2. SAFETY INFORMATION

Important Safety Instructions:

- Always follow assembly instructions precisely. Ensure the TV stand is fully and correctly assembled before placing any items on it.
- Do not exceed the maximum weight capacities for the tabletop (110 lbs) and shelves (22 lbs per shelf). Overloading can lead to instability and potential injury.
- Place the TV stand on a flat, level, and stable surface to prevent tipping.
- Keep small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- Manage all cables and cords to prevent tripping hazards and ensure proper ventilation for electronic equipment.
- Regularly check all fasteners to ensure they remain tight. Re-tighten as necessary.
- Do not allow children to climb on or play with the TV stand.

For additional safety, consider securing the TV stand to a wall using anti-tip hardware (not included) to prevent accidental tipping, especially in households with children or pets.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately for assistance.

- All necessary particle board panels (top, bottom, shelves, side panels)
- Metal frame components (legs, X-shaped rear supports)
- Hardware kit (screws, bolts, nuts, adjustable feet, cable management grommets)
- Assembly tools (Allen wrench, small screwdriver)
- Instruction manual

Each component and hardware piece is typically labeled with a number or letter for easy identification during assembly. Refer to the detailed parts list provided in your separate assembly guide.

5. ASSEMBLY INSTRUCTIONS

Assembly of the WLIVE TV Stand is designed to be straightforward. Please follow the step-by-step instructions provided in the separate assembly guide included with your package. It is recommended to assemble the unit with two people to ensure stability and ease of handling.

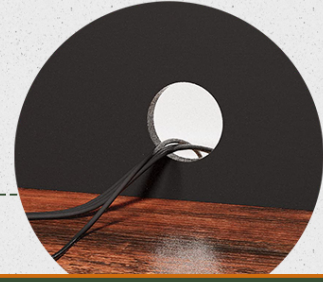

General Assembly Steps:

1. **Prepare Your Workspace:** Clear a spacious area, preferably on a soft surface like a carpet, to prevent scratching the furniture.
2. **Identify Parts:** Lay out all components and hardware. Match them with the labels in the assembly guide.
3. **Assemble the Frame:** Begin by attaching the metal frame components according to the diagrams. The X-shaped rear design enhances stability.
4. **Attach Panels:** Secure the particle board panels to the frame. Ensure all screws are tightened firmly but do not overtighten.
5. **Install Shelves:** Place the adjustable shelves in the middle section at your desired height.
6. **Attach Adjustable Feet:** Screw in the plastic adjustable feet to the bottom of the stand. These help stabilize the unit on uneven floors.
7. **Final Check:** Once assembled, gently shake the unit to ensure it is stable. Re-tighten any loose fasteners.

Tools required for assembly are typically included in the hardware kit.

6. OPERATING INSTRUCTIONS

The WLIVE TV Stand is designed for functional and aesthetic integration into your living space. While it does not have complex operational features, proper usage ensures longevity and optimal performance.

- **TV Placement:** Carefully place your television on the top surface, ensuring it is centered and does not exceed the maximum weight capacity of 110 lbs.
- **Media Device Storage:** Utilize the open storage shelves for media players, gaming consoles, soundbars, and other electronic devices. The extra high open storage on the sides is suitable for taller items like vertical speakers.
- **Cable Management:** The center back panel features pre-drilled holes for cable management. Route your device cables through these holes to maintain a tidy appearance and prevent tangles.
- **Adjustable Shelves:** The middle section includes 3-tier adjustable shelves. You can reposition these shelves to accommodate items of varying heights. To adjust, remove the shelf, reposition the support pins to the desired height, and reinsert the shelf.
- **Leveling:** Use the plastic adjustable feet at the bottom of the stand to fine-tune its levelness on uneven floors or carpets. Rotate the feet clockwise to raise and counter-clockwise to lower.

Adjustable shelf provides ample available space.

7. MAINTENANCE

Proper care and maintenance will help preserve the appearance and extend the lifespan of your WLIVE TV Stand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent moisture damage, especially on the particle board surfaces. The material is designed to be waterproof and scratch-resistant, but prompt cleaning is always recommended.
- **Dusting:** Regularly dust the surfaces with a dry, soft cloth to prevent buildup.
- **Fastener Check:** Periodically inspect all screws and bolts to ensure they are tight. Re-tighten as needed to maintain structural integrity.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.
- **Heat Protection:** While the stand is durable, avoid placing extremely hot items directly on the surface without a protective coaster.

8. TROUBLESHOOTING

If you encounter any issues with your WLIVE TV Stand, please refer to the following common solutions:

- **Instability/Wobbling:**

- Ensure all fasteners are securely tightened.
- Verify the stand is on a level surface. Adjust the plastic leveling feet as necessary.
- Check that all components are correctly aligned according to the assembly instructions.

- **Missing Parts:**

- Carefully re-check all packaging materials to ensure no small parts were overlooked.
- If parts are genuinely missing, contact WLIVE customer support with your product model and a description of the missing items.

- **Difficulty Assembling:**

- Review the assembly instructions step-by-step. Pay close attention to diagrams and part orientations.
- Ensure you are using the correct hardware for each step.
- If possible, enlist the help of another person.

- **Damaged Components:**

- If any component arrived damaged, do not proceed with assembly. Contact WLIVE customer support for replacement parts.

For issues not covered here, or if troubleshooting steps do not resolve the problem, please contact WLIVE customer support.
