.

WARRANTY AND SUPPORT

Herture stands behind the quality of its products. This fish tank stand comes with a **2-Year Support** period. If you experience any quality problems, require assistance with assembly, or have any questions regarding your Herture Fish Tank Stand, please do not hesitate to contact our customer service team. We are committed to ensuring your satisfaction.
