Lifewit 3-Tier Beverage Crate Rack Instruction Manual

Brand: Lifewit | Model: 23137

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Lifewit 3-Tier Beverage Crate Rack. Please read this manual thoroughly before assembly and use to ensure proper function and safety. Keep this manual for future reference.

Image 1.1: The Lifewit 3-Tier Beverage Crate Rack, designed for organized storage of beverage crates and other items.

2. SAFETY INFORMATION

- Ensure all components are securely fastened before placing items on the rack.
- Do not exceed the maximum load capacity of 150 kg per shelf or 300 kg total.
- Place the rack on a flat, stable, and level surface to prevent tipping.
- Keep children and pets away from the rack during assembly and when loaded with heavy items.
- Avoid placing the rack in high-traffic areas where it could be accidentally bumped.

3. PACKAGE CONTENTS

Verify that all parts listed below are present before beginning assembly. If any parts are missing or damaged, contact customer support.

Facile à installer

Remarque : regardez la vidéo pour voir le processus d'installation.

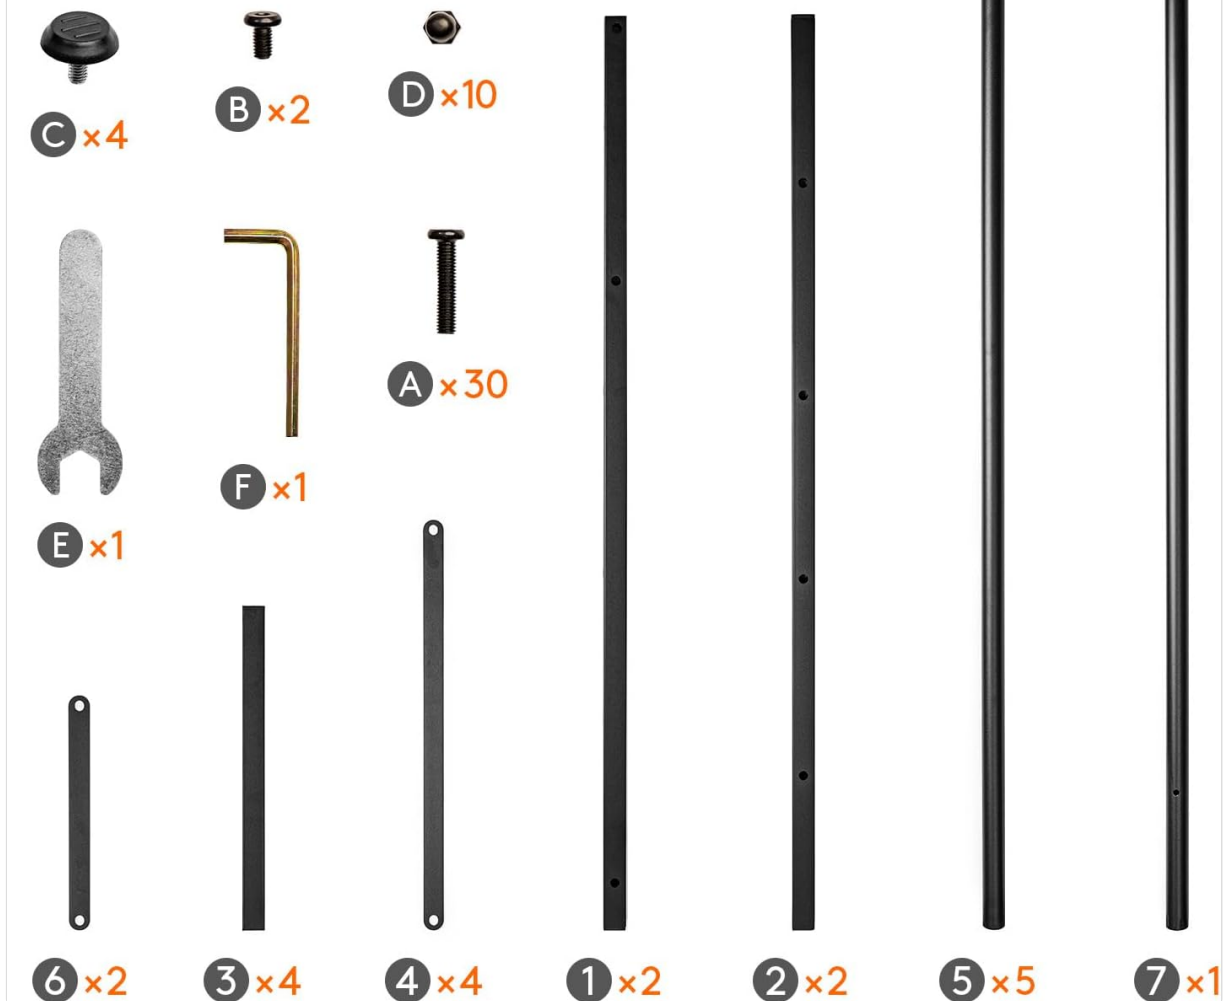

Image 3.1: All components included in the package for assembly.

- **Vertical Frame Bars:** (e.g., 2 long, 2 medium, 2 short)
- **Horizontal Support Bars:** (e.g., 4 pieces)
- **X-Crossbars:** (e.g., 2 sets)
- **Adjustable Feet:** (e.g., 4 pieces)
- **Screws (A):** 30 pieces
- **Small Screws (B):** 2 pieces
- **Bolts (C):** 4 pieces
- **Nuts/Washers (D):** 10 pieces
- **Wrench (E):** 1 piece
- **Allen Key (F):** 1 piece

4. ASSEMBLY INSTRUCTIONS

Assembly is straightforward and requires no drilling. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft

surface to prevent scratches. Refer to Image 3.1 to identify each part.

2. **Assemble Side Frames:** Attach the horizontal support bars to the vertical frame bars using the provided screws (A). Ensure the holes align correctly.
3. **Connect Side Frames:** Join the two assembled side frames using the remaining horizontal support bars and screws (A) to form the basic rectangular structure.
4. **Install X-Crossbars:** Secure the X-crossbars to the rear of the frame using the small screws (B) and nuts/washers (D). This enhances stability.
5. **Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the vertical frame bars. Adjust them as needed to ensure the rack is level on your floor.
6. **Final Tightening:** Once all parts are in place, use the provided wrench (E) and Allen key (F) to securely tighten all screws and bolts. Do not overtighten.

Note: The product description mentions an installation video is available. Please refer to the product page for access to this video, if needed, for visual guidance.

5. USAGE AND PLACEMENT

5.1 Load Capacity and Stability

The rack is constructed from robust metal, providing exceptional stability. Each tier is designed to support up to 150 kg, with a total maximum load capacity of 300 kg. The triangular structure and X-crossbar reinforcement contribute to its overall strength and durability.

6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Placement:** Avoid prolonged exposure to direct sunlight or extreme humidity, which may affect the material's longevity.

7. TROUBLESHOOTING

- **Rack is wobbly:** Ensure all screws and bolts are fully tightened. Check that the adjustable feet are properly leveled on the floor.
- **Missing parts:** Refer to the 'Package Contents' section (Section 3). If parts are missing, contact Lifewit customer support.
- **Difficulty assembling:** Double-check the assembly instructions (Section 4). Ensure components are oriented correctly. Refer to the product page for any available installation videos.
