SEDETA 69-inch Gaming and Office Computer Desk Instruction Manual

Model: home-office-desks-69-1

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your SEDETA 69-inch Gaming and Office Computer Desk. Please read this manual thoroughly before beginning assembly or use to ensure proper setup and safe operation.

SAFETY WARNINGS

Important Safety Information:

- Proper assembly is required. Ensure all components are securely fastened according to the assembly instructions.
- The maximum weight capacity for this desk is 352 lbs (160 kg). Do not exceed this limit to prevent damage or injury.
- Keep small parts away from children during assembly.
- Do not stand or sit on the desk.
- Avoid placing hot items directly on the desk surface without protection.

PACKAGE CONTENTS

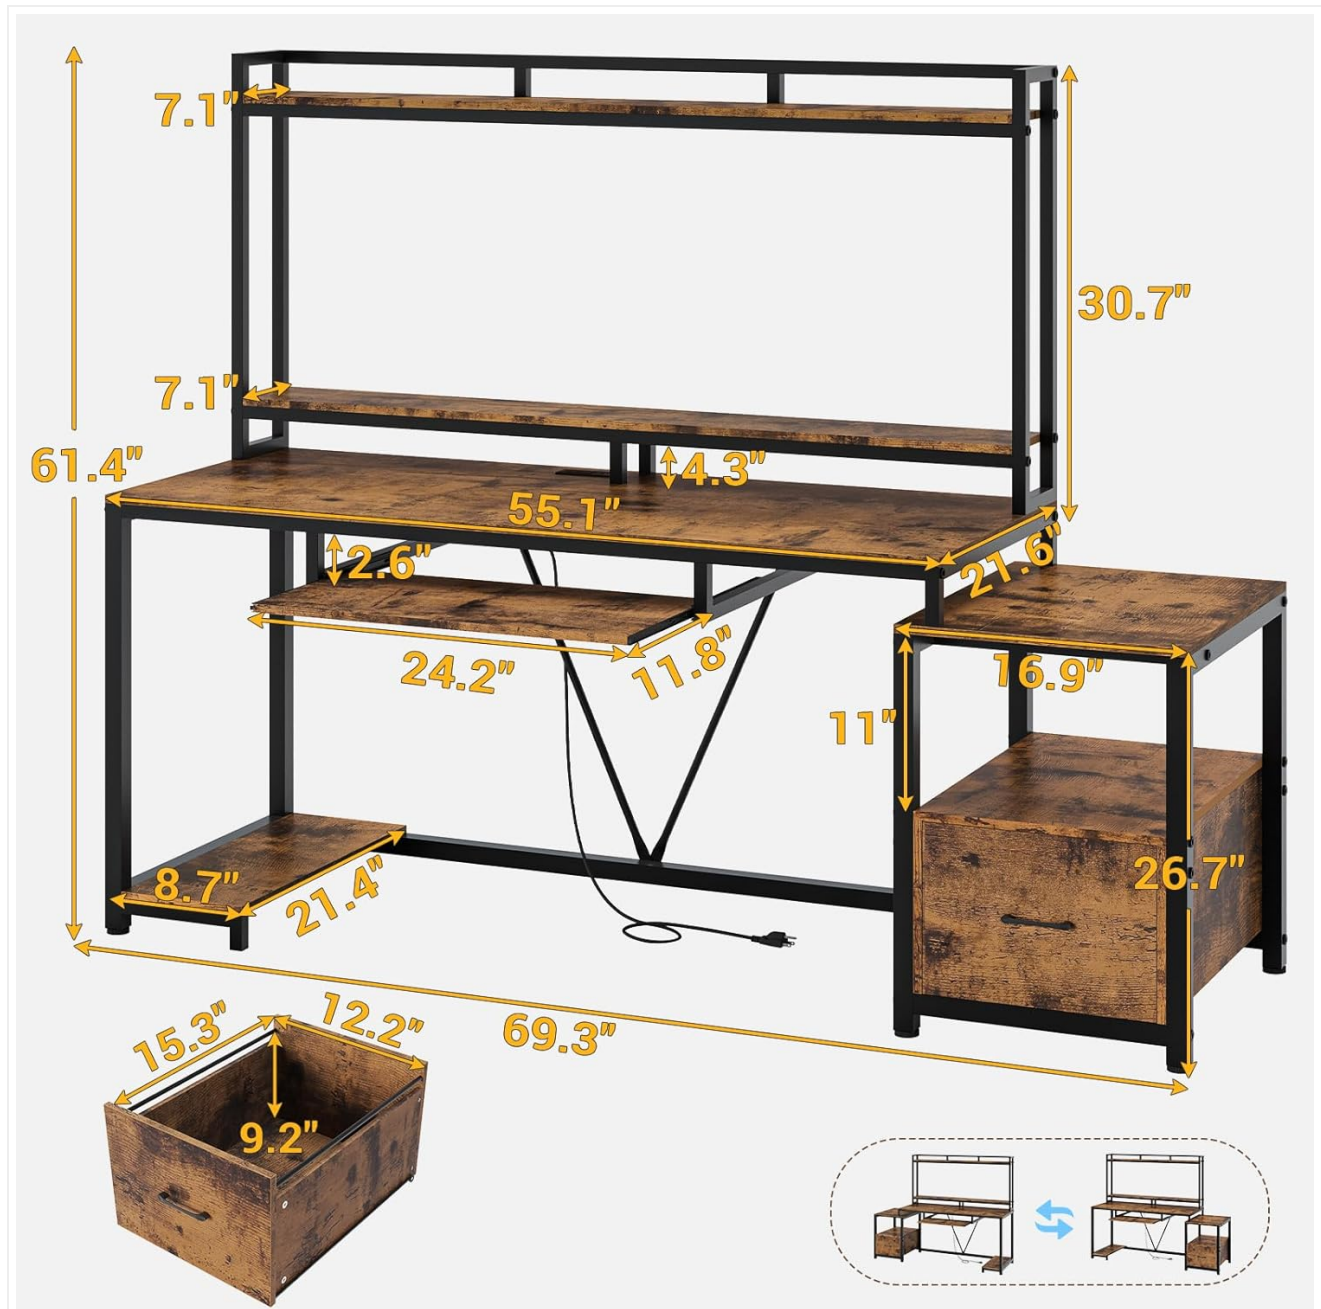

Before beginning assembly, verify that all parts listed in the included assembly guide are present and undamaged. If any parts are missing or damaged, please contact customer service.

SETUP AND ASSEMBLY

Assembly of the SEDETA 69-inch Gaming and Office Computer Desk requires two people. Please follow the step-by-step instructions provided in the separate assembly manual included with your product. Ensure all screws and

fasteners are tightened securely before use.

The desk features a reversible design, allowing the side file cabinet and storage shelves to be positioned on either the left or right side to suit your space and preference. Refer to the assembly manual for specific instructions on configuring the desk for left or right orientation.

This image illustrates the overall dimensions of the desk and highlights its reversible design, allowing the storage unit to be placed on either side during assembly.

