Bruni Screen Protector for Hytera PNC460 - Instruction Manual

Model: Bruni Basics-Clear 4052225168030

1. INTRODUCTION

This manual provides comprehensive instructions for the installation, use, and maintenance of your Bruni crystal clear screen protector, specifically designed for the Hytera PNC460 device. Our protective films are engineered for optimal display protection, ensuring clarity and touch sensitivity.

PROTECT YOUR VALUABLE DEVICE!

Since 2007, Bruni has stood for high-quality screen protection that sets standards. Our protective films are custom-fit, durable and innovative – developed for the perfect protection of your device.

2. PRODUCT FEATURES

The Bruni screen protector offers a range of features designed to enhance your device's durability and usability:

- **Precision Fit:** Accurately developed and laser-cut for the Hytera PNC460.
- **Scratch Resistance:** Made of highly transparent PET material and laser-cut on state-of-the-art machines.
- **Bubble-Free Application:** Can be applied easily and without bubbles.
- **Residue-Free Removal:** Can be removed or repositioned at any time without leaving residue.
- **Optimal Adhesion:** Glue-free film ensures optimal edge adhesion without slipping.
- **Touch Sensitivity:** Optimized for touch displays, ensuring unadulterated screen content and no impairment of usability.
- **Crystal Clear:** Provides crystal clear protection with no color attenuation.
- **Made in Germany:** Manufactured with high-quality standards.

3.1. Package Contents

Before you begin, ensure all components are present:

- Bruni Screen Protector (2X)
- Mounting Tool (Squeegee)
- Microfiber Cleaning Cloth
- Detailed Assembly Instructions (separate leaflet)

Lieferumfang

Displayschutzfolie

Montagewerkzeug

Mikrofaser Tuch

Montageanleitung

3.2. Preparation

1. **Clean Your Device:** Thoroughly clean the screen of your Hytera PNC460 using the provided microfiber cloth to remove all dust, fingerprints, and smudges. Ensure the screen is completely dry.
2. **Dust-Free Environment:** Perform the installation in a clean, dust-free environment to prevent particles from getting trapped under the protector.

3.3. Application Steps

1. **Peel Off Layer 1:** Carefully peel back a small portion of the protective film labeled "Layer 1" (or similar indicator) from one end. Avoid touching the adhesive side.
2. **Align and Apply:** Align the exposed adhesive edge of the screen protector with the corresponding edge of your device's screen. Once aligned, slowly and steadily lower the protector onto the screen, peeling off "Layer 1" as you go.
3. **Smooth Out Bubbles:** Use the provided mounting tool (squeegee) to gently push out any air bubbles towards the edges of the screen. Start from the center and work your way outwards. For stubborn bubbles, you can slightly lift

the protector and reapply, then smooth again.

4. **Remove Layer 2:** Once the protector is fully applied and all bubbles are removed, carefully peel off the top protective layer, usually labeled "Layer 2" or with a tab.

Note: Small bubbles may disappear naturally within 24-48 hours.

4. OPERATING AND USAGE

Once installed, your Bruni screen protector requires no special operation. It is designed to seamlessly integrate with your Hytera PNC460, preserving full touch functionality and display clarity.

- **Touch Sensitivity:** The protector maintains the original touch sensitivity of your device.
- **Display Clarity:** Enjoy crystal clear viewing without any distortion or color attenuation.
- **Protection:** The film provides a durable barrier against scratches, dust, and minor impacts.

5. MAINTENANCE AND CARE

To ensure the longevity and continued clarity of your Bruni screen protector, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth (like the provided microfiber cloth) to gently wipe the screen protector. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Avoid Sharp Objects:** While the protector is scratch-resistant, extreme pressure or sharp objects can still damage it.
- **Temperature:** Avoid exposing your device with the protector to extreme temperatures, as this can affect the film's adhesion.

6. TROUBLESHOOTING

If you encounter any issues during or after installation, refer to the following common solutions:

Problem	Solution
Bubbles under the protector	Most small bubbles will disappear within 24-48 hours. For larger bubbles, gently push them towards the nearest edge using the squeegee. If a bubble persists due to dust, carefully lift the nearest edge of the protector, remove the dust with a piece of tape, and reapply.
Dust particles trapped	This usually occurs during installation. If possible, carefully lift the edge of the protector near the dust particle, use a piece of tape to dab and remove the dust from both the screen and the adhesive side of the protector, then reapply. Ensure a dust-free environment for future attempts.
Protector not adhering properly	Ensure the screen was thoroughly cleaned and dry before application. Oil or residue can prevent adhesion. If the issue persists, the protector might be damaged or defective; consider using the second protector provided in the pack.
Edges lifting	Ensure proper alignment during installation. Use the squeegee to firmly press down the edges after application. Avoid immediate contact with the edges after installation to allow the adhesive to set.

7. SPECIFICATIONS

Attribute	Detail
Compatible Device	Hytera PNC460
Material	Polyethylenerephthalat (PET)
Item Hardness	4H
Finish Type	Glossy (Glänzend)
Screen Surface Description	Smooth (Glatt)
Product Dimensions	5.16 x 2.64 x 0.5 inches (Packaging) / 5.1"L x 2.6"W (Film)
Item Weight	0.317 ounces
Number of Items	2 (Protector Films)
Manufacturer	atFoliX GmbH
Country of Origin	Germany

8. WARRANTY AND SUPPORT

Bruni products are manufactured with high-quality standards. For specific warranty information or technical support, please refer to the documentation included with your purchase or contact the manufacturer directly.

Manufacturer: atFoliX GmbH

For further assistance, you may visit the Bruni website or contact their customer service. Please have your product model number (Bruni Basics-Clear 4052225168030) and purchase details ready.
