SETUP

Powering On/Off

To power on the Srhythm K1 speaker, long press the Play/Pause button located on the side of the device. A blue indicator light will illuminate. To power off, long press the Play/Pause button again until the indicator light turns off.

Bluetooth Pairing

1. Ensure the speaker is powered on and the blue indicator light is blinking, indicating it's in pairing mode.
2. On your smartphone, tablet, or other Bluetooth-enabled device, navigate to the Bluetooth settings.
3. Select "Srhythm K1" from the list of available devices.
4. Once connected, the blue indicator light on the speaker will remain solid.

Auxiliary Input Connection

For non-Bluetooth devices, you can use the included 3.5mm audio cable. Locate the auxiliary port on the side of the speaker (under the protective flap). Plug one end of the 3.5mm audio cable into the speaker's auxiliary port and the other end into the audio output jack of your device.

OPERATING THE SPEAKER

Button Functions

- **Play/Pause Button:** Long press to power on/off. Short press to play or pause audio.
- **Volume Up (+):** Short press to increase volume.
- **Volume Down (-):** Short press to decrease volume.

Custom EQ via App

Enhance your audio experience by downloading the official Srhythm app. The app allows you to customize the speaker's sound with 6 different EQ modes, tailoring the audio output to your preferences.

Wearing and Carrying Options

The Srhythm K1 features an ultra-portable design with a flexible Velcro strap. This strap can be used as a handle or a clip, allowing you to securely fasten the speaker to various items such as your bike handlebars, backpack, or even your wrist. An extender Velcro strap is included for additional versatility.

Easy to Carry and Use

MAINTENANCE

Charging the Speaker

The Srhythm K1 speaker boasts up to 20 hours of continuous music playback at 50% volume. To charge the speaker, connect the included Type-C charging cable to the charging port located under the protective flap on the side of the speaker. Connect the other end to a USB power source. The indicator light will show charging status.

Sufficient for Daily Usage

20H

Cleaning and Waterproofing

The K1 speaker is IPX7 waterproof and dustproof, meaning it is protected against rain, splashes, and can be submerged up to 3.3 feet (1 meter) for 30 minutes. To clean the speaker, simply rinse it with water. Ensure the protective flap covering the charging and AUX ports is securely closed before exposing the speaker to water.

IPX7 Waterproof

Enjoy the music without worries even when you are in the pool

TROUBLESHOOTING

If you encounter any issues with your Srhythm K1 speaker, please refer to the following common solutions:

Problem	Solution
Speaker does not power on.	Ensure the speaker is charged. Connect it to a power source using the Type-C cable. Long press the Play/Pause button.
Cannot pair via Bluetooth.	Make sure the speaker is in pairing mode (blinking blue light). Turn off and on Bluetooth on your device. Ensure no other devices are currently connected to the speaker. Move closer to the speaker.
No sound or low volume.	Increase the volume on both the speaker and your connected device. Check if the speaker is properly connected via Bluetooth or AUX. Ensure the audio source is playing.

Problem	Solution
Sound distortion.	Reduce the volume on both the speaker and your connected device. Ensure the audio file quality is good. Move closer to the speaker if using Bluetooth.
Speaker not charging.	Verify the charging cable is securely connected to both the speaker and the power source. Try a different USB port or power adapter. Ensure the charging port is clean and free of debris.