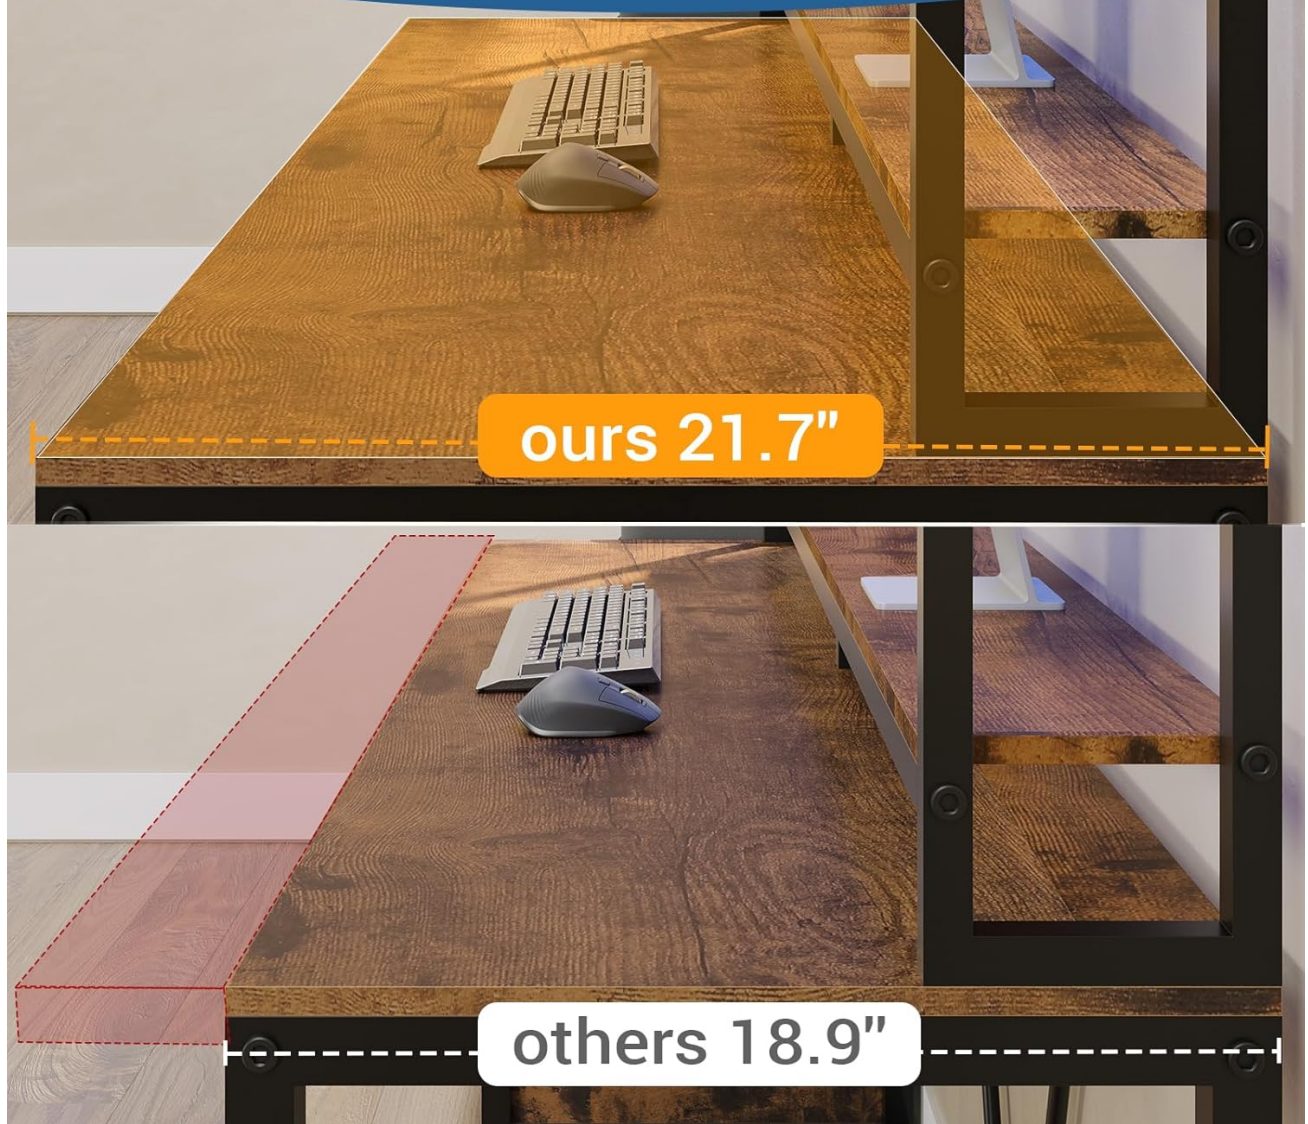

OPERATING INSTRUCTIONS

LED Light Strips

The desk is equipped with RGB LED light strips for customizable lighting. These lights can be controlled via a dedicated mobile application or a physical key control unit.

- **APP Control:** Download the specified mobile application (refer to the LED light strip manual for app details) to access over 60,000 colors, 29 flashing modes, music sync function, and a timer function. The built-in sensitivity-adjustable microphone allows the light color to change with sound and music rhythm.
- **Key Control:** Use the inline key control unit to cycle through basic colors and modes.

