Package Contents

Upon opening your ALKAI Smart Watch package, you should find the following items:

- Smart Watch x1
- Magnetic USB Cable x1
- User Manual x1

Setup

1. **Charging the Smart Watch:** Connect the magnetic USB cable to the charging points on the back of the watch and to a USB power source. Ensure the watch is fully charged before first use.
2. **Powering On:** Long press the power button located on the side of the watch to turn it on.
3. **App Download:** Refer to the user manual or the watch screen for instructions to download the companion application on your smartphone.
4. **Pairing with Smartphone:**
    - Enable Bluetooth on your smartphone.
    - Open the companion app and follow the on-screen instructions to search for and connect to your ALKAI Smart Watch.
    - Confirm the pairing request on both your watch and smartphone.
5. **Initial Setup:** Once paired, the app will guide you through setting up personal information, time format, units, and notification preferences.

Operating Instructions

Navigation

The ALKAI Smart Watch features a 2.02-inch HD touch display and physical buttons for navigation. Swipe left/right, up/down to access different functions and menus. Use the side buttons for quick access to specific features like the menu or sports modes.

Bluetooth Calling & AI Assistant

The watch is equipped with dual smart chips for seamless Bluetooth calling and AI voice assistant functionality. You can answer/dial calls directly from your wrist and use voice commands to interact with the AI assistant for various tasks.

Additional Features

- **Remote Camera Control:** Control your smartphone's camera directly from your watch.
- **Music Control:** Manage your music playback (play, pause, skip tracks) on your paired device.
- **Alarms:** Set and manage alarms directly from the watch.
- **Weather Forecasts:** Get real-time weather updates on your wrist.
- **Customizable Watch Faces:** Personalize your watch with a variety of pre-installed or custom watch faces.
- **Gaming Arena:** Engage in simple games available on the watch.
- **Find My Phone:** Use the watch to locate your paired smartphone.

Battery Life

The watch features a 350mAh battery, optimized with an AI algorithm for minimal power consumption. Expect up to 14 days of normal use, 50 days of standby time, and 3-5 days of deep usage on a single charge. A quick 30-minute charge can provide sufficient power for essential features.

Specifications

Feature	Detail
Model Name	N27

Brand	ALKAI
Screen Size	2.02 Inches
Shape	Square
GPS	No GPS
Wireless Communication Standard	Bluetooth
Connectivity Technology	Bluetooth
Battery Capacity	350 mAh
Special Features	Multisport Tracker, Weather Forecast, Voice Control, Phone Call, Notifications
Operating System	Android (compatible)
Water Resistance	5ATM
Item Weight	5.3 ounces
Manufacturer	ALKAI

Maintenance

- **Cleaning:** Regularly wipe the watch and strap with a soft, damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly. Ensure the watch is dry before charging.
- **Charging:** Use only the provided magnetic USB cable for charging. Avoid exposing the charging contacts to water or corrosive liquids.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place. It is recommended to charge the watch periodically to maintain battery health.
- **Water Exposure:** While 5ATM waterproof, avoid prolonged exposure to hot water, steam, or high-pressure water jets, as this may compromise the seal. After swimming in saltwater, rinse the watch with fresh water and dry it thoroughly.

Troubleshooting

Problem	Possible Solution
Watch does not power on	Ensure the watch is fully charged. Long press the power button for several seconds. If unresponsive, try a soft reset (refer to app or full manual for specific instructions).
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone and the watch is in pairing mode. Restart both devices. Check the app for specific pairing instructions. Ensure the app has necessary permissions.
Notifications not received	Check app notification settings on both the watch and your phone. Ensure the app is running in the background and has access to notifications. Disable "Do Not Disturb" mode on the watch.
Inaccurate step count/health data	Ensure the watch is worn snugly on your wrist. Calibrate the watch through the companion app if available. Note that environmental factors and individual movement patterns can affect accuracy.

Short battery life	Reduce screen brightness, disable unnecessary features (e.g., always-on display), limit frequent heart rate monitoring, and ensure background app usage is optimized on your phone.

Warranty and Support

For warranty information, technical support, or service inquiries, please refer to the contact details provided in the original product packaging or visit the official ALKAI website. Keep your proof of purchase for warranty claims.
