IAGREEA B10KW1-2

IAGREEA Automatic Nut Milk Maker Machine User Manual

Model: B10KW1-2

Your guide to fresh, homemade plant-based beverages.

1. PRODUCT OVERVIEW

The IAGREEA Automatic Nut Milk Maker Machine is designed to simplify the creation of fresh, homemade plant-based milks and other beverages. Its intuitive digital touch control and multiple pre-set programs allow for easy preparation of various drinks, from almond milk to fresh juices.

Key Features:

- **Easy to Use:** Digital touch control for one-touch operation.
- **35oz Large Capacity:** Ideal for single-batch preparation.
- **8-in-1 Settings:** Includes Juice, Soymilk, Almond Milk, Milk Shake, Boil Water, Oat Milk, Rice Paste, and Self-Clean programs.
- **Delay Start:** Program preparation up to 12 hours in advance.
- **Automatic Heat Preservation:** Select programs support 2 hours of automatic heat preservation.
- **Easy to Clean:** Features an ultra-durable nonstick interior and an 11-minute self-cleaning cycle.
- **10-Blade System:** Ensures smooth and creamy results.

The IAGREEA Automatic Nut Milk Maker Machine, designed for ease of use and versatility in preparing plant-based beverages.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using the appliance to prevent injury or damage.

- Ensure the voltage of the machine (120V/60HZ) matches your power supply.
- Do not use the small lid on top to add seasonings during heated procedures to avoid burns.
- Keep the power interface dry. Do not wet the bottom of the machine during cleaning or operation.
- Always ensure the blender cup lid is properly installed and locked before operation to prevent E2 errors and ensure safety.

- Keep hands and utensils out of the pitcher during operation.
- Unplug the appliance when not in use and before cleaning.

3. PRODUCT COMPONENTS

Familiarize yourself with the main components of your nut milk maker:

- **Heat Sink Design:** For efficient heat dissipation.
- **304 Stainless Steel Cup Body:** Durable and food-grade material.
- **10 Steel Knife Combination:** High-performance blades for effective blending.
- **All-Copper Machine:** Ensures reliable motor performance.
- **LED Control Panel:** Digital interface for program selection and operation.
- **Top Breathable Hole:** Emits steam safely during heated processes.
- **Food Grade Plastic (BPA Free):** For safe food contact parts.

Cleaning instructions

Illustration of correct lid installation to prevent E2 error, ensuring the safety lock is engaged.

4. SETUP AND FIRST USE

Before first use, and after each use, ensure the machine is properly cleaned.

Initial Cleaning:

1. Wipe the exterior of the machine with a damp cloth.
2. Clean the interior of the stainless steel cup and blades using the provided cleaning brush and scrub sponge.
3. Perform a self-clean cycle with water (refer to 'Cleaning and Maintenance' section).

Placement:

Place the machine on a stable, flat, and dry surface, away from heat sources and direct sunlight.

Product dimensions: 5.9 inches (15cm) wide and 11.22 inches (28.5cm) tall, suitable for countertop use.

5. OPERATING INSTRUCTIONS

Follow these steps to prepare your desired beverage:

1. **Add Ingredients:** Place your desired nuts, grains, or fruits into the stainless steel cup. Use the measuring cup for accurate portions.

Step 1: Add ingredients and water/milk to the machine.

2. **Close the Lid:** Securely place the lid on the machine. Ensure it is properly aligned and locked to avoid an E2 error.

Step 2: Close the lid securely.

3. **Select Program:** Use the digital touch control panel to select your desired program (e.g., Soymilk, Nut Milk, Juice).

Step 3: Select the desired program using the touch panel.

4. **Start Operation:** Press the 'Start' button to begin the process.

Step 4: Press 'Start' to begin the process.

Program Functions and Timings:

Program	Approx. Timing	Heating Function
Milk Shake	3 mins	No
Nut Milk	8 mins	No
Soymilk	35 mins	Yes
Juice	3 mins	No
Boil Water	10 mins	Yes
Oat Milk	2 mins	No
Rice Paste	23 mins	Yes
Self-Clean	11 mins	Yes

6. CLEANING AND MAINTENANCE

Proper cleaning ensures the longevity and hygiene of your nut milk maker.

Self-Cleaning Function:

The machine features an 11-minute self-cleaning cycle. It is recommended to add water immediately after pouring out the beverage for optimal self-cleaning results.

*Intelligent one-click cleaning, **easy operation***

The machine features an intelligent one-click cleaning function for easy maintenance.

Manual Cleaning:

- Always unplug the machine before manual cleaning.

- Use the provided cleaning brush and scrub sponge to clean the interior and blades.
- **Important:** Do not wet the power interface or submerge the bottom part of the machine in water.

Visual guide for cleaning, emphasizing not to wet the power interface or the bottom of the unit.

7. TROUBLESHOOTING

If you encounter issues with your nut milk maker, refer to the following common problems and solutions:

Common Errors:

- **E1 Error:** If an E1 error occurs and persists, it may indicate a machine malfunction. Contact customer support for assistance.
- **E2 Error:** This error typically indicates that the blender cup lid is not properly installed. Ensure the lid is securely placed and the safety lock is engaged.

Noise During Operation:

The product will produce a certain amount of noise during operation, typically between 70-75dB. This is normal for blending appliances.

Illustration of typical noise levels during operation, ranging from 70-75dB.