Bigger than others

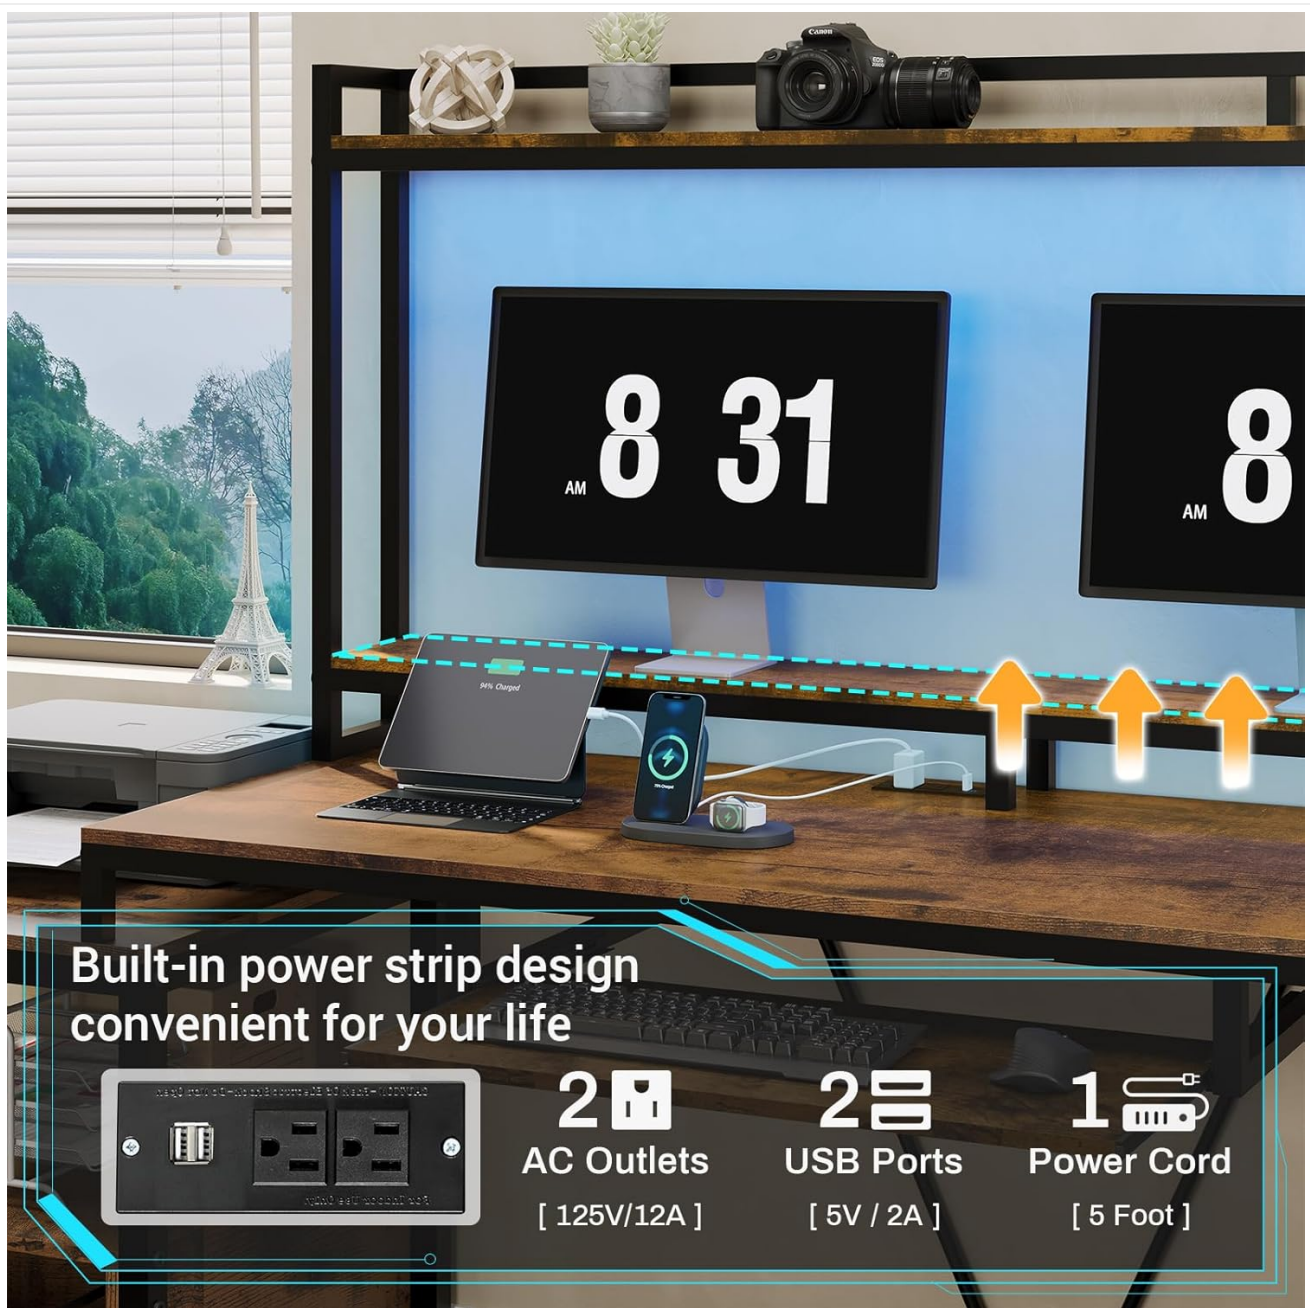

This image demonstrates the LED light strip features, including control options and various lighting effects.

Built-in Power Strip

The desk includes a built-in power strip for convenient access to power. It features:

- 2 AC Outlets (125V/12A)
- 2 PowerIQ-enabled USB Charging Ports (5V/2A)
- 1 Power Cord (5 feet)

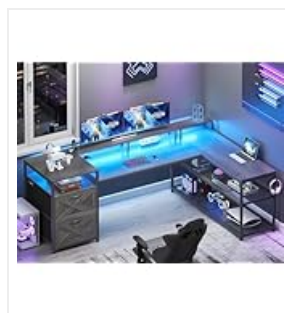

This allows you to power up to four devices simultaneously. Ensure devices are compatible with the provided voltage and amperage.

This image details the integrated power strip, highlighting the AC outlets and USB ports for device charging.

Keyboard Tray

The pull-out keyboard tray is designed to accommodate most standard 108-key or 87-key keyboards along with a mouse, freeing up desktop space. It features smooth sliding mechanisms for ease of use.

This image displays the keyboard tray in use, demonstrating its capacity for a keyboard and mouse.

File Drawer and Storage Shelves

The desk includes a file drawer suitable for letter-sized documents and multiple storage shelves. The file cabinet can be positioned on either the left or right side during assembly. The top bookshelf provides additional space for files, books, or decorative items.

This image illustrates the functionality of the file drawer for letter-sized documents and the general storage drawer.

Monitor Shelf and CPU Holder

The integrated monitor shelf is designed to raise monitors to an ergonomic height, reducing strain on the neck and back. A dedicated CPU holder is also provided to keep your computer tower off the floor and easily accessible.

This image displays a monitor positioned on the elevated shelf, demonstrating its ergonomic benefit.

This image displays a computer tower on the dedicated CPU holder, illustrating its placement and function.

MAINTENANCE

To ensure the longevity and appearance of your SEDETA desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Clean spills immediately to prevent staining.
- **Fasteners:** Periodically check all screws and connections to ensure they remain tight. Retighten as necessary.
- **LED Strips:** If the LED strip adhesive weakens, use additional adhesive clips or tape to secure it.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk feels unstable or wobbly.	Loose fasteners or uneven floor.	Ensure all assembly screws are fully tightened. Adjust floor levelers if present, or place shims under legs on uneven surfaces.
LED lights not working.	Power connection issue, faulty strip, or controller problem.	Check if the power adapter is securely plugged in. Ensure the LED strip is correctly connected to the controller. If issues persist, contact customer support.
Keyboard tray does not slide smoothly.	Obstruction in the rails or damaged glides.	Inspect the rails for any debris or obstructions. Ensure the glides are properly installed and undamaged. Lubricate with a silicone-based spray if necessary.
Missing or damaged parts upon arrival.	Shipping damage or packaging error.	Do not proceed with assembly. Contact SEDETA customer service immediately for free replacement parts or a partial refund.
