- [Warranty & Support](#)

1. INTRODUCTION

Thank you for choosing the Liu Jo Eye Gleam Silver Smartwatch, model SWLJ069. This manual provides essential information to help you set up, operate, and maintain your device. Please read these instructions carefully before using your smartwatch to ensure optimal performance and longevity.

Image 1.1: The Liu Jo Eye Gleam Silver Smartwatch. This image shows the smartwatch with its silver casing and a clear display, worn on a wrist.

2. SETUP

2.1. Initial Charging

Before first use, fully charge your smartwatch. Connect the charging cable to the charging port on the back of the watch and plug the USB end into a compatible power adapter (not included) or a computer's USB port. The battery icon on the screen will indicate charging status. A full charge typically takes approximately 2 hours.

2.2. Powering On/Off

- **To Power On:** Press and hold the side button until the Liu Jo logo appears.
- **To Power Off:** Press and hold the side button, then select "Power Off" on the screen.

2.3. Pairing with Your Smartphone

Your smartwatch connects to your smartphone via Bluetooth. Follow these steps:

1. Ensure your smartphone's Bluetooth is enabled.
2. Download and install the official Liu Jo Smartwatch application from your smartphone's app store (iOS App Store or Google Play Store).
3. Open the app and follow the on-screen instructions to create an account or log in.
4. In the app, select "Add Device" or "Pair New Device" and choose your Liu Jo Eye Gleam Smartwatch from the list of available devices.
5. Confirm the pairing request on both your smartphone and the smartwatch.

Once paired, your smartwatch will synchronize time, notifications, and health data with your smartphone.

3. OPERATING YOUR SMARTWATCH

3.1. Touchscreen Navigation

The smartwatch features a responsive touchscreen interface. Use the following gestures:

- **Tap:** Select an item or confirm an action.
- **Swipe Up/Down:** Scroll through menus or notifications.
- **Swipe Left/Right:** Navigate between different screens or widgets.
- **Press and Hold:** Access additional options or change watch faces.

3.2. Time Display and Watch Faces

The primary function of your smartwatch is to display the time. You can customize the watch face by pressing and holding the current watch face, then swiping to select a new design. Additional watch faces may be available through the companion app.

3.3. Activity and Health Monitoring

Your smartwatch includes various monitoring features to help track your health and activity. These may include:

- Step counting
- Distance traveled
- Calorie burn estimation
- Sleep tracking
- Heart rate monitoring (if applicable, check specifications)

Access these features by swiping through the watch's screens or through the companion app on your smartphone. Data collected is for informational purposes and should not be used for medical diagnosis. Please note that this model does not feature GPS functionality.

3.4. Notifications

Once paired with your smartphone, the smartwatch can display notifications for calls, messages, and other app alerts. Manage notification settings within the Liu Jo Smartwatch app on your phone.

4. MAINTENANCE

4.1. Cleaning Your Smartwatch

To keep your smartwatch in good condition:

- Wipe the screen and casing with a soft, lint-free cloth.
- For stubborn marks, lightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

- Ensure the charging contacts are clean and dry before charging.

4.2. Battery Care

The smartwatch is powered by a Lithium-ion battery. To prolong battery life:

- Avoid exposing the device to extreme temperatures.
- Charge the battery regularly, avoiding complete discharge whenever possible.
- If storing the device for an extended period, charge it to about 50% before storage.

4.3. Water Resistance

Specific water resistance ratings are not provided in the product specifications. To prevent damage, avoid submerging the smartwatch in water or exposing it to high-pressure water jets. It is generally recommended to remove the smartwatch before showering, swimming, or engaging in water sports.

5. TROUBLESHOOTING

If you encounter issues with your smartwatch, try the following solutions:

Problem	Possible Solution
Smartwatch does not turn on.	Ensure the device is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	<ul style="list-style-type: none"> • Ensure Bluetooth is enabled on your smartphone. • Make sure the smartwatch is within range of your phone. • Restart both your smartwatch and smartphone. • Check if the Liu Jo Smartwatch app is updated to the latest version.
Notifications are not received.	<ul style="list-style-type: none"> • Verify that the smartwatch is successfully paired with your phone. • Check notification settings within the Liu Jo Smartwatch app and your phone's system settings. • Ensure the app has necessary permissions.
Screen is unresponsive.	Restart the smartwatch by pressing and holding the side button. If the issue persists, ensure the screen is clean and dry.
Battery drains quickly.	<ul style="list-style-type: none"> • Reduce screen brightness. • Limit background app refresh. • Disable unnecessary features. • Ensure the smartwatch is not constantly searching for a Bluetooth connection.

If these steps do not resolve the issue, please refer to the Warranty & Support section for further assistance.
