**LaNikar KE3**

# LaNikar Military Smart Watch User Manual

MODEL: KE3

## INTRODUCTION

The LaNikar Military Smart Watch is a rugged and versatile device designed for active lifestyles, offering advanced features for communication, fitness tracking, and health monitoring. Its durable zinc alloy case has undergone military-grade testing for extreme temperatures, low air pressure, dust, and more, ensuring reliability in challenging environments. This manual provides essential information to help you set up, operate, and maintain your smartwatch.

## SETUP GUIDE

### 1. Charging the Smart Watch

Before first use, fully charge your LaNikar Smart Watch. Connect the provided charging cable to the watch's charging port and a USB power source. A full charge typically takes approximately 2 hours. Once charged, the watch can operate for 5-7 days with typical use and has a standby time of about 15 days.

## 2. App Installation and Pairing

To unlock the full potential of your smartwatch, download and install the **FitCloudPro** application on your smartphone. The app is compatible with Android 8.0 and above, and iOS 10.0 and above. It is not compatible with PCs, iPads, or tablets.

1. Scan the QR code in the watch's manual or search for "FitCloudPro" in your phone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the application and open it.
3. Enable Bluetooth on your smartphone.
4. In the FitCloudPro app, follow the on-screen instructions to search for and pair with your LaNikar Smart Watch. Ensure the watch is powered on and within Bluetooth range.
5. Grant necessary permissions to the app for full functionality (e.g., notifications, health data access).

## OPERATING INSTRUCTIONS

### Bluetooth Calls and Notifications

Once paired with your smartphone, the LaNikar Smart Watch allows you to make and receive calls directly from your wrist using its high-quality speaker and microphone. It also vibrates to notify you of incoming calls and messages from various applications such as Twitter, Facebook, Skype, and WhatsApp, ensuring you never miss important communications. A 'Do Not Disturb' mode is available to silence notifications during meetings or quiet times.

## Sports Modes

The smartwatch supports over 110 sports modes, including running, hiking, cycling, basketball, and football. You can select and customize your preferred exercise modes within the FitCloudPro app. The watch monitors key data in real-time during your workouts, helping you track your performance and progress.

## Health Monitoring

Equipped with upgraded sensors, the LaNikar Smart Watch provides 24-hour health monitoring. You can view detailed health data and sleep quality analysis through the FitCloudPro app. This includes heart rate, blood oxygen levels, and sleep patterns (awake, light, and deep sleep stages), enabling you to understand your health status and develop healthier habits.

## Additional Practical Functions

Beyond its core features, the LaNikar Smart Watch includes a variety of practical tools:

- **Calculator:** Perform quick calculations on the go.
- **Weather Forecast:** Get real-time weather updates.
- **Music Control:** Manage music playback on your paired smartphone.
- **Alarm Clock:** Set alarms for reminders.
- **Wrist Lift to Light Up Screen:** Automatically activate the display.

- **SMS Alert:** Receive text message notifications.
- **Shake to Take Photo:** Remotely control your phone's camera.
- **Phone Search:** Locate your misplaced smartphone.
- **Wallet & Business Cards:** Save QR codes for payments (PayPal, WeChat, Alipay, QQ) and social media (Facebook, WhatsApp, Twitter) for convenient sharing.
- **Sedentary Reminder:** Prompts you to move after periods of inactivity.
- **Drinking Reminders:** Helps you stay hydrated.
- **Breathing Training:** Guided breathing exercises for relaxation.

# MORE PRACTICAL FUNCTIONS

## MAINTENANCE

### Water Resistance

The LaNikar Smart Watch is designed to withstand daily exposure to water, such as hand washing and jogging in the rain. However, it is **not suitable** for swimming, diving, showering, or sauna use. Avoid exposing the watch to hot water or steam, as this can compromise its water resistance.

## Cleaning

To clean your smartwatch, gently wipe the screen and body with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which can damage the watch's finish or screen.

## TROUBLESHOOTING

### Connectivity Issues

- **Watch not connecting to phone:** Ensure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again through the FitCloudPro app.
- **Notifications not appearing:** Check app permissions in your phone's settings to ensure FitCloudPro has access to notifications. Verify that 'Do Not Disturb' mode is not active on the watch.

### Battery Life Concerns

- **Shorter than expected battery life:** Frequent use of features like calls, continuous health monitoring, and screen brightness can reduce battery life. Try adjusting settings in the FitCloudPro app to optimize power consumption.
- **Watch not charging:** Ensure the charging cable is securely connected to both the watch and the power source. Try a different USB port or power adapter.

### Inaccurate Data

- **Health data discrepancies:** Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Avoid excessive movement during measurements.
- **GPS tracking issues:** Ensure your smartphone's GPS is active and the FitCloudPro app has location permissions, as the watch uses your phone's GPS.

## SPECIFICATIONS

Feature	Detail
Brand	LaNikar
Model	KE3
Display Size	1.45 Inches
Display Resolution	360 x 360
Display Type	LCD, TFT
Battery Capacity	300 mAh
Battery Type	Lithium Polymer
