SETUP

1. Charging the Smart Watch

Before initial use, fully charge your smart watch. Connect the USB charging cable to the charging contacts on the back of the watch and plug the USB end into a compatible USB power adapter (not included) or a computer's USB port.

- Align the magnetic charging pins with the contacts on the back of the watch.
- A charging indicator will appear on the watch screen.
- Charging typically takes approximately 2 hours.

2. Pairing with Your Smartphone

To utilize all features, pair your smart watch with your smartphone via the dedicated app. The watch is compatible with both Apple and Android smartphones.

1. **Download the App:** Search for the official Volkano smart watch application in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open the App:** Launch the downloaded application and follow the on-screen instructions to create an account or log in.
4. **Add Device:** Within the app, navigate to the "Add Device" or "Pair Device" section.
5. **Select Your Watch:** The app will scan for nearby devices. Select "Volkano Trend Series" or "VK-5073-GD" from the list.
6. **Confirm Pairing:** Confirm the pairing request on both your smartphone and the smart watch if

prompted.

Once paired, the watch will synchronize data with your phone and receive notifications.

OPERATING INSTRUCTIONS

1. Basic Navigation

The Volkano Active Tech Trend Series Smart Watch features a touch-sensitive display for navigation.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access different features or widgets (e.g., heart rate, steps, weather).
- **Tap:** Select an item or confirm an action.
- **Side Button:** Typically used to wake the screen, return to the home screen, or access the main menu.

2. Heart Rate Monitoring

The smart watch continuously monitors your heart rate. To view your current heart rate:

- Swipe left or right from the home screen until you find the Heart Rate widget.
- The watch will display your current heart rate in beats per minute (BPM).
- For accurate readings, ensure the watch is snug on your wrist, with the sensor making good contact with your skin.

3. Pedometer and Activity Tracking

The built-in pedometer tracks your daily steps, distance, and estimated calories burned.

- Swipe left or right from the home screen to access the Activity Tracking widget.
- View your daily step count, distance covered, and calorie expenditure.
- Detailed activity history can be viewed in the paired smartphone application.

4. Cellphone Notifications

Once paired with your smartphone, the watch can display notifications for calls, messages, and app alerts.

- Ensure notification permissions are enabled for the Volkano app in your smartphone settings.
- Notifications will appear on the watch screen as they are received on your phone.
- Swipe up or down from the home screen to view recent notifications.

5. Water and Dust Resistance

The Volkano Active Tech Trend Series Smart Watch is designed to be water and dust resistant. This means it can withstand splashes, rain, and brief immersion in shallow water. However, it is not suitable for diving, high-pressure water activities, or prolonged submersion. Avoid exposing the watch to hot water or steam.

MAINTENANCE

- **Cleaning:** Wipe the watch and strap regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Strap Care:** The hypo-allergenic strap is designed for comfort. If irritation occurs, discontinue use and consult a doctor. Clean the strap regularly to prevent buildup of sweat and dirt.
- **Charging Contacts:** Keep the charging contacts on the back of the watch clean and dry to ensure efficient charging.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place.

TROUBLESHOOTING

Problem	Solution
Watch does not turn on.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	- Ensure Bluetooth is enabled on your phone. - Make sure the watch is within Bluetooth range of your phone. - Restart both the watch and your smartphone. - Check if the Volkano app is updated to the latest version.
Heart rate or step count is inaccurate.	- Ensure the watch is worn snugly on your wrist, not too tight or too loose. - Clean the sensor on the back of the watch. - Avoid excessive movement during heart rate measurement.
No notifications received.	- Verify that the watch is successfully paired with your phone. - Check notification permissions for the Volkano app in your phone's settings. - Ensure "Do Not Disturb" mode is not active on either device.
