## Lenovo GY21M72722

# Lenovo Legion Glasses User Manual

Model: GY21M72722

<a href="#">Introduction</a>	<a href="#">What's in the Box</a>	<a href="#">Setup</a>	<a href="#">Operating Warranty &amp; Support</a>	<a href="#">Maintenance</a>	<a href="#">Troubleshooting</a>
	<a href="#">Specifications</a>				

## 1. INTRODUCTION

This manual provides instructions for the proper use, setup, and maintenance of your Lenovo Legion Glasses. Please read this manual thoroughly before using the device to ensure optimal performance and safety.

The Lenovo Legion Glasses are designed to provide a portable, large-screen viewing experience through advanced Micro OLED technology. They feature integrated stereo speakers and connect via USB-C, offering compatibility with a wide range of devices.

## 2. WHAT'S IN THE BOX

---

Verify that all items are present in the package:

- Lenovo Legion Glasses
- USB-C Cable
- 2 x Adjustable Nose Pads (various sizes)
- Protective Case
- Prescription Lens Frame
- Anti-slip Adapter

Figure 2: Included components of the Lenovo Legion Glasses.

## 3. SETUP

---

### 3.1 Adjusting Nose Pads

Select the nose pads that provide the most comfortable and secure fit. Gently attach them to the glasses frame. Proper fit ensures optimal viewing alignment.

### 3.2 Using Prescription Lens Frame

If you wear prescription glasses, insert your custom prescription lenses into the provided frame. Then, attach this frame to the inside of the Legion Glasses.

Figure 3: Prescription lens frame installed in the glasses.

### 3.3 Connecting to Devices

The Lenovo Legion Glasses are designed for Plug & Play functionality via USB-C. Connect the USB-C cable from the glasses to a compatible device (e.g., Android phone, Apple device, laptop, game console).

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off

The glasses power on automatically when connected to a powered USB-C port and power off when disconnected.

### 4.2 Display and Audio

Once connected, the glasses will project a virtual display. The integrated stereo speakers will provide audio. Ensure your connected device's audio output is set to the Legion Glasses if sound is not automatically routed.

Figure 5: User experience with the virtual display.

### 4.3 Adjusting Brightness/Volume

Brightness and volume adjustments are typically controlled through the connected device's settings. Refer to your device's user manual for specific instructions.

## 5. MAINTENANCE

### 5.1 Cleaning the Lenses

Use a soft, lint-free cloth specifically designed for optical lenses to clean the display surfaces. Do not use abrasive materials or harsh cleaning chemicals.

### 5.2 General Care

- Store the glasses in their protective case when not in use to prevent scratches and damage.
- Avoid exposing the glasses to extreme temperatures or direct sunlight for extended periods.
- Do not attempt to disassemble the glasses, as this will void the warranty.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No display/black screen	Loose USB-C connection Incompatible device Device not providing power	Ensure USB-C cable is securely connected to both the glasses and the device. Verify your device supports video output over USB-C. Check if the connected device is powered on and has sufficient battery.
No audio	Audio output not routed to glasses Volume too low	Check your device's audio settings and select the Legion Glasses as the output device. Increase the volume on your connected device.
Image blurry or out of focus	Improper fit/nose pad selection Need for prescription lenses	Adjust nose pads for a better fit and optimal eye alignment with the display. If you require corrective vision, use the provided prescription lens frame with your custom lenses.

## 7. SPECIFICATIONS

<b>Model Name</b>	GY21M72722
<b>Brand</b>	Lenovo
