PACKAGE CONTENTS

Ensure all items are present in the package:

- Samsers Foldable Bluetooth Keyboard with Touchpad
- USB Charging Cable
- Phone Stand Holder
- User Manual (this document)

SETUP INSTRUCTIONS

1. Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided USB charging cable to the keyboard's charging port and a USB power source. The charging indicator light will illuminate during charging and turn off when fully charged. A full charge typically takes 2-3 hours and provides approximately 48 hours of working time or 560 hours of standby time.

2. Powering On/Off

- **To Power On:** Unfold the keyboard. The power indicator light will turn on.
- **To Power Off:** Fold the keyboard. The power indicator light will turn off.

3. Bluetooth Pairing

Follow these steps to pair your keyboard with a device:

1. Unfold the keyboard to power it on.
2. Press the **Connect button** located on the side of the keyboard. The Bluetooth indicator light will begin to flash, indicating it is in pairing mode.
3. On your device (smartphone, tablet, laptop), navigate to the Bluetooth settings.

4. Search for available Bluetooth devices and select "Samsers Keyboard" (or similar name) from the list.
5. If prompted, enter the pairing code displayed on your device using the keyboard and press **Enter**.
6. Once paired, the Bluetooth indicator light on the keyboard will stop flashing and remain solid or turn off, depending on the model. The keyboard will automatically connect to the last paired device when unfolded.

OPERATING INSTRUCTIONS

1. Operating System Switching

To ensure proper functionality with your device, switch the keyboard to the correct operating system mode:

- For iOS devices: Press **Fn + Q**
- For Android devices: Press **Fn + W**
- For Windows devices: Press **Fn + E**

2. Touchpad Functionality

The integrated touchpad supports multi-touch gestures for navigation and control. This allows for mouse-

like functionality without an external mouse. **Note:** Touchpad functionality is not supported on iOS versions 13.4 and below, or Android versions 3.0 and below.

Highly Sensitive Touchpad

Not for systems below iOS13.4

Image: A close-up of the keyboard's touchpad, emphasizing its sensitivity and multi-touch capabilities.

3. Hotkeys and Media Keys

The keyboard includes various hotkeys and media keys for quick access to functions such as volume control, playback, and screen brightness. These functions are typically accessed by pressing the **Fn** key in combination with the corresponding function key (F1-F12).

4. Automatic Sleep Mode

To conserve battery life, the keyboard will enter an automatic sleep mode after 10 minutes of inactivity. To wake the keyboard, simply press any key.

MAINTENANCE

Cleaning

To clean the keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the finish or internal components. Ensure the keyboard is powered off and disconnected from any power source before cleaning.

Storage

When not in use, fold the keyboard to protect the keys and touchpad. Store it in a cool, dry place away from direct sunlight and extreme temperatures. The compact folded size makes it easy to carry in a bag or pocket.

TROUBLESHOOTING

- **Keyboard not connecting via Bluetooth:**

Ensure the keyboard is charged and powered on. Press the Connect button to enter pairing mode. Check your device's Bluetooth settings to ensure it is discoverable and try re-pairing. Ensure the keyboard is within the 10-meter operating range. Note that this keyboard is not compatible with various computer sticks.

- **Touchpad not working:**

Verify that your device's operating system is compatible. The touchpad does not support iOS 13.4 and below or Android 3.0 and below. Ensure the keyboard is in the correct OS mode (Fn+Q/W/E).

- **Keys are unresponsive or stuck:**

Gently inspect the keys for any debris or obstructions. If a key is physically stuck, carefully try to dislodge any foreign material. If the issue persists, contact customer support.

- **Keyboard not charging:**

Ensure the USB cable is securely connected to both the keyboard and the power source. Try using a different USB cable or power adapter.

- **Keyboard folds unexpectedly on soft surfaces:**

The keyboard's folding design is intended for portability. For stable use, especially on soft or uneven surfaces, ensure it is placed on a flat, firm surface to prevent unintended folding.

SPECIFICATIONS

Feature	Detail
