Planika Rio Table

Planika Rio Table Outdoor Fireplace Instruction Manual

Model: Rio Table

1. INTRODUCTION

The Planika Rio Table is a versatile outdoor appliance designed to function as both a stylish coffee table and a propane-fueled fire pit. It provides warmth and ambiance for outdoor spaces, enhancing gatherings and extending the usability of your patio or garden. This manual provides essential information for the safe and efficient installation, operation, and maintenance of your Rio Table.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in fire, explosion, property damage, personal injury, or death.

- Ensure proper clearance from combustible materials. Maintain a safe distance from walls, furniture, and other flammable objects.
- Use only approved Liquefied Petroleum Gas (LPG) fuel. Do not use any other fuel types.
- Be aware of potential fire hazards. Never leave the fire pit unattended while in operation.
- Ensure adequate ventilation. Operate the fire pit only in well-ventilated outdoor areas. Do not use indoors or in enclosed spaces.
- Keep children and pets away from the fire pit during operation and while it is cooling down.
- Do not store propane cylinders indoors or in any enclosed area.
- Always refer to the product manual for specific safety instructions provided by the manufacturer.

For additional safety guidelines, consult local fire codes and regulations.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Rio Table Unit (main body with burner)
- Legs (2 units)
- Glass Panels (wind shield)
- Decorative Stones (lava rocks or similar)
- Gas Hose with Regulator
- Protective Cover
- Assembly Hardware (screws, washers, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY

Follow these steps to assemble your Planika Rio Table:

1. **Unpack Components:** Carefully remove all items from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Legs:** Securely attach the two legs to the main table unit using the provided hardware. Ensure all screws are tightened firmly.
3. **Install Glass Panels:** Position the glass wind shields around the burner area. The glass panels are designed to protect the flame from wind and provide a safety barrier.
4. **Place Decorative Stones:** Distribute the decorative stones evenly over the burner pan. Do not obstruct the igniter or burner ports.
5. **Connect Propane Tank:** Connect the gas hose with regulator to a standard propane cylinder (not included). Ensure the connection is tight and check for leaks using a soapy water solution (bubbles indicate a leak).

5. OPERATING INSTRUCTIONS

To operate your Planika Rio Table, follow these steps:

1. **Open Gas Supply:** Slowly open the valve on your propane cylinder.
2. **Ignite the Burner:** Turn the control knob on the table to the 'ON' position, press and hold it down, and simultaneously press the igniter button. Hold the knob for a few seconds after ignition to ensure the flame is established.
3. **Adjust Flame:** Once ignited, release the control knob. You can adjust the flame height by rotating the control knob.
4. **Shut Down:** To turn off the fire pit, turn the control knob to the 'OFF' position. Then, close the valve on the propane cylinder.

Video 5.1: This video demonstrates the features and operation of the Planika Rio Table, including ignition and flame adjustment. It also shows the connection to the propane tank and the use of the protective cover.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Rio Table:

- **Cleaning:** The glass top and powder-coated stainless steel surfaces can be cleaned with a soft cloth and mild detergent. Avoid abrasive cleaners that may scratch the finish.
- **Burner Inspection:** Periodically inspect the burner and gas connections for any signs of wear, damage, or blockages. Ensure the burner ports are clear of debris.
- **Protective Cover:** Use the provided protective cover when the fire pit is not in use to shield it from weather elements, dust, and debris. This helps maintain its appearance and extends its lifespan.

7. TROUBLESHOOTING

If you encounter issues with your Rio Table, refer to the following common troubleshooting tips:

- **No Ignition:**

- Check if the propane tank valve is fully open.
- Ensure the gas hose is securely connected to both the tank and the table.
- Verify that the igniter is sparking. If not, check the battery (if applicable) or ensure the igniter pin is clean and properly positioned.
- Ensure the control knob is pressed and held during ignition.

- **Low Flame:**

- Check the propane tank level; it might be low.
- Ensure the gas regulator is functioning correctly.
- Inspect the burner ports for any blockages.

- **Gas Odor:**

- Immediately turn off the gas supply at the tank.
- Check all gas connections for leaks using a soapy water solution.
- If the odor persists or a leak is detected, do not operate the fire pit. Contact a qualified technician.

For persistent issues, contact Planika customer support.

8. SPECIFICATIONS

Specification	Detail
Brand	Planika
Model Number	Rio Table
Material	Glass, Metal
Product Dimensions	26"D x 41.7"W x 18.1"H
Style	Modern
Finish Type	Matte
Shape	Rectangular
Item Weight	40 Pounds
Fuel Type	Liquefied Petroleum Gas
Color	Black

9. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the documentation included with your product or visit the official Planika website. Keep your proof of purchase for any warranty claims.
